**Department of Revenue  
Tax Policy and Planning Division**

**Income Tax Withholding Tables  
(LAC 61:I.1501)**

Editor's Note: This Notice of Intent is being repromulgated to correct a manifest typographical error. The original Notice of Intent may be viewed in its entirety on pages 308-317 of the February 20, 2026 *Louisiana Register*.

Under the authority of R.S. 47:32, 112, 295, and 1511, and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the Department of Revenue, Tax Policy and Planning Division, hereby proposes to amend LAC 61:I.1501 relative to individual income tax withholding tables and formulas. The primary purpose of this proposed amendment is to update the withholding tables and formulas to reflect the annual inflation adjustment to the standard deduction, as required by R.S. 47:294(B). For purposes of the 2026 withholding tables and formulas, the Department used a standard deduction of \$12,875 for single and married-filing-separate taxpayers, and \$25,750 for married-filing-jointly, qualifying surviving spouse, and head-of-household taxpayers. These amounts are based on the Consumer Price Index for All Urban Consumers (CPI-U) data available as of December 1, 2025. The final standard deduction amounts allowed on 2026 income tax returns may differ slightly based on CPI-U data released in January 2026.

This proposed amendment will allow the Secretary to effectively administer the updated withholding tables and formulas for tax year 2026.

**FISCAL AND ECONOMIC IMPACT STATEMENT  
FOR ADMINISTRATIVE RULES  
RULE TITLE: Income Tax Withholding Tables**

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

Implementation of this proposed amendment by the Louisiana Department of Revenue (LDR) will result in minimal additional costs associated with educating taxpayers. These costs will be absorbed in LDR's current budget allocation. Other than changes to employee withholding, this proposed amendment will not affect state governmental units and local governmental units. LDR does not have the information necessary to determine the additional costs, if any, to comply with this change, but these costs are expected to be minimal.

This proposal amends the rule that provides individual income tax withholding tables and formulas for tax year 2026. The proposed rule amendment changes the individual income tax withholding to reflect the increase in the standard deduction, as required by Act 11 of the 2024 3<sup>rd</sup> ES. Beginning January 1, 2026, the standard deduction shall be annually adjusted by the percentage increase in the Consumer Price Index United States city average for all urban consumers (CPI-U) for the previous calendar year.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed rule is anticipated to decrease the State General Fund and Self-Generated Revenue in LDR. The three percent increase in the standard deduction implemented within the proposed rule change is estimated to decrease income tax revenue by approximately \$9 M in FY 26, \$23.1 M in FY 27, \$23.1 M in FY 28, \$23.1 M in FY 29, and \$23.1 M in FY 30. This estimate is generated by a micro-simulation model processing the 2023 resident and nonresident individual income tax return data.

The exact revenue impact in FY 26 will depend on the speed at which employers/taxpayers incorporate the new withholding tables into payroll calculations. For the first fiscal year of effectiveness, these estimates imply six months of tax liability adjustments through the implementation of changes in withholdings and declarations. Receipts in the second fiscal year of effectiveness decrease due to four quarters of withholdings and declarations, plus the amount of liability change that is typically realized on returns rather than through withholdings

and declarations. Full realization of the tax changes continues in subsequent fiscal years. No growth path has been assumed for the purposes of this impact estimate, nor has an inflationary path been incorporated into the standard deduction for future tax years. LDR retains 1% of income tax collections as SGR. SGR in the department will decrease proportionally as income tax revenue declines.

The Legislative Fiscal Office (LFO) notes that Act 11 of the 2024 3<sup>rd</sup> ES requires an annual adjustment to the standard deduction based on the percentage increase in the CPI-U for the previous calendar year. The proposed rule change increases the standard deduction by 3%, based on the September-to-September seasonally unadjusted figure reported by the Bureau of Labor Statistics (BLS), the most up-to-date information available on December 1, 2025. The final standard deduction amounts allowed on 2026 income tax returns may differ slightly based on CPI-U data released in January 2026. LFO notes that the December-to-December CPI-U percentage change for the previous calendar year is now available and reported by BLS as approximately 2.68%. This implies the standard deduction in the proposed rules exceeds the actual standard deduction taxpayers will receive when filing 2026 tax returns. Although this may result in some taxpayers underpaying through withholdings, the unique circumstances surrounding individual taxpayers' taxable income will ultimately determine the tax liability due.

### III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

Employers and individual taxpayers will be affected by the proposed action. For employers, LDR does not have the information necessary to determine the additional costs, if any, to comply with this change in withholdings, but these costs are expected to be minimal. The tax burden of individual taxpayers is anticipated to decrease, though the exact impact of Act 11 of the 2024 3<sup>rd</sup> ES is subject to the unique circumstances surrounding individual taxpayers' taxable income.

### IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

There is no anticipated impact on competition or employment.
