FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

RULE TITLE: Mandatory Electronic Filing of Telecommunication Tax for the Deaf Tax Returns

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

This proposal adopts a rule that requires electronic filing of Telecommunication Tax for the Deaf Tax returns. This proposal also provides for the assessment and waiver of penalties for non-compliance.

Implementation of this proposal will not result in material additional costs or cost savings to governmental units. Computer system acceptance of the required electronic returns is already in place. Electronic filing of this tax return will be available directly through LDR's LaTap portal that will allow taxpayers to file these returns for free. Accounting for non-compliance penalties will not result in material additional costs.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

This proposal may increase revenues from penalties by an indeterminable amount. A modest and temporary increase in revenue from penalties is possible as the proposed rule is implemented, although LDR cannot predict non-compliant behavior. For information, on returns that are currently required to be filed electronically, LDR collected approximately \$16,000 in FY15, \$20,000 in FY16, and \$7,000 in FY17.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

LDR does not have the information necessary to determine the additional costs to comply with this change, but these costs are expected to be minimal, as online access and activity has largely become a business standard. To the extent non-compliance penalties are collected, affected taxpayers will

incur penalty costs. LDR cannot estimate the additional penalty amount.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT
(Summary)

This proposal is not expected to have any significant effect on competition or employment.
