

Revenue Information Bulletin No. 22-013

July 15, 2022

Severance Tax

Oilfield Site Restoration Fee Rate

Pursuant to LA R.S. 30:87(F), the Oilfield Site Restoration Fee for crude oil and condensate is dependent on the price of crude oil per barrel on July 1st of each year based on the average monthly New York Mercantile Exchange price for the prior twelve months. For the fiscal year beginning July 1, 2022 and ending June 30, 2023, it has been determined that the price of crude oil per barrel is \$87.66. Since this amount is above \$60, but below \$90 per barrel for oil, the Oilfield Site Restoration Fee will be three cents per barrel on crude oil and condensate.

For natural gas and casing head gas, the Oilfield Site Restoration Fee is three-tenths of one cent per thousand cubic feet. For stripper wells and incapable wells, the Oilfield Site Restoration Fee for each respective category of oil or gas will be calculated in the same proportion as the reduced rate severance tax to the full rate severance tax for each respective category.

Questions concerning the Oilfield Site Restoration Fee should be directed to the Louisiana Department of Revenue's Taxpayer Compliance, SSEW Division, Severance Tax Unit at 855-307-3893, option 2 then 1.

Kevin J. Richard, CPA
Secretary

A Revenue Information Bulletin (RIB) is issued under the authority of LAC 61:III.101 (D). A RIB is an informal statement of information issued for the public and employees that is general in nature. A RIB does not have the force and effect of law and is not binding on the public or the Department.
