Pelican File System Deactivated

The “Pelican File” website for the filing of Louisiana state and Parish and Municipality Beer tax returns via the Internet will be deactivated effective August 1, 2002. The Department plans to incorporate internet filing of beer tax into its new integrated tax system at a later date.

The report for July 2002, and subsequent reporting periods, must be filed using paper returns. Applicable return forms will be provided to those accounts that have been filing via the website.

Questions concerning this matter may be directed to the Taxpayer Services Division in Baton Rouge at 225-219-7656 or to any of the Department’s regional offices.

Cynthia Bridges
Secretary
