## Comparison of Louisiana and Selected States, Corporate Tax Comparison

### Comparison of corporate tax bases, minimum tax, and computation of taxable net income, tax laws effective July 1, 2006

<sup>1</sup> The Louisiana income tax is imposed only upon that part of the net income of a corporation that is derived from sources within Louisiana. Corporations that do business outside of Louisiana must complete Form CIFT-620A, which provides schedules for the apportionment and allocation of net income. All corporations and entities taxed as corporations for federal income tax purposes deriving income from Louisiana sources, whether or not they have any net income, must file an income tax return.

\*Mississippi Business Income Items – In essence, all income that arises from the conduct of trade or business operations of a taxpayer is business income. The income of the taxpayer is business income unless clearly classifiable as non business income.

#### <sup>2</sup> Multistate Tax Compact

### Corporation income tax

All corporations and entities taxed as corporations for federal income tax purposes deriving income from Louisiana sources, whether or not they have any net income, must file a corporation income tax return unless specifically exempted.

- Louisiana's corporation income tax closely follows the federal system and employs the federal definition of income and deductions with certain modifications.
- For multistate corporations, Louisiana net income is generally determined through formula apportionment with total net income apportioned to Louisiana based on the average of some combination of three factors: property, revenue, and wages.
- Louisiana allows a deduction for federal income tax in computing taxable income.

### Corporation franchise tax

Any corporation meeting any of the following provisions, unless specifically exempted under the provisions of Louisiana Revised Statute 47:608, must file a Louisiana corporation franchise tax return:

- Organized under the laws of Louisiana.
- Qualified to do business in this state or doing business in this state.
- Exercising or continuing the corporate charter within this state.
- Owning or using any of the corporate capital, plant, or other property in this state in a corporate capacity.

# GIFT & INHERITANCE tax (based on cash collections)

## Gift tax

Every person making gifts to a single donee totaling more than the amount of the applicable exclusion must file a return. The gift tax is primarily due from the donor. The gift tax is two percent for the first \$15,000 in taxable gifts and three percent for amounts above \$15,000. The tax is computed by applying the tax rates to the total of all taxable gifts made since July 30, 1940, after allowing the annual exclusions and any portion of the claimed and allowed specific lifetime exemption.

# INDIVIDUAL income tax per capita comparison

## INDIVIDUAL income tax (cash collection after accrual adjustments)

Louisiana individual income tax is based on federal tax laws for simplification, although Louisiana's tax is not a true "piggyback" system. The starting point for the computation of the tax is the federal adjusted gross income. A deduction is also allowed for the amount of federal income taxes paid.

The Louisiana individual income tax rates are as follows:

**A taxpayer filing single, married filing separately, or head of household:**

- 2% of the first \$12,500 of taxable income;
- 4% of the next \$12,500;
- 6% of the taxable income over \$25,000.

**A qualified widow(er) or married persons filing jointly:**

- 2% of the first \$25,000 of taxable income;
- 4% of the next \$25,000;
- 6% of the taxable income over \$50,000.

# TOBACCO tax (comparison of LA & selected states)

## Tobacco tax

The tobacco tax is collected on the sale of stamps for cigarettes and on monthly reports on cigars and smoking tobacco.

Tax stamps can only be purchased from the Secretary of Revenue and must be affixed in the premises of the wholesale tobacco dealer.

Every registered tobacco dealer must affix tax stamps in the required denominations and amount on the cigarette packages immediately after receipt of any unstamped cigarettes.

Every registered tobacco dealer receiving and handling cigarettes, cigars, and smoking tobacco in Louisiana upon which tax has not been previously paid must file a report with the secretary within 20 days after the end of each calendar month.
