Annual Tax Exemption Budget

Part 1

Introduction

Statutory requirements

The Louisiana Department of Revenue is required by Section 1517 of Title 47 of the Louisiana Revised Statutes to prepare an annual tax exemption budget. This report must include the following information pertaining to the state's tax exemptions:

1. Listing of each exclusion, exemption, credit, refund, preferential tax rate, or deferred tax liability
2. Legal citation
3. Purpose
4. Estimate of the revenues lost for the preceding three years
5. Estimate of the revenues lost for the current and ensuing fiscal year
6. Estimated cost of administering and implementing each exemption for the five years reflected in this report.

The Department is able to provide all of the required information except for the costs of administering and implementing each tax exemption. We do not have the data available to estimate these costs with any degree of accuracy.

In addition to the above data, this report must also contain the following information as it applies to specific tax exemptions:

- A determination of the tax exemption's effectiveness in fulfilling the purpose for which it was enacted; i.e., did the intended recipient benefit and, if not, who did benefit;
- An assessment as to whether the tax exemption is the most fiscally effective means of achieving its purpose;
- An evaluation as to whether unintended or inadvertent effects, benefits, or harm was caused by the tax exemption, including whether the tax exemption conflicts with other state statutes; and
- An evaluation as to whether the tax exemption simplifies or complicates the state tax statutes.

Contents of the Report

In addition to the Introduction (Part 1), the report consists of an Overview (Part 2), a Five-Year Estimate of Revenue Loss (Part 3), and a Listing of Exemptions (Part 4).

Part 2, the Overview, provides a general discussion of the tax exemption report and additional information on tax collections by the Department of Revenue.

Part 3, the Five-Year Estimate of Revenue Loss, is a listing of each exemption and the fiscal losses for the preceding three years, the current year, and the ensuing year as required. Preceding the listing is a summary of all taxes arranged in order of the magnitude of the revenue loss.

Part 4, the Listing of Exemptions, is arranged alphabetically by major tax type and provides the following general information on each tax exemption: the legal citation, legislative origin, effective date, purpose, and administration. Each section begins with an index listing individual tax exemptions, the legal citation, and page number. The index is followed by a general discussion of the tax, the tax base, rate of imposition, and any recent significant changes to its imposition or administration.

Overview

Part 2

Introduction

The state's tax laws authorize a large number of exemptions, exclusions, deductions, credits, preferential tax treatments, and tax deferrals that substantially reduce the tax collection revenues. These special provisions are designed to encourage certain activities or to limit the tax burden on specific individuals or endeavors. The purpose of this report is to provide a comprehensive listing of all tax exemptions and to quantify the fiscal cost of the various tax exemptions, exclusions, deductions, and credits.

What is a tax exemption?

For the purpose of this report, the term *exemption* is used to describe all exemptions, exclusions, deductions, credits, preferential tax treatments, and tax deferrals. Tax exemptions are tax dollars that are not collected and result in a loss of state tax revenues available for appropriation. In this sense, the fiscal effect of tax exemptions is the same as a direct fund expenditure. This report includes all tax exemptions provided for by state statutes for taxes administered by the Department of Revenue.

State exemptions versus total exemptions

There are several statutory tax exemptions that are also prohibited from taxation by the state constitution, federal laws, or existing reciprocal agreements. Because of these additional prohibitions, repeal of the exemption alone would not yield the fiscal effect indicated. For this reason, these exemptions are separately grouped at the end of each tax section.

Measuring the tax exemptions

In order to accurately interpret the data contained in this report, the methods of calculation and assumptions should be noted.

All revenue loss estimates in this report are based on information gathered from various sources. The most reliable information was obtained from the actual tax return data. Unfortunately, this information was not always available and other sources were used. This was the case for many of the sales tax exemptions.

In estimating the fiscal effect for each exemption, the following assumptions were made:

- Each tax exemption revenue loss was considered separately and it was assumed that all other elements of the tax system remained unchanged.
- The calculations of the revenue loss for a specific tax exemption did not consider any side effects that could result from the removal of any other exemption in another tax.
- Each estimate was made in isolation. If two or more items were eliminated within the same tax, each adjustment was computed independently.
- All estimates are only as good as the assumptions used to complete the necessary calculations. If little data was available, the estimates included numerous assumptions.

Terminology

For the purposes of this report the following terminology is used to describe the fiscal effects:

- *Negligible* is used if the tax exemption was estimated at \$10,000 or less;
- *No data* is used to indicate that data was not available from any source to estimate the past revenue loss;
- *Unable to anticipate* is used to indicate that data was not available from any source to predict the future revenue loss; and,
- *NRR* is used to indicate that there is no reporting requirement for the data. This was generally the case for income tax and corporation franchise tax exemptions. Many of the corporations exempted are not required to file tax returns. For this reason, we do not have data available to calculate the fiscal effect for these exemptions.

Overview

Part 2

Sales Tax – A special situation

Estimation of the fiscal effect for sales tax exemptions is complicated by the suspension of exemptions beginning in 1986.

In 1986, the effectiveness of the exemptions was temporarily suspended for one year under a House Concurrent Resolution resulting in the taxation of sales, services, and rentals that had previously been nontaxable, including food and utilities. The suspended exemptions were taxed at the rate of one percent. This suspension has been continued through a series of Resolutions and Acts at various rates of suspension. The current suspension of exemptions was passed in the 2004 1st Extraordinary Session. Special Legislative Sessions to extend the suspension through June 30, 2009.

Until the suspension of the exemptions began in 1986, the primary method of extending any tax benefits to taxpayers was through the exemption statutes under R.S. 47:305. In addition, the definitions under R.S. 47:301 contain exclusions that are not affected by the suspension of exemptions. In order to extend tax relief to taxpayers, the Louisiana Legislature began enacting exclusions from the tax under the definitions in R.S. 47:301, rather than the exemptions under R.S. 47:305. Some of the exclusions replaced existing exemptions that were taxable under the suspension of exemptions. This action resulted in two statutes affecting the same subject. In 1998, the Louisiana Legislature repealed most of these exemptions leaving only the exclusion as the statutory authority.

Legislation to suspend most exemptions at the four percent state sales tax rate for fiscal years 2005-2009 was enacted during the 2004 1st Ex. Sess., Act 4. Effective July 1, 2003, the state sales tax rate on sales of steam, electric power or energy, water, and natural gas for other than residential use is taxed at 3.8 percent. On January 1, 2006 the statesales tax rate on sales of electric power or energy and natural gas was reduced to 3.3 percent.

There are some special words or terms used in the sales tax section. These terms and the meaning of these terms are as follows:

- “Suspended” is used to indicate that a particular exemption is being fully taxed because of the suspension of the exemption; hence no fiscal loss. This term is used for the fiscal impacts in the fiscal year 2005-2006 and 2006-2007.
- “See Number (N)” indicates that the fiscal impact for that exemption is included with the fiscal impact of the referenced exclusion/exemption. This will apply to those exemptions that have been superceded by an exclusion or grouped with a like exclusion/exemption.

Other Credits - Corporation Income and Franchise Taxes

Several of the corporation income tax and franchise tax credits are combined on one line on the tax return. For this reason, we are unable to calculate the individual losses for these credits, but we are able to determine the total revenue loss. We have grouped these credits together under the heading Other Credits and the total revenue loss is shown on the table.

Tax collections versus tax exemptions

The largest fiscal losses due to tax exemptions stem from five major taxes: sales tax; income tax, which includes individual and corporation; severance taxes; inheritance tax; and corporation franchise taxes. The bar graph on page 6 compares the revenue loss from these tax exemptions with the tax collections for FY 2004-2005. The comparison includes only the state tax exemptions; exemptions that are also prohibited from taxation by the state constitution, federal laws, or existing reciprocal agreements are omitted.

In theory, the actual tax collections plus the tax exemption revenue losses should equal the total potential tax collections. The tax exemption revenue losses were divided by the total potential collections to arrive at the percentage of tax loss.

Overview

Part 2

Top tax revenue losses

Sales, individual income, and corporation income taxes are the taxes with the largest fiscal losses due to statutory exemptions. Analyses of the various exemption categories for these taxes for FY 2004-2005 can be found on pages 6 through 9. In categorizing the various exemptions, only state tax exemptions were included. Exemptions that are prohibited from taxation by the state constitution, federal laws, or existing reciprocal agreements were not considered.

Comparison of major tax exemptions

Comparisons of the major tax exemptions for the sales, individual income, and corporation income taxes with the exemptions allowed in southeastern states can be found on pages 10 through 12. In categorizing the major exemptions, statutory and constitutionally protected exemptions were considered.

¹ An individual with a permanent disability may exclude up to \$6,000 of annual disability income from adjusted gross income beginning on or after January 1, 2001. We have no data to estimate the revenue loss from the exclusion.

² The fiscal effect assumes no restrictions on eliminating this deduction. Assuming that to reduce this deduction below the levels in effect January 1, 1974, would require a constitutional amendment, 58 percent of the fiscal effect should be considered protected.

No separate data means that taxpayers reported the tax exemption amount on their tax return but the data was not captured separately and the data was combined with other exemption amounts.

* These amounts include sales tax revenue loss estimates. Beneficiaries of the sales tax exemption are granted an exemption certificate and make their purchases tax free. There is no reporting requirement for the data.

** The FYE 6-05 revenue loss is based on actual tax return line item data and manual refunds issued. The amount does not include the sales tax revenue loss estimate that had been included in the prior two years, but it can be assumed that the additional estimated \$1.5 million sales tax revenue loss from tax free purchases using an exemption certificate would be in addition to the revenue loss shown.

Corporation Franchise Tax

Introduction

The Louisiana corporation franchise tax was enacted in 1932. The tax was imposed on every domestic corporation and every foreign corporation authorized or doing business in the state, or using any part of its capital, plant, or any other property in the state. As originally enacted, the tax levied was due and payable for the privilege of carrying on or doing business, exercising of its charter or the continuance of its charter within the state.

An initial tax return covering the period beginning with the date the corporation first becomes liable for filing a return and ending with the close of the accounting period, must be filed on or before the fifteenth day of the third month after the corporation first becomes liable. Thereafter, an annual return is due by the fifteenth day of the fourth month after the close of an accounting period. The tax is due on the first day of the calendar year or the taxpayer's fiscal year.

The law has been amended many times since 1932. However, an amendment in 1970 to replace the privilege of doing business language in the original act with the statement that the tax levied is due and payable on any one or all of the incidents referred to in the law was one of the more important amendments.

Tax Base

Capital stock, surplus, undivided profits, and borrowed capital

Tax Rate

The tax is currently assessed on the taxable base at the rate of \$1.50 per \$1,000 on the first \$300,000 and \$3.00 per \$1,000 over \$300,000. The tax is based on the larger of the assessed value of all real and personal property in the state or the amount of issued and outstanding capital stock, surplus, undivided profits and borrowed capital attributable to Louisiana.

Types of Tax Exemptions

Corporation franchise tax exemptions are in the form of exemptions/exclusions, deductions, and credits. Exemptions/exclusions generally refer to organizations or corporations that are statutorily exempt from the imposition of the corporation franchise tax due to the nature of their operation. Deductions are generally defined as a reduction to the taxable base. Credits are generally defined as a reduction to the amount of tax due. All tax exemptions related to the corporation franchise tax are listed in this report.

Significant Changes Fiscal Year 2004-2005

Acts 2005, No. 363 amends R.S. 47:6006(A) to provide a credit for inventory (ad valorem) tax paid to political subdivisions on natural gas held, used, or consumed in providing natural gas storage services or facilities. Effective August 15, 2005.

Acts 2005, No. 439 amends R.S. 47:6019(A)(1), (2), and (3)(a) and (b)(i) and (B) to extend the income and franchise tax credit for rehabilitation of historic structures located in a downtown development district. The limitations of \$250,000 per structure and one credit per structure have been removed and no taxpayer may receive more than \$5 million of credit within a particular downtown development district. Effective July 11, 2005, and expires January 1, 2009.

Acts 2005, No. 319 amends and reenacts R.S. 47:6005 to renew an income and franchise tax credit for purchases of certain equipment or service contracts related to recycling. Total credits certified by the secretary of the Department of Environmental Quality cannot exceed \$5,000,000 in any calendar year. Effective June 30, 2005.

Corporation Franchise Tax

Acts 2005, No. 491 enacts R.S. 51:3075 through 3088 to create the Louisiana Community Development Financial Institutions Act. A Louisiana Community Development Financial Institution (LCDFI) is any legal entity whose primary business activity is the investment of cash to acquire equity in or provide financing assistance as a licensed business and industrial development corporation to qualified Louisiana businesses in low-income communities. This Act provides for an income and franchise tax credit for individuals and businesses that invest in LCDFIs. It provides that the LCDFI corporations themselves will be exempt from corporation income and franchise taxes for five consecutive taxable periods. The investment credit is to be calculated as 75 percent of the investment. These credits are transferable and can be carried forward indefinitely. The total amount that can reduce tax revenues in fiscal years 2006 through 2007 is \$5 million. Any unused allocation of credits from a previous year may be carried forward and granted in the next year. The program terminates on July 1, 2007, but provisions relevant to any granted tax credits continue to apply until July 1, 2010. Effective July 12, 2005.

Acts 2005, 1st Ex. Sess., No. 27 amends R.S. 47:609(A) to allow corporations having 50 percent or more of their Louisiana property situated or used in the Federal Emergency Management Agency individual assistance areas of Hurricanes Katrina and Rita or deriving 50 percent or more of their revenue in the state from those areas to compute the borrowed capital portion of their corporation franchise tax base at pre-hurricane levels. Effective November 29, 2005.

31. Louisiana Community Development Financial Institutions Act Credit

This provision creates the Louisiana Community Development Financial Institutions Act. A Louisiana Community Development Financial Institution (LCDFI) is any legal entity whose primary business activity is the investment of cash to acquire equity in or provide financing assistance as a licensed business and industrial development corporation to qualified Louisiana businesses in low-income communities and provides for an income and franchise tax credit for individuals and businesses that invest in LCDFIs. It provides that the LCDFI corporations themselves will be exempt from corporation income and franchise taxes for five consecutive taxable periods. The investment credit is to be calculated as 75 percent of the investment. These credits are transferable and can be carried forward indefinitely. The total amount that can reduce tax revenues in fiscal years 2006 through 2007 is \$5 million. Any unused allocation of credits from a previous year may be carried forward and granted in the next year. The program terminates on July 1, 2007, but provisions relevant to any granted tax credits continue to apply until July 1, 2010.

Gift Tax

Introduction

The Louisiana gift tax law was enacted in 1940 to complement the inheritance tax law. With minor exceptions, it was patterned after the federal gift tax law.

The gift tax is imposed on donations between living persons, real or disguised, and transfers for an inadequate consideration in money's worth. It is irrelevant whether the transfer is in trust or otherwise, or whether the property is movable or immovable, corporeal, or incorporeal.

Legal Citations

R.S. 47:1201 through 47:1212

Tax Base

The tax base consists of the true and full value of property transferred by gift (donations between living persons) based on the interest conveyed at the date of transfer. The tax base also includes the value of property transferred with donative intent for an amount less than adequate consideration in money or money's worth based on its true and full value at the date of transfer.

Tax Rate

The tax rates are two percent of the first \$15,000 total sum of gifts in excess of the annual exclusion and specific lifetime exemption and three percent of any excess over \$15,000.

Types of Tax Exemptions

Gift tax exemptions are in the form of exclusions and exemptions. Exclusions are the portion of the true and actual value of a gift that is excluded from the tax base by statute. Exemptions are the true and actual value of gifts included in the tax base, but specifically exempted from the tax imposed.

Significant Changes Fiscal Year 2004-2005

There were no significant changes to the gift tax laws during the past year.

Exemptions

1. Specific lifetime exemption: \$30,000

This exemption allows donors to exempt up to \$30,000 during their lifetime in computing the amount of any gift subject to tax. A donor may claim the total, or any portion of the specific lifetime exemption in any calendar year, or spread it over several calendar years. The purpose of this exemption is to provide the donor with a \$30,000 exemption to cover gifts that exceed the annual exclusion for each donee.

Hazardous Waste Disposal Tax Exemption

Hazardous Waste Disposal Tax

Introduction

In 1984, Act 8 of the First Extraordinary Session, levied a one-time tax on the hazardous waste content of the land. The tax was at the rate of \$2 per ton of waste disposed or stored in the land during 1981, 1982, 1983, and the first six months of 1984. This tax was administered by the Department of Environmental Quality, but collected by the Department of Revenue.

Also, by this same Act, the hazardous waste disposal tax was levied on the disposal of hazardous waste in Louisiana and on certain storage of wastes. The disposal tax rates were set at \$5 per dry-weight ton of waste disposed at the same site where produced or generated and \$10 per dry-weight ton of waste disposed or stored at a site other than where produced or generated. The tax was deemed collectible from the generator of the hazardous waste, if the generator disposed of his own hazardous waste, or from the disposer who must collect the tax from the generator of the waste at the time that the disposer received the waste. All generators and disposers must be registered with the Louisiana Department of Environmental Quality.

In 1988, Act 655 increased the rates to \$10 per dry-weight ton of hazardous waste disposed on site and \$20 per dry-weight ton of hazardous waste disposed at another site. This act further provided that the rates would increase \$1 per year until 1998. Additional provisions of the 1988 Act were the imposition of a tax of \$25 per dry-weight ton of extremely hazardous waste disposed in Louisiana and for the taxation of waste imported into Louisiana for disposal or storage.

The tax rates were again increased in 1990 by the passage of Act 391. This legislation changed the rates from \$10, \$20, and \$25 per dry-weight ton to \$30, \$60, and \$100, respectively. An additional provision allowed a credit of 0.5 percent of the tax due for collecting and remitting the tax timely. A tax on the transportation of hazardous and extremely hazardous wastes was also levied at the rate of \$25 per gross-weight ton of hazardous or extremely hazardous wastes transported in Louisiana for disposal or storage in Louisiana.

During the 1992 Regular Legislative Session, Act 526 was enacted which reduced the tax on the disposal of waste at a site other than where produced from \$60 per dry-weight ton to \$40 per dry-weight ton. This legislation also repealed the tax on transporting hazardous or extremely hazardous waste effective July 1, 1992.

Tax Base

Dry-weight ton, or fraction thereof, of hazardous or extremely hazardous wastes disposed in Louisiana and of hazardous wastes stored for more than 90 days

Tax Rate

Effective July 1, 1992:

- \$30 per ton of hazardous waste disposed at the site where produced
- \$40 per ton of hazardous waste disposed at a site other than where produced
- \$100 per ton of extremely hazardous waste disposed

Imported wastes produced out-of-state and disposed in Louisiana are taxed at either the current effective tax rate or at the rate that would be paid for disposal in the generating state, whichever is higher.

Types of Tax Exemptions

For hazardous waste disposal tax purposes, tax exemptions are in the form of a deduction. The deduction, for this purpose, is a specific reduction to the amount of tax due.

Corporation Income Tax

Introduction

The Louisiana corporation income tax was authorized by the 1921 state constitution. The first tax was levied in 1934 at the rate of four percent of corporate earnings exceeding \$3,000. In 1977, Louisiana raised the income tax rate from a flat rate of four percent to a five-tier tax rate schedule that ranged from four percent of the first \$25,000 of taxable income to a maximum of eight percent of the taxable income exceeding \$200,000.

Like many other states that impose a corporate income tax, Louisiana closely follows the federal system. That is, the state employs the federal definition of income and deductions with certain modifications. Act 16 of the First Extraordinary Session of 1986 enacted R.S. 47:287.2 through 47:287.785 relative to corporation income tax and provided for the conformance of this tax to the federal tax system.

For multistate corporations, Louisiana net income is generally determined through formula apportionment. Under the formula apportionment method, total net income is generally apportioned to Louisiana based on the average of three factors: property, revenue, and wages. Louisiana allows a deduction for federal income tax in computing taxable income.

Domestic corporations organized under the laws of Louisiana, unless specifically exempted, must file an income tax return each year. Foreign corporations, organized under the laws of other states, who derive income from Louisiana sources, regardless of whether or not they have net income, must file an income tax return unless specifically exempted.

An income tax return must be filed on or before the fifteenth day of the fourth month following the close of an accounting period.

Type of Tax Exemptions

Corporation income tax exemptions are in the form of exemptions/exclusions, deductions, and credits. An exemption/exclusion generally means that a corporation is statutorily exempt from the imposition of the corporate income tax because of the nature of the corporation's business or a specific item of income that is not taxed. Deductions are generally defined as a reduction in net income to arrive at taxable income. Credits are generally defined as a reduction to the amount of tax due. All exemptions related to corporation income tax are contained in this report.

The federal income tax deduction, although a statutory deduction, is also required by the state constitution. Repeal of this deduction requires a vote of the people. For this reason, this deduction has been separated from the others and appears at the end of this section.

Significant Changes Fiscal Year 2004-2005

Acts 2005, No. 319 amends and reenacts R.S. 47:6005 to renew an income and franchise tax credit for purchases of certain equipment or service contracts related to recycling. Total credits certified by the secretary of the Department of Environmental Quality cannot exceed \$5,000,000 in any calendar year. Effective June 30, 2005.

Acts 2005, No. 363 amends R.S. 47:6006(A) to provide a credit for inventory (ad valorem) tax paid to political subdivisions on natural gas held, used, or consumed in providing natural gas storage services or facilities. Effective August 15, 2005.

Acts 2005, No. 405 allows taxpayers to take a credit of up to \$1,000 against income or corporate franchise taxes for qualified donations made to qualified playgrounds under R.S. 47:6008 for certain tax years between 1992 and 2001, if taken on an amended return by December 31, 2008. Effective July 11, 2005.

Acts 2005, No. 439 amends R.S. 47:6019(A)(1), (2), and (3)(a) and (b)(i) and (B) to extend the income and franchise tax credit for rehabilitation of historic structures located in a downtown development district. The limitations of \$250,000 per structure and one credit per structure have been removed and no taxpayer may receive more than \$5 million of credit within a particular downtown development district. Effective July 11, 2005, and expires January 1, 2009.

Acts 2005, No. 491 enacts R.S. 51:3075 through 3088 to create the Louisiana Community Development Financial Institutions Act. A Louisiana Community Development Financial Institution (LCDFI) is any legal entity whose primary business activity is the investment of cash to acquire equity in or provide financing assistance as a licensed business and industrial development corporation to qualified Louisiana businesses in low-income communities. This Act provides for an income and franchise tax credit for individuals and businesses that invest in LCDFIs. It provides that the LCDFI corporations themselves will be exempt from corporation income and franchise taxes for five consecutive taxable periods. The investment credit is to be calculated as 75 percent of the investment. These credits are transferable and can be carried forward indefinitely. The total amount that can reduce tax revenues in fiscal years 2006

through 2007 is \$5 million. Any unused allocation of credits from a previous year may be carried forward and granted in the next year. The program terminates on July 1, 2007, but provisions relevant to any granted tax credits continue to apply until July 1, 2010. Effective July 12, 2005.

Acts 2005, No. 504 enacts R.S. 47:287.759 to grant a tax credit for employee and dependent health insurance coverage when any contractor or subcontractor with a contract for the construction of a public work offers health insurance coverage and pays at least 75 percent of the total premium for the health insurance coverage for each full-time employee who elects to participate and pays at least 50 percent of total premium for each dependent of the full-time employee who elects to participate. Contractors who participate are eligible for a five percent income tax credit on 40 percent of the amount of the contract received in a tax year. The credit is allowed against the income tax for the period in which the credit is earned. Effective July 12, 2005, for tax years beginning on and after January 1, 2005, but before January 1, 2008.

Acts 2005, 1st Ex. Session, No. 23 amends R.S. 47:287.85(C)(2) and 293(3) relative to the income tax, to provide that the Louisiana federal income tax deduction is not to be reduced by the amount of any federal income tax credits determined to be disaster relief credits granted for the Hurricane Katrina or Hurricane Rita presidential disaster areas, as well as the amount by which a person's federal income tax due was decreased as a result of claiming a federal deduction for casualty losses as a result of Hurricanes Katrina or Rita in a presidential disaster area. Effective for all taxable periods beginning after December 31, 2004.

7. Dividends from national banking corporations

Dividends from national banking corporations are excluded from the gross income of corporations. The federal law in effect at the time the state income tax statutes were enacted prohibited states from taxing dividends of national banking corporations. Although this prohibition was removed, Louisiana did not change its statutes to tax these dividends. The purpose of this exclusion is to comply with federal laws in effect at the time of enactment.

10. Income from carriage on the high seas

Income derived from commerce on the high seas is excluded from gross income. At the time this exclusion was passed in 1942, Louisiana taxed domestic corporations on income from all sources. Since the law was changed to tax only income derived from sources within the state, the apportionment method should theoretically achieve the same result. The purpose of this exclusion is to tax only income derived from Louisiana sources.

Corporation Income Tax

11. Certain exempt corporations, organizations, etc.

Organizations described in Internal Revenue Code sections 401(a) or 501 are exempt from corporation income tax to the extent that those organizations are exempt from income taxation under federal law. Also, the Louisiana corporation income statute exempts certain other organizations, corporations, etc. The purpose of this exemption is to provide financial assistance to these nonprofit organizations. The following is a list of exempt entities:

- a. Labor, agricultural, and horticultural organizations that are educational or instructive in character, and are designed to encourage the development of agricultural and horticultural products. The income from these organizations must be used exclusively to meet the necessary expenses of upkeep and operation.
- b. Mutual savings banks, national banking corporations, and banking corporations organized under the laws of the state of Louisiana, who pay a tax for their shareholders, or whose shareholders pay a tax on their shares of stock under other laws of this state, and building and loan associations.
- c. Fraternal beneficiary societies, orders, or associations operating under the lodge system, or for the exclusive benefit of the members of a fraternity itself operating under the lodge system, and providing for the payment of life, sick, accident, or other benefits to members of the society, order, or association or their dependents.
- d. Nonprofit cemetery companies owned and operated exclusively for the benefit of their members.
- e. Any corporation, community chest, or fund, organized and operated exclusively for religious, charitable, scientific, literary or educational purposes, or for the prevention of cruelty to children or animals.
- f. Business leagues, chambers of commerce, real estate boards, or boards of trade not organized for profit and no part of the net earnings benefits any private shareholder or individual.
- g. Nonprofit civic leagues or organizations operated exclusively for charitable, educational, or recreational purposes.
- h. Clubs organized and operated exclusively for pleasure, recreation, or other nonprofit purposes.
- i. Benevolent life insurance associations of a purely local character, mutual ditch or irrigation companies, mutual or cooperative telephone companies, or like organizations, but only if 85 percent or more of the income consists of amounts collected from members for the sole purpose of meeting losses and expenses.
- j. Farmers' or other mutual hail, cyclone, casualty, or fire insurance companies or associations (including interinsurers and reciprocal underwriters), but only if the income of which is used or held for the purpose of paying losses or expenses.
- k. Certain farmers, fruit growers, or like associations organized and operated on a cooperative basis for the purpose of marketing products or purchasing supplies and equipment.
- l. Corporations organized by exempt farmers' cooperatives to finance crop operations of members.
- m. Corporations organized for the exclusive purpose of holding title to property, collecting income therefrom, and turning over the entire amount thereof, less expenses, to organizations that are organized and operated exclusively for religious, charitable, scientific, literary, and educational purposes. No part of the net earnings can benefit any private stockholder.
- n. Voluntary employees' beneficiary associations providing for the payment of life, sick, accident, or other benefits to the members of the association or their dependents.
- o. Teachers' retirement fund associations of a purely local character, if no part of their net earnings (other than through payment of retirement benefits) benefits a private shareholder or individual, and if the income consists solely of amounts received from public taxation, amounts received from assessments upon the teaching salaries of members, and income in respect of investments.

39. Louisiana Community Development Financial Institutions Act Credit

This provision creates the Louisiana Community Development Financial Institutions Act. A Louisiana Community Development Financial Institution (LCDFI) is any legal entity whose primary business activity is the investment of cash to acquire equity in or provide financing assistance as a licensed business and industrial development corporation to qualified Louisiana businesses in low-income communities and provides for an income and franchise tax credit for individuals and businesses that invest in LCDFIs. It provides that the LCDFI corporations themselves will be exempt from corporation income and franchise taxes for five consecutive taxable periods. The investment credit is to be calculated as 75 percent of the investment. These credits are transferable and can be carried forward indefinitely. The total amount that can reduce tax revenues in fiscal years 2006 through 2007 is \$5 million. Any unused allocation of credits from a previous year may be carried forward and granted in the next year. The program terminates on July 1, 2007, but provisions relevant to any granted tax credits continue to apply until July 1, 2010.

Individual Income Tax

Introduction

Louisiana's individual income tax was first imposed in 1934. The tax is assessed on a resident individual's income derived from all sources and a nonresident individual's income derived from Louisiana sources. Resident individuals are allowed a credit for income tax paid to other states on income that is also taxed by Louisiana.

Like other states that impose a personal income tax, Louisiana closely follows the federal system utilizing the federal definition of income and deductions with certain modifications. Louisiana tax-table income is a modified federal adjusted gross income less federal income taxes paid.

The income tax base is partially diminished by a combined personal exemption/standard deduction of \$4,500 for single filers and married taxpayers filing separately or \$9,000 for married taxpayers filing jointly, head-of-household filers, and qualifying widowers. Additional \$1,000 deductions are given for each dependent and each taxpayer who is blind or 65 years of age or older.

Any resident, nonresident, or part-year resident required to file a tax return must do so by the fifteenth day of the fifth month after the close of their taxable year.

Tax Base

The tax base is comprised of federal adjusted gross income less federal income tax with adjustments for other modifications to federal adjusted gross income.

The deduction for excess itemized deductions has been repealed and the income tax brackets have been revised for all taxable periods beginning after December 31, 2002, with the passing of the amendment of La. Const. art. VII, §4(A) and passing of La. Const. art. VII, §2.2.

Tax Rate

Effective for taxable periods beginning after December 31, 2002, tax tables are used to determine tax liability using rates as follows:

Married couple filing joint return or qualifying widow:

2% on the first \$25,000

4% on the next \$25,000

6% on the taxable income above \$50,000

Single, Head of Household, or married filing separately:

2% on the first \$12,500

4% on the next \$12,500

6% on the taxable income above \$25,000

Type of Tax Exemptions

Individual income tax exemptions are in the form of exemptions/exclusions, deductions, and credits. Exemptions/exclusions generally mean a specific item of income that is not included in taxable income. Deductions are generally defined as a reduction in net income to arrive at taxable income. Credits are generally defined as a reduction to the amount of tax due. All exemptions related to individual income tax are contained in this report.

The federal income tax deduction, although a statutory deduction, is also required by the state constitution. Repeal of this deduction requires a vote of the people. For this reason, this deduction has been separated from the other exemptions and appears at the end of this section.

Significant Changes Fiscal Year 2004-2005

Acts 2005, No. 292 amends R.S. 17:3095(A)(1)(b) and (c) and enacts R.S. 47:293(6)(a)(viii) and R.S. 47:1205(D), relative to enhancements to the Louisiana Student Tuition Assistance and Revenue Trust Program, to increase the taxable state income exclusion for married couples and to allow certain deposits over five years to be excluded from the state gift tax provisions to conform with the federal gift tax provisions. Effective August 15, 2005.

Acts 2005, No. 363 amends R.S. 47:6006(A) to provide a credit for inventory (ad valorem) tax paid to political subdivisions on natural gas held, used, or consumed in providing natural gas storage services or facilities. Effective August 15, 2005.

Acts 2005, No. 479 enacts R.S. 47:297.6, to provide a credit against individual income tax for a percentage of eligible expenses rehabilitating an owner occupied residential or mixed-use property located in a historic district or eligible for listing on the National Register. The credit is limited to \$25,000 per structure and the percent of expenses allowed for the credit varies by income level. Taxpayers whose adjusted gross income exceeds \$100,000 are only eligible for the credit for the rehabilitation of vacant and blighted property. Effective January 1, 2006, and expires December 31, 2009.

Acts 2005, No. 491 enacts R.S. 51:3075 through 3088 to create the Louisiana Community Development Financial Institutions Act. A Louisiana Community Development Financial Institution (LCDFI) is any legal entity whose primary business activity is the investment of cash to acquire equity in or provide financing assistance as a licensed business and industrial development corporation to qualified Louisiana businesses in low-income communities. This Act provides for an income and franchise tax credit for individuals and businesses that invest in LCDFIs. It provides that the LCDFI corporations themselves will be exempt from corporation income and franchise taxes for five consecutive taxable periods. The investment credit is to be calculated as 75 percent of the investment. These credits are transferable and can be carried forward indefinitely. The total amount that can reduce tax revenues in fiscal years 2006 through 2007 is \$5 million. Any unused allocation of credits from a previous year may be carried

forward and granted in the next year. The program terminates on July 1, 2007, but provisions relevant to any granted tax credits continue to apply until July 1, 2010. Effective July 12, 2005.

Acts 2005, No. 495 amends R.S. 47:297.4, which provides an individual income tax credit for employment related child-care expenses. For taxpayers whose federal adjusted gross income is \$25,000 or less, the state credit is refundable and will be a percentage of the federal child-care credit before it is adjusted by the amount of the individual's federal income tax. For taxpayers whose income is greater than \$25,000, the state credit is not refundable and is based on a percentage of the child-care credit taken on the taxpayer's federal income tax return. Effective July 12, 2005, for tax years beginning on or after January 1, 2006.

Acts 2005, No. 504 enacts R.S. 47:287.759 to grant a tax credit for employee and dependent health insurance coverage when any contractor or subcontractor with a contract for the construction of a public work offers health insurance coverage and pays at least 75 percent of the total premium for the health insurance coverage for each full-time employee who elects to participate and pays at least 50 percent of total premium for each dependent of the full-time employee who elects to participate. Contractors who participate are eligible for a five percent income tax credit on 40 percent of the amount of the contract received in a tax year. The credit is allowed against the income tax for the period in which the credit is earned. Effective July 12, 2005, for tax years beginning on and after January 1, 2005, but before January 1, 2008.

11. Student Tuition Assistance

Relative to the Student Tuition Assistance and Revenue Trust Program, the amount an owner deposits into an education savings account shall be deducted from taxable income up to a maximum of \$2,400 per account owned per taxable year for account owners filing single returns and up to a maximum of \$4,800 per beneficiary per taxable year for account owners filing joint returns. An individual may designate on his income tax return that any part of his income tax refund be deposited into the fund. Any funds withdrawn from the account to pay expenses other than qualified higher education expense as defined in R.S. 17:3092(10) is included in taxable income. The law was amended in 2001 to allow for the difference between the total deposited, if less than the maximum and \$2,400 to be carried forward to subsequent years.

16. Special allowable credits

A credit is allowed for ten percent of the amount of certain federal income tax credits. Beginning in 1975, the use of federal tax as an entry into state tax tables gave taxpayers benefit of the following credits:

- credit for contributions to candidates for public office
- credit for the elderly
- credit for child and dependent care expenses
- investment credit
- foreign tax credit
- work incentive credit
- jobs credit
- residential energy credit

In 1980, the method was changed to use federal adjusted gross income to calculate the amount of tax due. Because the change eliminated federal tax credits, this provision was enacted. Beginning in 1986, the credit was limited to \$25. The purpose of this credit is to allow some of the federal credits to also be applied against the state tax liability.

45. Louisiana Community Development Financial Institutions Act Credit

This provision creates the Louisiana Community Development Financial Institutions Act. A Louisiana Community Development Financial Institution (LCDFI) is any legal entity whose primary business activity is the investment of cash to acquire equity in or provide financing assistance as a licensed business and industrial development corporation to qualified Louisiana businesses in low-income communities and provides for an income and franchise tax credit for individuals and businesses that invest in LCDFIs. It provides that the LCDFI corporations themselves will be exempt from corporation income and franchise taxes for five consecutive taxable periods. The investment credit is to be calculated as 75 percent of the investment. These credits are transferable and can be carried forward indefinitely. The total amount that can reduce tax revenues in fiscal years 2006 through 2007 is \$5 million. Any unused allocation of credits from a previous year may be carried forward and granted in the next year. The program terminates on July 1, 2007, but provisions relevant to any granted tax credits continue to apply until July 1, 2010.

Inheritance Tax

Introduction

Louisiana became the second state to adopt a death duty in 1828 when Act 95 was enacted imposing an inheritance tax. Acts 1921, No. 127, authorized by the 1921 Louisiana Constitution (now Article 7, Section 4, of the 1974 Constitution) provides for graduated, classified or progressive taxes on inheritances, legacies, and gifts made in contemplation of death subject to certain limits and exemptions. Exemptions are provided for under R.S. 47:2402 and exclusions are found under R.S. 47:2404(C).

The Department of Revenue assumed responsibility for the administration and collection of the tax on January 1, 1974. Prior to that time, inheritance taxes were administered and collected locally. In each parish, except Orleans, the Sheriff was designated as the ex-officio inheritance tax collector for the State and an attorney was appointed to assist him. In Orleans Parish, the Clerk of Court was the inheritance tax collector.

Acts 1982, No. 874 provided for an annual increase in the value of the inheritance, legacy, donation, or gift made in contemplation of death that would be exempt from taxation when made to direct descendants by blood or affinity, ascendants, or surviving spouse. By 1987, the value to be excluded from taxation for direct descendants by blood or affinity, ascendants or surviving spouse was \$25,000. Act 874 also provided that occurring during calendar year 1992 and thereafter, the total amount or value of the inheritance, legacy, donation or gift in contemplation of death to a surviving spouse was exempt from taxation.

Acts 1997, No. 818 provided for the phase out of the inheritance tax over seven years.

Tax Base

The tax base for Louisiana inheritance tax consists of all property of every nature and kind included or embraced in every inheritance, legacy, or donation or gift made in contemplation of death. With regard to residents, the tax base includes all immovable property located within Louisiana and all movable property, tangible or intangible, wherever situated. With regard to nonresidents, the tax base includes immovable property located within Louisiana and only tangible movable property domiciled in Louisiana.

Tax Rates

The tax rates are graduated and progressive based upon the relationship of heirs and legatees to the decedent. The classifications of heirs and legatees and the respective tax rates are as follows:

Classification of Heirs/Legatees

- Direct descendants by blood or affinity, ascendants, or surviving spouse—2 percent of the actual value of the first \$20,000 taxable, plus 3 percent of the actual value in excess of \$20,000
- Collaterals (including brothers or sisters by affinity and their descendants)—5 percent of the actual value on the first \$20,000 taxable, plus 7 percent of the actual value in excess of \$20,000
- Strangers or nonrelated persons—5 percent of the actual value of the first \$5,000 taxable, plus 10 percent of the actual value in excess of \$5,000

Inheritance Tax

Effective July 1, 1998, Acts 1997, No. 818, provided for the tax rates to be reduced as follows:

1. for deaths occurring after June 30, 1998, and before July 1, 2001, the tax rates are reduced by 18 percent;
2. for deaths occurring after June 30, 2001, and before July 1, 2002, the tax rates are reduced by 40 percent;
3. for deaths occurring after June 30, 2002, and before July 1, 2003, the tax rates are reduced by 60 percent;
4. for deaths occurring after June 30, 2003, the tax rates are reduced by 80 percent; and,
5. for deaths occurring after June 30, 2004, no tax shall be levied when a judgment of possession is rendered or when a succession is judicially opened no later than the last day of the ninth month following the death of a decedent.

Types of Tax Exemptions

The Louisiana inheritance tax law provides for tax exemptions under R.S. 47:2402 and exclusions under R.S. 47:2404(C). Exemptions are those amounts or values of an inheritance, legacy, donation, or gift made in contemplation of death that would be included in the tax base, but have been specifically exempted from the tax. Exclusions are items of property that have been excluded from the tax base.

Liquors-Alcoholic Beverage Taxes

Introduction

The alcoholic beverage tax law encompasses taxation on two categories of alcoholic beverages: (a) beverages of low-alcoholic content that are defined as alcoholic beverages containing not more than six percent alcohol by volume, and (b) beverages of high-alcoholic content that are defined as alcoholic beverages containing more than six percent alcohol by volume. Act 2 of the Extraordinary Session of 1933 first imposed an alcoholic beverage tax of \$1 per 31-gallon barrel on beer, porter, ale, fruit juices and wine. Act 15 of the 1934 Regular Session imposed a tax on liquor at 50¢ per wine gallon; sparkling wines at 50¢ per wine gallon; still wines not more than 14 percent by volume at 5¢ per wine gallon; still wines between 14 percent and 24 percent by volume at 10¢ per wine gallon; still wines over 24% by volume at 50¢ per wine gallon; and beer at \$1.50 per 31-gallon barrel. Tax stamps were used to indicate that the appropriate taxes had been paid. A discount of five percent of the face value of the stamps purchased in lots of \$100 or more was allowed to dealers.

The tax rates of beverages of alcoholic content have changed numerous times since 1934 as shown:

Beer:

1934	\$1.50 per 31-gallon barrel
1948	\$10.00 per 31-gallon barrel

Liquor:

1934	\$.50 per wine gallon
1935	\$.60 per wine gallon
1938	\$1.00 per wine gallon
1940	\$1.50 per wine gallon
1956	\$1.68 per wine gallon
1970	\$2.50 per wine gallon
1978	\$.66 per liter

Sparkling Wines and Still Wines over 24% by volume:

1934	\$.50 per wine gallon
1935	\$.60 per wine gallon
1938	\$1.00 per wine gallon
1940	\$1.50 per wine gallon
1956	\$1.58 per wine gallon
1978	\$.42 per liter

Still Wines not over 14% by volume

1934	\$.05 per wine gallon
1940	\$.15 per wine gallon
1942	\$.10 per wine gallon
1956	\$.11 per wine gallon
1978	\$.03 per liter

Still Wines between 14% and 24% by volume

1934	\$.10 per wine gallon
1940	\$.30 per wine gallon
1942	\$.20 per wine gallon
1956	\$.21 per wine gallon
1978	\$.06 per liter

The provisions related to the use of tax stamps for alcoholic beverages and the purchase discount were repealed in 1964 and were replaced by a six percent discount for timely filing and remitting the taxes on beverages of high alcohol content. This discount was reduced to three and one-third percent in 1972 and a two percent discount was enacted for beverages of low alcohol content. Acts 1978, No. 441 changed the measurement of liquor and wines from gallons to liters for tax purposes. The rates effectively remained unchanged as the per-gallon rates convert to the per-liter rates.

Act 736 of the 1990 Regular Legislative Session enacted the Louisiana Native Wine Law. Rates for the native wines were set the same as rates for other wines.

The alcoholic beverages taxes are collected from the first handlers in Louisiana, usually bonded wholesale dealers. The bond required of manufacturers or wholesalers of alcoholic beverages is a minimum of \$10,000 for each type of permit held. The bond for manufacturers or wholesalers of native wines is \$5,000.

During the 1998 Regular Legislative Session, Act 71 established provisions by which sparkling and still wines could be sold and shipped directly to consumers in Louisiana by a manufacturer or retailer of such beverage domiciled outside of Louisiana. Included in the statutory requirements were the stipulations that in order for the wine to be shipped into Louisiana, the applicable taxes must be paid in full, the consumer to whom the wine is being shipped must be 21 years of age or older, and that the wine was purchased for the consumer's personal consumption.

Types of Tax Exemptions

For alcoholic beverage tax purposes, tax exemptions are exemptions, refund/credits, and discounts. Exemptions are items that were included in the tax base, but have been specifically exempted. Refund/credits are items that taxes were paid on initially, but the taxpayer has a right to request a refund or a credit. Discounts are a proportionate deduction from the gross amount reported. The tax exemptions for beer have been separated from those for liquor and wine.

There are several statutory tax exemptions that are also prohibited from taxation by federal laws. Because of these additional prohibitions, repeal of the exemption alone would not yield the fiscal effect indicated. For this reason, these exemptions have been separately grouped at the end of the section.

Natural Resources - Severance Tax

Introduction

A severance tax is levied upon all natural resources severed from the soil or water, including all forms of timber, including pulp woods, and turpentine and other forest products; minerals such as oil, gas, natural gasoline, distillate, condensate, casinghead gasoline, sulphur, salt, coal, lignite, and ores; also marble, stone, gravel, sand, shells, and other natural deposits; and the salt content in brine.

Oil and gas collections account for almost 96 percent of all severance tax collections. Because of the significant revenues generated and the fact that only one minor exemption affects the other natural resources, the focus of this section is centered on the oil and gas taxes.

The first tax, based on the severance of oil and gas, was imposed in 1910. This tax was levied as an occupational license tax at a rate of 1/5¢ per 10,000 cubic feet or 10 mcf for gas, and 2/5¢ per barrel of oil.

Act 140 of 1922 carried into effect a 1921 constitutional authority for a severance tax. There have been many changes in the tax rates since 1910, including fluctuations from a volumetric to a percentage-of-value based tax. The changes are listed below in chronological order.

1910	Oil 2/5¢ per barrel; gas 1/5¢ per 10 MCF
1912	Oil and gas; 0.5% of gross value less royalty interest
1920	Oil and gas; 2% of gross value
1922	Oil and gas; 3% of gross market value
1928	Oil 4-11¢ per barrel depending on gravity; gas 1/5¢ per MCF
1936	Gas 3/10¢ per MCF
1940	Oil 6-11¢ per barrel depending on gravity; condensate 11¢ per barrel
1948	Oil 18-26¢ per barrel depending on gravity; condensate 20¢ per barrel
1958	Gas 2.3¢ per MCF
1972	Gas 3.3¢ per MCF
1974	Oil and condensate 12.5% of value; gas 7¢ per MCF
7/90	Gas 10¢ per MCF, indexed annually
7/91	Gas 9¢ per MCF
7/92	Gas 7¢ per MCF

7/93	Gas 7.5¢ per MCF
7/94	Gas 8.7¢ per MCF
7/95	Gas 7¢ per MCF
7/96	Gas 7.7¢ per MCF
7/97	Gas 10.1¢ per MCF
7/98	Gas 9.3¢ per MCF
7/99	Gas 7.8¢ per MCF
7/00	Gas 9.7¢ per MCF
7/01	Gas 19.9¢ per MCF
7/02	Gas 12.2¢ per MCF
7/03	Gas 17.1¢ per MCF
7/04	Gas 20.8¢ per MCF
7/05	Gas 25.2¢ per MCF

Tax Base

The tax is imposed upon severance of the oil and gas from the soil or water and is paid by the natural resource owners. The state of Louisiana has over 30,000 producing oil and gas wells.

Tax Rate

The capable tax rate for oil and condensate is 12.5 percent of value and accounts for over 98 percent of the oil and condensate tax collections. There is also an incapable rate and a stripper rate for low-producing oil wells. The capable rate for gas, presently 25.2¢ per MCF, is responsible for over 99 percent of total gas tax collections. There are also reduced tax rates for low-pressure oil-well gas and incapable gas-well gas. The current severance tax rates are:

Type	Rate
Oil severance tax	
Capable rate.....	12.5% of value R.S. 47:633(7)(a)
Incapable rate	6.25% of value R.S. 47:633(7)(b)
Stripper rate.....	3.125% of value R.S. 47:633(7)(c)(i)

Natural Resources - Severance Tax

Type	Rate
Condensate severance tax	12.5% of value R.S. 47:633(8)
Gas severance tax	
Capable rate	20.8¢ per MCF R.S. 47:633(9)(a) R.S. 47:633(9)(d)(i)
Low pressure oil-well gas rate.....	3¢ per MCF R.S. 47:633(9)(b)
Incapable gas-well gas rate	1.3¢ per MCF R.S. 47:633(9)(c)

Types of Tax Exemptions

Severance tax exemptions for oil, gas, and minerals are in the form of exclusions, exemptions, special rates, deductions, and suspensions. Exclusions are by statute and refer to specific categories of natural gas upon which the tax shall not accrue. Exemptions and suspensions are also statutorily mandated and exempt or suspend the tax on oil or gas severed from wells that meet certain criteria. Special rates reduce the tax on natural resources severed from wells that qualify under specified criteria. Deductions are defined as a credit against or a reduction to the taxable base.

Significant Changes Fiscal Year 2004-2005

The gas severance tax rate increased from 20.8¢ to 25.2¢ per MCF on July 1, 2005, as a result of Acts 1990, No. 387, which set in place an indexing mechanism to annually adjust the gas severance tax rate.

Acts 2005, No. 446 amended R.S. 47:635, 640, and 1520, relative to the severance tax on oil and gas, to extend the tax return and payment due dates; to provide for a one-time payment of the oil and gas severance tax; to repeal the electronic funds transfer requirements; and to require oil or gas severance tax reports to be filed electronically. Effective for tax periods beginning on or after October 1, 2005.

Acts 2005, No. 492 amended R.S. 47:633(7)(c)(iv)(aa), regarding the tax suspension for inactive wells, to extend the time for taxpayers to apply for certification to qualify for the tax suspension from June 30, 2006, to June 30, 2010, and extend the suspension period from two to five years for any well granted inactive certification on or after January 1, 2005.

Natural gas exclusions

1. Injection

An exclusion is allowed for the injection of gas into producing reservoirs. The gas injected maintains reservoir pressure and enhances the recovery of hydrocarbons. This gas will eventually be reproduced and sold, and at that time the tax will be paid. This is really more of a deferred payment than an exclusion. The purpose of this exclusion is to promote secondary recovery and repressurization programs.

An exclusion is allowed for gas used or consumed for fuel in maintaining the operation of a field. This includes gas used for heating, separating, producing, dehydrating, compressing, and pumping oil and gas in the field where produced provided that the gas is not otherwise sold. The purpose of this exclusion is to provide financial assistance to qualifying producers.

8. Inactive wells

Gas wells returned to service after being inactive for two or more years or having 30 days or less production for the past two years were allowed a severance tax exemption for five years. The June 30, 1996, deadline for applying for inactive status was extended to June 30, 1998, by Acts 1996, No. 16, and to June 30, 2000, by Acts 1998, No. 7. Acts 2002, No. 74 amended R.S. 47:633(7)(c)(iv) to reactivate the exemption effective for production beginning July 1, 2002, and ending June 30, 2006, and change the exemption period from five to two years. Acts 2005, No. 492 extended the time for taxpayers to apply for certification June 30, 2006, to June 30, 2010, and extended the suspension period from two to five years for any well granted inactive certification on or after January 1, 2005.

21. Stripper oil - value less than \$20 per barrel

An oil well certified as a stripper well (incapable of producing an average of more than ten barrels of oil per producing day) is exempt from severance tax in any month in which the average posted price for a 30-day period is less than \$20 per barrel. Act 43 of the 1998 Regular Legislative Session amended the law to provide that the same value used as a basis to impose the severance tax under R.S. 47:633(7)(a) be used to determine the exemption for certified stripper production. The purpose of this exemption is to encourage producers to continue the operation of low-producing oil wells. However, stripper wells already qualify for a reduced tax rate of 3.125 percent of value.

Petroleum Products Taxes

Introduction

A tax on gasoline and motor fuels was first levied in the 1921 Louisiana Constitution at the rate of 1¢ per gallon. Special fuels were first taxed at the rate of 7¢ per gallon under a Use Fuel Tax as levied by Act 244 of 1940. This act also required fuel permits. Various amendments through the years set the rates as follows:

- 1921 Gasoline tax first levied at 1¢ per gallon
- 1924 Gasoline at 2¢ per gallon
- 1928 Gasoline at 4¢ per gallon
- 1930 Gasoline at 5¢ per gallon
- 1936 Gasoline at 7¢ per gallon
- 1940 Special fuels tax first levied at 7¢ per gallon
- 1948 Gasoline and special fuels at 9¢ per gallon
- 1952 Gasoline and special fuels at 7¢ per gallon
- 1968 Gasoline and special fuels at 8¢ per gallon
- 1984 Gasoline and special fuels at 16¢ per gallon
- 1990 Gasoline and special fuels at 20¢ per gallon

Act 16 of the First Extraordinary Session of 1989 increased the total tax on gasoline, motor fuels, and special fuels to the current 20¢ per gallon, not by increasing the 16¢ per gallon rate imposed by R.S. 47:711 and R.S. 47:802, but by levying an additional 4¢ under a new part titled Transportation Infrastructure Model for Economic Development (TIMED). The money generated by this levy, which was effective January 1, 1990, was specifically dedicated. By the same legislation, the Transportation Trust Fund was created wherein the 16¢ per gallon tax collections would eventually be deposited.

Gasoline and Diesel Fuels Tax

The gasoline tax was collected from the dealer who first handles, sells, distributes, uses, or consumes the gasoline and motor fuel in Louisiana. However, Acts 2005, No. 252 enacted R.S. 47:818.1 et seq. to move the point of collection for tax on motor fuels to the terminal rack. Clear diesel fuel, as newly defined, will be subject to tax when the product leaves the terminal via the rack so that subsequent sales of the product should be of taxed fuel and any clear diesel ultimately used for a nontaxable purpose could be eligible for the refund of the fuel tax paid.

The act also changed the discounts allowed to dealers and marketers. Previously a discount was allowed to gasoline dealers for three percent of the first 1¢ of tax; gasoline jobbers were allowed three percent of the first 4¢ of tax; and special fuel suppliers were allowed three percent of net taxable gallons. Under the act, effective July 1, 2006, suppliers (refiners) are allowed to keep 1.5 percent of the tax if they timely file and remit the taxes and pass on one percent of the tax to the distributors (marketers).

Special Fuels Tax

Special fuels are defined as any gas or liquid, other than gasoline or diesel fuel, used or suitable for use as motor fuel in an internal combustion engine or motor to propel any form of vehicle, machine, or mechanical contrivance. Special fuels include compressed natural gas, liquefied natural gas, and liquefied petroleum gas. The tax on special fuels was paid by any person who operates a motor vehicle upon the highways that uses or is capable of using LPG or CNG. The tax is paid on the annual return and is evidenced by a decal that is issued to the operator for each vehicle.

Owners or operators of motor vehicles that use liquefied natural gas, liquefied petroleum gas, or compressed natural gas pay an annual flat rate or tax based on usage depending on weight of the vehicle. Act 2005, No. 252 does not change the manner in which this tax will be reported or collected.

Fee for Inspection

To defray the expenses connected with the inspection, testing, and analyzing of petroleum products in the state, an inspection fee of 4/32 of one cent per gallon is collected on all petroleum products distributed, sold, or offered for sale or use or consumption in the state or used or consumed in the state. The fee, to be paid by the first person handling the fuel, must be paid before delivery to agents, dealers, or consumers in the state. The fee is not collected on liquefied petroleum gas, natural gas, or bulk sale or transfers and exports out of the state are not subject to the fee. In addition, no fee is due on fuels that are eligible for tax refunds under the provisions of R.S. 47:818.15(A)(5) or that are sold for use in or distributed to seagoing vessels as defined in R.S. 3:4602.

Vehicles over 10,000 pounds

- Variable rate of 16¢ per gallon (80 percent of the current 20¢ rate) on fuel used based on the gallons used the previous year and using the schedule for calculating vehicle's miles per gallon provided by law. However, the minimum payment shall not be less than \$150 (80 percent of \$187.50).

School buses that transport Louisiana students

- One-half of the lesser of the regular flat rate or one-half of the variable rate.

Types of Tax Exemptions

Petroleum products tax exemptions are in the form of exemptions, refunds, and discounts. Exemptions are items that were included in the tax base, but have been specifically exempted statutorily. Refunds are a restitution of taxes paid. Discounts are a proportionate deduction from the amounts reported.

There are two statutory tax exemptions that are also prohibited from taxation by federal laws. Because of these additional prohibitions, repeal of the exemption alone would not yield the fiscal effect indicated. For this reason, these exemptions have been separately grouped at the end of the section.

Significant Changes Fiscal Year 2004-2005

Acts 2005, No. 252 moved the point of collection for tax on motor fuels to the terminal rack. Clear diesel fuel, as newly defined, will be subject to tax when the product leaves the terminal via the rack so that subsequent sales of the product should be of taxed fuel and any clear diesel ultimately used for a nontaxable purpose could be eligible for the refund of the fuel tax paid. The discounts allowed to dealers and marketers are also changed. Current law gives gasoline dealers three percent of the first one cent of tax; gasoline jobbers three percent of the first four cents of tax; and special fuel suppliers three percent of net taxable gallons. Suppliers (refiners) are allowed to keep 1.5 percent of the tax if they timely file and remit the taxes and pass on one percent of the tax to the distributors (marketers). Effective July 1, 2006.

Acts 2005, No. 375 amended R.S. 47:715.1(A) to increase the special fuels tax refund for contract school bus drivers of privately-owned school buses transporting Louisiana public or private school students from one half of the tax to three fourths of the gasoline and special fuels tax. Effective July 1, 2005.

R.S. 47:719(B) provided gasoline dealers with a discount of three percent of the first 1¢ of the total tax per gallons sold, used, or consumed by a dealer for domestic consumption to be deducted from the taxable gallonage. The purpose of this discount was to compensate the dealers for product losses incurred when handling motor fuels.

Beginning July 1, 2006, this discount will be superseded by Acts 2005, No. 252, which enacted R.S. 47:818.22(A) to allow suppliers that file a timely return and remit a timely payment to deduct an administrative discount of one and one-half percent of the tax due on gasoline and diesel fuels. The deduction is only allowed if the supplier allows a deduction of one percent to a purchaser with a valid distributor or importer license.

Public Utilities and Carriers Taxes

Inspection and Supervision Fee

Introduction

The inspection and supervision fee was first imposed by Act 108 passed during the Extraordinary Session of 1921. This act established that each common carrier and public utility doing business in Louisiana and subject to the control and jurisdiction of the Public Service Commission would pay an annual fee for the inspection, control, and supervision of the business, service, and rates of such common carrier and public utility. The fee was set on a graduated scale, with a minimum annual fee established of \$10 not to exceed a maximum of \$500, to be due at the end of December. Changes to the fee and rate schedules occurred in 1928, 1935, 1962, 1970, and again in 1972 when a minimum annual fee of \$35 was established and the maximum amount eliminated.

The year 1985 brought forth two pieces of legislation. Act 182 changed the due date from December 31 to April 1; while Act 561 implemented a supplemental fee of 20 percent of the inspection and supervision fee payment on each gas, electric, and telephone public utility. Act 700 of 1986 changed the reporting period from annually to quarterly, adjusted the rates, and established the minimum amount to be paid at not less than \$12.50 quarterly, \$50 annually.

As a result of Section 601 of the Federal Aviation Administration Act of 1994, Act 301 of 1995 was enacted removing certain motor carriers from the jurisdiction of the Louisiana Public Service Commission thus eliminating these carriers from the imposition of the Inspection and Supervision Fee.

Types of Tax Exemptions

For the purpose of the fee, the tax exemptions are in the form of exclusions. Exclusions are items specifically not included in the tax base.

Significant Changes

Fiscal Year 2004-2005

There were no significant changes to the inspection and supervision fee laws during the past year.

Public Utilities and Carriers Taxes Inspection and Supervision Fee

Exclusions

1. Ten-mile zone exclusion

Certain common carriers operating sightseeing passenger vehicles are allowed to exclude a ten-mile zone from the computation of their gross receipts. The common carrier must operate the vehicles within the limits and not more than ten miles from one incorporated municipality under a municipal certificate of public convenience and necessity. The purpose of this exclusion is to shelter the ten-mile zone from taxation.

Public Utilities and Carriers Taxes

Transportation and Communication Utilities Tax

Introduction

A tax on transportation and communication utilities was first imposed by Act 13 of the 1934 Regular Legislative Session. The tax was levied on every person owning or operating any public utility in this state. Public utilities has been defined to include railroads and railways, sleeping cars, motor bus lines, motor freight lines, express companies, boat or packet lines, and pipe lines. The basic law has remained relatively unchanged over the years with the majority of changes occurring to the definitions of the various utilities and what constitutes gross receipts for the respective utilities.

Acts 1991, No. 388 repealed the transportation and communication tax as it applied to telephone companies and at the same time the telephone companies' services became subject to sales and use tax.

Sales Tax

Introduction

Louisiana sales tax was first imposed in 1936. The original sales tax was enacted as a two percent luxury sales tax. It was replaced by a one percent general sales tax that was in effect between 1938 and 1940. In 1942, a one percent war emergency tax was enacted and set to run for a two-year period. The first permanent sales tax was enacted in 1944 at a rate of one percent (R.S. 47:302); increased to two percent in 1948 (R.S. 47:302); increased to three percent in 1970 (R.S. 47:321); and increased to a four percent rate in 1984 (R.S. 47:331).

The general sales tax rate was four percent until June 30, 1988. In 1988, the legislature created the Louisiana Recovery District and authorized the District to issue bonds to be secured through the imposition of a sales tax. The one percent general sales tax imposed under R.S. 47:321 was repealed and was replaced by the one percent Recovery District tax. Due to bonding requirements, the taxes levied by the Recovery District are not affected by tax law changes subsequent to 1988. This combination of a three percent general sales tax, along with a one percent Recovery District tax remained in effect from July 1, 1988 to September 30, 1990.

In 1990, the legislature created the Louisiana Tourism Promotion District and granted it the authority to levy a tax. On October 1, 1990, the Tourism Promotion District levied a .03 percent sales tax, and on the same date the general sales tax rate imposed under R.S. 47:331 was reduced to .97 percent totalling the same overall tax rate of one percent. The tax base is the same for the Tourism Promotion District and general sales tax. On September 30, 1996, the bonds of the Recovery District were retired and the Recovery District ceased to exist. The levy of the Recovery District was replaced with a one percent general sales tax levy under R.S. 47:321.

For the purposes of this report, the term general sales tax is used to reference the four percent tax imposed by both the state and the Tourism Promotion District.

Exclusions and exemptions from the sales tax have existed since the first tax levy and new exclusions and exemptions have been enacted over the years. The exemptions were effective against the total sales tax base until 1986. During the 1986 Regular Legislative Session, House Concurrent Resolution 55 was

enacted, which suspended the sales tax exemptions imposed under R.S. 47:331 for the period of July 1, 1986 through June 30, 1987. As a result of the suspension, traditionally exempt items were subject to a one percent sales tax. The legislature continued the one percent suspension until July 31, 1989. Effective August 1, 1989, the suspension rate was changed to three percent through December 31, 1989; two percent from January 1, 1990 through July 9, 1990; and three percent from July 10, 1990 through June 30, 1997. From July 1, 1993 to September 30, 1996, exemptions from the one percent sales tax levied by the Louisiana Recovery District were also suspended, resulting in a four percent suspension rate.

In order to extend tax relief, the Louisiana Legislature began enacting exclusions from the tax under the definitions in R.S. 47:301, rather than the exemptions under R.S. 47:305. Some of the new exclusions replaced existing exemptions that were taxable under the suspension of exemptions. This action resulted in two statutes affecting the same subject. In 1998, duplicative exemptions were repealed leaving only the exclusion as the statutory authority. The bonds of the Recovery District were retired as of September 30, 1996, and the District ceased to exist. The levy of the District was replaced with a one percent general sales tax levy and the four percent suspension continued until June 30, 1997.

From July 1, 1997 to June 30, 2000, the suspension rate is three percent. From July 1, 2000 to June 30, 2009 the suspension rate is four percent, except for sales of non-residential electricity, water utility service, natural gas, and steam, which is subject to a suspended tax rate of 3.8 percent through December 31, 2005. For the period January 1, 2006, to June 30, 2009 sales for nonresidential purposes of natural gas for energy and electric power will be subject to a suspended rate of 3.3 percent. Sales of steam and water for nonresidential use will continue to be taxed at the suspended rate of 3.8 percent.

Tax Base

The tax base consists of retail sales of tangible personal property, rental of movable property, and selected services. The tax base also includes use tax due on the cost of tangible personal property imported into this state or purchased within this state without the proper payment of sales tax.

Types of Tax Exemptions

Louisiana sales tax exemptions are in the form of exclusions, exemptions, alternate reporting methods, credits, and refunds. Exclusions are items that have been excluded from the tax base by definition. Exemptions are items that were included in the tax base, but have been specifically exempted. Alternate reporting methods allow taxpayers to report and remit taxes in a manner different from the normally required procedure. Statutorily prescribed methods of taxation are items that have statutory methods to calculate the tax. Credits are situations when the taxpayer can deduct the credit amount from the tax due and pay only the net tax due. Refunds are the result of taxes paid initially, but for which the taxpayer may be reimbursed. All tax exemptions that are the result of Louisiana tax statutes are included in this report.

There are several statutory tax exemptions that are also prohibited from taxation by the state constitution, federal laws, or existing reciprocal agreements. Because of these additional prohibitions, repeal of the exemption alone would not yield the fiscal effect indicated. For this reason, these exemptions have been separately grouped at the end of the section.

Fiscal Impact

The fiscal impact shown in this budget reflects all current statutory language and is not broken down by the various levies. It reflects the suspension of most exemptions at the rate of four percent.

Legislation to continue the suspension of most of the state sales tax exemptions through June 30, 2009, was enacted during the 2004 1st Extraordinary Session by Act 4.

Sales Tax

Significant Changes Fiscal Year 2004-2005

Acts 2005, No. 243 repeals R.S. 47:301(16)(i)(iv), to remove a qualifying standard that was previously mandated in order for radio broadcasters to qualify for sales tax exclusion on their first purchases of digital radio conversion equipment. The repealed paragraph provided that holders of radio broadcast licenses could not qualify for the sales tax exclusion on purchases of digital radio conversion equipment until such time as the conversion to digital radio broadcast equipment was mandated by the Federal Communications Commission. With the repeal, radio broadcasters will qualify for the sales tax exclusion on their purchases after the effective date of Act 243 of digital radio conversion equipment, even though the Federal Communications Commission does not mandate radio broadcasters' conversion to the digital equipment. Effective June 29, 2005.

Acts 2005, No. 278 enacts R.S. 47:305.53 and R.S. 47:337.9(D)(27) to provide a state and local sales tax exemption for nonprofit organizations that were established prior to 1975 conducting comprehensive programs on sickle cell disease. The organizations are required to obtain exemption certificates from the Department of Revenue. Effective July 1, 2005.

Acts 2005, No. 293 enacts R.S. 47:301(10)(aa) and (18)(m) to grant an exclusion from state and local sales tax for nonprofit organizations that donate toys to children. The organizations are required to obtain exemption certificates from the Department of Revenue or the tax collector of the political subdivision. Effective July 1, 2005.

Acts 2005, No. 345 enacts R.S. 47:301(7)(j), 47:301(10)(y), and 47:301(18)(k) to exclude from the definitions of the terms "lease or rental," "sale at retail," and "use" manufacturing machinery and equipment that is used to manufacture, produce, or extract unblended biodiesel. The Act provides definitions of the terms "manufacturing machinery and equipment" and "unblended biodiesel." This portion of the Act is effective July 1, 2005.

The Act also enacts R.S. 47:301(10)(z) and 47:301(18)(l) to provide sales tax exclusions from the definitions of "sale at retail" and "use" for alternative substances used as fuels by certain manufacturers. Alternative substances are defined as any substance other than oil and natural gas and any product of oil or natural gas, specifically including

petroleum coke, landfill gas, reclaimed or waste oil, unblended biodiesel, and tire-derived fuel, and specifically excluding coal, lignite, refinery gas, nuclear fuel, and electricity. Manufacturers who are eligible to claim these exclusions are those who are assigned by the Louisiana Department of Labor codes within the North American Industrial Classification System (NAICS) in the agricultural, forestry, fishing, or hunting sector 11 or manufacturing sectors 31 to 33, as they existed in 2002. This portion of the Act is effective July 1, 2006, and becomes null and void on June 30, 2012.

Acts 2005, No. 357 amends Section 2 of Acts 1996, No. 15 (later amended by Acts 1998, No. 47, Acts 2000, No. 33, and Acts 2003, No. 141) to extend the termination date regarding the exclusion from state and local sales tax of certain transactions involving certain private and parochial elementary and secondary schools from July 1, 2005, to July 1, 2009. These exclusions from the term "lease or rental" at R.S. 47:301(7)(f), from the term "sale at retail" at R.S. 47:301(10)(q), and from the term "use" at R.S. 47:301(18)(d), apply to books, workbooks, computers, computer software, films, videos, and audiotapes. R.S. 47:301(10)(q)(i) further provides sales tax exclusion on sales of tangible personal property by approved parochial and private elementary and secondary schools and students, administrators, teachers, or other employees of the schools, if the proceeds of the sales, less reasonable and necessary expenses, are used solely to support the school or its curricula. Effective June 30, 2005.

Acts 2005, No. 364 enacts R.S. 47:301(10)(bb) to provide a state sales and use tax exclusion for purchases of natural gas to be held, used, or consumed in providing natural gas storage services or operating natural gas storage facilities. Effective June 30, 2005.

Acts 2005, No. 377 amends R.S. 33:4574.1(A)(1)(b) to provide that the term "hotel" shall not include camp and retreat facilities owned and operated by nonprofit organizations exempt from federal income tax under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3) of the Internal Revenue Code provided the net revenue derived from the organization's property is devoted wholly to the nonprofit

Sales Tax

organization's purposes. This change deletes the requirement that there be religious purposes involved. This Act also amends R.S. 47:301(6)(b) to provide the same, and additionally provides that the term "hotel" shall include camp and retreat facilities that sell rooms or other accommodations to transient guests who are not attending a function of the nonprofit organization that owns and operates the camp and retreat facilities or a function of another nonprofit organization exempt from federal income tax under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3) of the Internal Revenue Code. R.S. 47:301(14)(b)(iv) is also amended to remove the requirement of religious purposes and provides the same nonprofit language as the above two sections. Effective June 30, 2005.

Acts 2005, No. 393 enacts R.S. 47:301(8)(f) to provide an exclusion from state sales and use tax for purchases by nonprofit entities that sell donated goods and spend 75 percent or more of revenues on directly employing or training persons with disabilities or workplace disadvantages. Nonprofit entities must apply for an exclusion certificate annually with each exclusion certificate effective for a one-year period. Effective July 1, 2005.

Acts 2005, No. 397 amends R.S. 47:305.50(B)(1) to provide a state and local sales and use tax exemption for rail rolling stock sold or leased in Louisiana. Previously, this exemption was limited to rail rolling stock manufactured in the state for use in interstate commerce. The Act also adds R.S. 47:305.50(B)(2) to provide a state and local sales tax exemption for parts or services used in the fabrication, modification, or repair of rail rolling stock. Political subdivisions are authorized to provide by ordinance that the sales or use tax exemption provided by R.S. 47:305.50(B)(2) will not apply within their jurisdictions and that their sales or use taxes will be due on parts or services used in the fabrication, modification, or repair of rail rolling stock. Effective July 1, 2005.

Acts 2005, No. 410 amends R.S. 47:301(13) to provide that the term "sales price" does not include the price of specialty items sold to members for fund-raising purposes by nonprofit carnival organizations domiciled within Louisiana and participating in a parade sponsored by a carnival organization. It also amends R.S. 47:305.40, which is currently suspended, to provide that the sales and use taxes do not apply to sales of specialty items for

use in connection with Mardi Gras activities by specified organizations. Effective August 15, 2005.

Acts 2005, No. 457 amends R.S. 47:305.10(F) to eliminate the conflict with R.S. 47:305(I), which provides a sales tax exemption for labor, materials, services, and supplies used for repairing, renovating, or converting drilling rigs, or machinery and equipment that are component parts thereof and used exclusively for the exploration or development of minerals outside the territorial limits of the state in Outer Continental Shelf waters. The Act also enacts R.S. 47:301(10)(y) and 47:301(18)(k) to exclude from the terms "retail sale" or "sale at retail" and "use" the purchase, importation, storage, distribution, or exportation of, or exercise of any right or power over, textbooks and course-related software by a private postsecondary academic degree granting institution, accredited by a national or regional commission that is recognized by the United States Department of Education, is licensed by the Board of Regents, has its main location within this state, and offers only online instruction. These exclusions apply if the textbooks and course-related software are physically outside of this state when purchased from a vendor outside of this state and then imported into this state, the first student use of the textbooks and course-related software occurs outside of this state, and the textbooks and course-related software are provided to the student free of charge. Effective July 11, 2005.

Acts 2005, No. 458 eliminates the special treatment of sales of other petroleum byproducts, except feedstock, for both state and local purposes. These sales are now treated as any other sale of tangible personal property. Also revises the special rule regarding the definition of "sales price" for sales of refinery gas. The "sales price" for sales of refinery gas is now the same as the "cost price" for use tax purposes. Effective July 11, 2005.

Acts 2005, No. 471 amends R.S. 47:301(3)(i)(ii)(bb) to include in the definition of "manufacturer" for purposes of the sales tax exclusions for manufacturing and agricultural machinery and equipment those who would be assigned a NAICS code within Sector 11 (agricultural, forestry, fishing, and hunting) or 31-33 (manufacturing), but are not required to register with the Department of Labor for unemployment insurance and therefore do not receive such assignment. This allows farmers and manufacturers with no employees to be eligible for the exclusions and is in accord with the intent of Acts 2004 1st Ex. Sess.,

Sales Tax

No. 1. Also enacts R.S. 47:301(3)(i)(ii)(aa)(I)(ddd) to provide that machinery and equipment used by an industrial manufacturing plant to generate electric power for self consumption or cogeneration is included in the definition of “machinery and equipment” for purposes of the sales tax exclusions for manufacturing and agricultural machinery and equipment. Effective July 12, 2005.

Acts 2005 1st Ex. Sess., No. 9 enacts R.S. 47:305.54, the “2005 Louisiana Sales Tax Holiday Act,” which provides for an exemption from state sales tax during the three-day period December 16–18, 2005, on the first \$2,500 of the purchase price of most individual items of tangible personal property. The exemption will apply statewide to all consumer purchases of tangible personal property, other than vehicles subject to license and title and meals furnished for consumption on the premises where purchased, including to-go orders, provided that the property is not for use in a business, trade, or profession.

For business-use purchases, the Act authorizes the state sales tax exemption during the holiday only on purchases by those businesses that are located in Hurricane Katrina or Hurricane Rita Federal Emergency Management Agency (FEMA) Individual Assistance Areas who will acquire property to replace property that was damaged, destroyed or lost as a result of conditions created by the two hurricanes.

Acts 2005 1st Ex. Sess., No. 47 enacts R.S. 47:305.55 to provide a state sales tax exemption for the purchase, lease, or rental of machinery and equipment and the repair parts or repair services for machinery and equipment damaged or destroyed by Hurricane Katrina or Hurricane Rita when the machinery and equipment is used by a manufacturer in a plant facility predominantly and directly in the actual manufacturing for agricultural purposes or the actual manufacturing process of an item of tangible personal property for ultimate sale to another. The sales tax exemption becomes null and void after June 30, 2007. Effective upon governor’s signature.

Acts 2005 1st Ex. Sess., No. 48 amends R.S. 47:331(P)(2) and enacts R.S. 47:301(3)(j) and (13)(m), 302(T), 3 321(J), and 331(R) to provide for a reduction in the sales tax rate for sales of natural gas and electricity. Previously, sales of natural gas for energy, electric power, steam, and water for nonresidential purposes were taxed at 3.8 percent through fiscal year 2009. After that a one percent tax applies. This Act provides for a 3.3 percent sales tax on sales for nonresidential purposes of natural gas for energy and electric power from January 1, 2006, to June 30, 2009. After that these sales would be subject to the one percent tax provided in current law. The Act also provides a full state sales tax exemption for purchases of electric power by the paper or wood products manufacturing facilities for the period July 1, 2006, through December 31, 2008, and allows these facilities to pay the 3.3 percent tax on natural gas purchased for energy purposes only up to the purchase price of \$6.20 per MMBtu and fully exempts any amounts in excess of the \$6.20 per MMBtu price. Effective January 1, 2006.

Exclusions

1. Purchases by pari-mutuel horse racetracks

This exclusion allows racetracks licensed by the Racing Commission to make purchases of tangible personal property, services, and leases and rentals without the payment of sales or use tax. The state imposes certain license fees, commissions, and taxes on racetracks and horse racing. The purpose of this exclusion is to remove the liability for sales tax in lieu of the special taxes imposed on licensed racetracks.

3. Purchases, services, and rentals by private company working for local authority on construction or operation of sewerage or wastewater treatment facilities

The provision allows a private company with a contract to construct or operate a sewerage or wastewater treatment facility for a local governmental authority to be entitled to the same exclusions and exemptions as the governmental authority. The governmental entity has an exclusion for the purchase of tangible personal property and services and the rental/lease of tangible personal property under R.S. 47:301(8)(c). The purpose of this exclusion is to provide financial assistance to local governments through lower contract cost.

4. Isolated or occasional sales of tangible personal property

This exclusion allows isolated or occasional sales, other than motor vehicles, that are not sold as a part of regular business activity to be tax free. This exclusion can be claimed by both businesses and individuals. The purpose of this exclusion is to allow tax-free sales between individuals who are not in the retail business and by businesses on sales outside their normal course of business.

8. Manufacturers rebates paid directly to a dealer

This exclusion allows any payments made directly between the manufacturer and a third-party dealer (not the manufacturer's customer) for the manufacturer's product for the specific purpose of reducing the sales price and which actually reduces the price as stated to the consumer for the tangible personal property to be free of sales tax. The actual sales price to be paid directly by the consumer will be subject to sales tax. Manufacturers coupons used by the consumer as part payment of the "sales price" at the time of purchase and redeemed by the dealer will remain taxable. This exclusion excludes this payment from the definition of "cost price" and "sales price." The purpose of this exclusion is to clearly identify the taxable sales price being paid for tangible personal property by the consumer at the time the property is purchased.

9. Leases or rentals of railroad rolling stock and leases or rentals by railway companies and railroad corporations

This exclusion removes lessors/rentors of railroad rolling stock from the requirement to charge the lease/rental tax to their lessees. This exclusion still requires lessees/rentees, with the exception of railway companies or railroad corporations, to self-assess the lease/rental tax and remit the tax directly to the state. The purposes of this exclusion are to relieve the lessors/rentors of railroad rolling stock from the burden of collecting the rental tax on rolling stock and to provide relief to railway companies and railroad corporations from the lease/rental tax.

10. Purchases of manufacturing machinery and equipment

The exclusions, phased in over seven years, allow manufacturing machinery and equipment to be purchased free from the state sales, use, lease, and rental tax by eligible manufacturers. The term “manufacturer” is defined as a person whose principal activity is manufacturing, and who is assigned by the Louisiana Department of Labor a North American Industry Classification code within the agricultural, forestry, fishing, and hunting Sector 11 or manufacturing Sectors 31-33, as they existed in 2002. Acts 2005, No. 471 expanded the definition of manufacturer to include those who would be assigned a NAICS code within Sector 11 or 31-33 but are not required to register with the Department of Labor for unemployment insurance and therefore do not receive such assignment. This same act also enacted a provision that allows machinery and equipment used by an industrial manufacturing plant to generate electric power for self consumption or cogeneration to be included in the definition of “machinery and equipment” for purposes of the sales tax exclusions for manufacturing and agricultural machinery and equipment. To qualify for the exclusion, the machinery and equipment must be used by the manufacturer in a plant facility and be used predominantly and directly in the actual manufacturing process.

Effective July 1, 2005, 19 percent of the price of eligible manufacturing machinery and equipment will be excluded from the state sales tax, increasing to 35 percent effective July 1, 2006 then 54 percent effective July 1, 2007.

This exclusion allows approved parochial and private elementary and secondary schools that comply with the court order from the Dodd Brumfield decision and Section 501(c)(3) of the Internal Revenue Code to rent/lease or purchase specific materials and equipment for classroom instruction free of sales tax. The materials and equipment are limited to books, workbooks, computers, computer software, films, videos, and audio tapes. These items must be used for classroom instruction only. This statute also excludes the sales of tangible personal property by the approved school from the sales tax, when the proceeds of such sales are used solely and exclusively to support the school. This exclusion for sales does not allow tax-free sales to students or their families by promoters or regular dealers through the use of the school name or facilities. The purpose of this exclusion is to allow financial relief to qualifying schools for classroom materials and equipment and to assist in fund-raising.

94. Repairs and materials used on drilling rigs and equipment

This exemption allows repairs and materials used on drilling rigs and equipment used exclusively for exploration and development of minerals outside the territorial limits of the state in outer continental shelf waters to be exempt from the state sales and use tax. The exemption applies to the sale of materials, services, and supplies as well as labor used to repair, renovate or convert any drilling rig, or machinery and equipment that are component parts used exclusively for the exploration or development of minerals outside the territorial limits of the outer continental shelf waters. The definition of drilling rig and component parts are also defined under R.S. 47:305(I). 95. Sales of 50-ton vessels and new component parts and sales of certain materials and services to vessels operating in interstate commerce

This exemption allows the purchase of materials, equipment, and machinery that become component parts of ships, vessels, and barges with a 50-ton and over load displacement and the sale of qualifying ships, vessels, and barges to be exempt from sales tax. Drilling ships and barges are also exempt. This exemption also allows ships or vessels operating exclusively in foreign or interstate coastwise commerce to purchase materials and supplies, repair services, and laundry services tax free. The purpose of this exemption is to make Louisiana boat builders and boat-service businesses competitive with similar companies in other states.

Beneficiaries

The beneficiaries of this exemption are builders of 50-ton and over ships, vessels, and barges and the owners of ships, vessels, and barges that operate in foreign or interstate commerce. Since the courts have declared that tax laws cannot discriminate against interstate commerce, the Department has been unable to enforce the restrictive built in Louisiana language contained in the statute. Consequently, out-of-state builders have also benefited from this exemption.

144. Collection from interstate and foreign transportation dealers

This alternative method of tax payment allows transportation companies operating in interstate and foreign transportation of passengers or property to remit taxes based upon the percentage of Louisiana miles to total miles. Per Acts, 2005 No. 126, "Louisiana mileage" shall not include mileage in Louisiana that is a segment or part of a stream of trade, traffic, transportation, or movement of passengers or property between a point in this state and a point located offshore beyond the territorial limits of any state. The Act also provides that a unit of transportation measurement other than mileage may be used if appropriate based on industry custom and type of transportation. Those transportation dealers registered under R.S. 47:306.1 on June 22, 2005, and who provide transportation between points in Louisiana and points offshore outside the territorial limits of any state during the sales and use tax period immediately preceding June 22, 2005 are deemed to have elected to report under these statutes and shall begin reporting in accordance with them in lieu of R.S. 47:306.1 unless the taxpayer notifies the secretary to the contrary.

145. Extended time to register mobile homes

This provision allows purchasers of mobile homes, as defined by R.S. 9:1149.2(3), to extend the time to apply for a certificate of Title from five days after delivery to the 20th day of the month following the month of delivery of the home. This allows between 20 to 50 days to apply for a title. If a mobile home is immobilized prior to registration, the mobile home is not subject to sales tax. The purpose of this provision is to allow purchasers of mobile homes more time to immobilize the mobile home.

146. "Sales or cost price" of refinery gas

These exclusions define the valuation of refinery gas, except feedstock, either sold or produced. This value is determined for each calendar year. Sales of such property are subject to tax under R.S. 47:301(13)(d) and the use of such property by the producer is subject to the tax under R.S. 47:301(3)(f). The price of refinery gas shall be the maximum of 52¢ per MCF multiplied by a fraction the numerator of which shall be the posted price for a barrel of West Texas Intermediate Crude Oil on December 1 of the preceding calendar year and the denominator of which shall be \$29. This valuation applies to both state and local governments. The valuation for calendar year 2005 is .837¢. This valuation is identical to the valuation originally set under R.S. 47:305(D)(1)(h) (See number 88, Sales Tax Section).

147. Vendor's compensation

This credit compensates the dealer in accounting for and remitting the sales tax. Each dealer is allowed to deduct 1.1 percent from the tax due provided the reports are submitted and paid to the Department of Revenue on a timely basis. The amount of the vendor's compensation is computed on the sales tax collections before credit is taken for taxes paid on goods for resale. The purpose of this credit is to compensate the dealer in accounting for and remitting the sales taxes.

156. Credit for sales and use taxes paid to other states on property imported into Louisiana

This credit allows a person or company to reduce any use tax due by the equivalent sales/use tax lawfully paid to another qualified state. In order to qualify, the other state must allow a similar credit for Louisiana taxes and the tax charged must be similar in nature. The state of Louisiana has entered into agreements with other states to allow similar credits for Louisiana residents. 158. Use of vehicles in Louisiana by active military personnel

This exemption allows active military personnel to transfer motor vehicles into Louisiana exempt from sales tax under the following conditions:

- the personnel is on active duty in Louisiana;
- sales tax was collected in the state that the vehicle was purchased; and,
- the purchaser was a resident or stationed on military duty in the state that the vehicle was purchased.

The vehicle becomes subject to Louisiana sales tax when the person leaves active military service. A credit is allowed for taxes paid to other states under R.S. 47:303(A). This statute is similar to provisions of the Federal Soldiers and Sailors Civil Relief Act of 1940 (50 U.S.C. 574). Because of the provisions of the federal act, the credit allowed for taxes paid other states is not expected to create an additional loss of tax revenues. The purpose of this provision is to reciprocate for the credit allowed by other states.

Tax Incentives and Exemption Contracts

Introduction

The Department of Economic Development, Business Incentives Division, administers various tax exemptions and incentive programs for the benefit of qualifying businesses. The State Board of Commerce and Industry is responsible for reviewing and approving or disapproving applications for many of the tax incentive programs administered by the Department of Economic Development.

Depending on the legislative intent, businesses must meet specific criteria to be eligible for the various tax exemption and incentives and once approved, must continue to comply with the program guidelines to maintain eligibility. The purpose of these tax exemption and incentive contracts is to encourage specific economic development.

Types of Tax Exemptions

Tax exemptions can be in the form of sales and use tax rebates and exemptions and credits for income taxes, corporation franchise tax, and other taxes imposed by the state.

1. Atchafalaya trace heritage area development zone tax exemption

The Board of Commerce and Industry, after receiving approval from the review board consisting of the secretaries of the Department of Revenue and Culture, Recreation and Tourism, chairmen of the Atchafalaya Trace Heritage Area Commission, House Committee on Ways and Means, and Senate Revenue and Fiscal Affairs Committee and the executive director of the Atchafalaya Trace Commission, and with the approval of the governor, may enter into contracts with heritage-based cottage industry concerns located in the development zone to grant tax credits to promote economic development and the creation of new jobs. The tax credits that may be granted are:

- a \$750 credit for the business; and
- a \$750 credit for each new development zone resident employee.

The credits can be claimed against individual income tax or corporation income or franchise taxes and the tax credit contracts are for five years.

The development zone covers the 13 parishes of Assumption, Avoyelles, Concordia, East Baton Rouge, Iberia, Iberville, Lafayette, Pointe Coupee, St. Landry, St. Martin, St. Mary, Terrebonne, and West Baton Rouge.

Beneficiaries

Heritage-based cottage industry located in the development zone

Administration

The purpose of this credit is achieved in a fiscally effective manner.

Estimated Fiscal Effect

We are unable to predict the future fiscal effect because the Department does not have data on approved or pending contracts. During FY 2004-05, \$42 in individual income tax credits were granted.

2. University research and development parks

The Board of Commerce and Industry, with the approval of the governor and the Joint Legislative Committee, can grant tax exemption contracts for university research and development parks as follows:

- corporation franchise tax exemptions;
- corporation income tax exemptions;
- exemptions from any other taxes imposed by the state;
- rebates of sales and use taxes on machinery, equipment, materials, and building supplies; and
- rebates of sales and use taxes on any other goods and services.

The total annual amount of the state exemptions may not exceed 30 percent of the liability for corporate franchise, income, and state sales and use taxes of the business for the previous fiscal year. The total annual sales tax rebate amount for any fiscal year may not exceed the sales tax liability for the previous fiscal year.

This exemption contract may be granted for a period not to exceed five years and renewed for periods of up to five additional years, provided that the total number of years of the exemption does not exceed ten years. The purpose of these tax exemption contracts is to encourage the development of university biomedical research and development parks.

We are unable to predict the future fiscal effect because the Department does not have data on approved or pending contracts. No tax exemptions have been granted thus far.

3. Louisiana Biomedical Research and Development Park Program

The Board of Commerce and Industry, with the approval of the Governor and the Joint Legislative Committee, can grant tax exemption contracts for research and development parks as follows:

- corporation franchise tax exemptions;
- corporation income tax exemptions;
- exemptions from any other taxes imposed by the state;
- rebates of sales and use taxes on machinery, equipment, materials, and building supplies; and
- rebates of sales and use taxes on any other goods and services.

This program was repealed by Acts 2005, No. 487. No tax exemptions were granted under this program.

4. Louisiana Motion Picture Incentive Program

The purpose of the Louisiana Motion Picture Incentive Act is to provide a financial incentive to the film industry in order that the state might compete with other states for filming locations. Under the act, the following incentives are allowed:

1. State sales and use tax exclusion

Until January 1, 2006, motion picture production companies domiciled and headquartered in Louisiana are eligible for a refund of any state sales taxes paid on state-certified productions if they meet the following conditions:

- The company must spend at least \$250,000 in Louisiana during a 12-month period and if the production company fails to expend the required \$250,000, the sales tax will be due as of the date that the purchases were made;
- The monies must be paid from a checking account at a Louisiana financial institution;
- Application must be approved by the secretary of the Department of Economic Development with recommendation of the director of the Governor's Office of Film and Television Development; and
- The motion picture must be a nationally distributed feature-length film, video, television series, or commercial and television coverage of news and athletic events do not qualify.

2. Employment tax credit

A credit is allowed for qualified motion picture production companies for employment of Louisiana residents in the state-certified production of a qualified motion picture. The productions must receive the effective certification date before December 31, 2005. The credit allowed is 10 percent of the total payroll for residents employed in the production if the total qualified payroll is \$300,000 or more during the taxable year or 20 percent if the total qualified payroll is \$1 million or more during the taxable year. The credits are limited to the company's tax liability but may be carried forward for 10 years after the credit was earned.

The credit may be applied to any income tax or corporation franchise tax liability applicable to the motion picture production company. If the motion picture production company is an entity not subject to income or franchise tax, the credit shall flow through to its partners or members as follows:

4. Louisiana Motion Picture Incentive Program *(continued)*

- Corporate partners or members may claim their share of the credit on their corporation income or corporation franchise tax returns;
- Individual partners or members may claim their share of the credit on their individual income tax returns.
- Partners or members that are estates or trusts may claim their share of the credit on their fiduciary income tax returns.

5. Motion picture investor tax credit

Louisiana taxpayers that invest in state-certified motion-picture productions can earn a tax credit at the time expenditures are made by a motion picture production company.

The credits cannot be applied against a tax or transferred until the expenditures are certified by the Governor's Office of Film and Television Development and the Department of Economic Development. For state-certified productions, expenditures shall be certified no more than twice during the duration of a state-certified production unless the motion picture production company agrees to reimburse the Governor's Office of Film and Television Development and the Department of Economic Development for the costs of any additional certifications.

Tax Credit

The tax credit shall be calculated as a percentage of the total base investment dollars certified per project as follows:

1. For state-certified productions approved on or after January 1, 2004:
 - a. Total base investment greater than \$300,000 and less than or equal to \$8 million—10 percent tax credit.
 - b. Total base investment greater than \$8 million—15 percent tax credit.
2. For state-certified productions approved on or after January 1, 2006, and for state-certified infrastructure projects approved on or after July 1, 2005:
 - a. Total base investment greater than \$300,000—25 percent tax credit.
 - b. To the extent that base investment is expended on payroll for Louisiana residents employed in connection with the production—additional tax credit of 10 percent of the payroll. However, if the payroll to any one person exceeds \$1 million, this additional credit excludes any salary for that person.
 - c. Until January 1, 2008, if the total base investment is greater than \$300,000 and is expended on a state-certified infrastructure project—15 percent tax credit

Tax Incentives and Exemption Contracts

5. Motion picture investor tax credit (continued)

3. For state-certified productions approved on or after July 1, 2010:

a. Total base investment greater than \$300,000—20 percent tax credit.

b. To the extent that base investment is expended on payroll for Louisiana residents employed in connection with the production—additional tax credit of 10 percent of the payroll. However, if the payroll to any one person exceeds \$1 million, this additional credit excludes any salary for that person.

4. For state-certified productions approved on or after July 1, 2012:

a. Total base investment greater than \$300,000—15 percent tax credit.

b. To the extent that base investment is expended on payroll for Louisiana residents employed in connection with the production—additional tax credit of 10 percent of the payroll. However, if the payroll to any one person exceeds \$1 million, this additional credit excludes any salary for that person.

- Motion picture investor tax credits may not exceed the total base investment in the production and the credit is allowed against the income tax for the taxable period in which the credit is earned. If the tax credit exceeds the amount of taxes due, then any unused credit may be carried forward as a credit against subsequent tax liability for ten years.
- Beginning January 1, 2006, a state-certified production that receives tax credits under R.S. 47:6007 will not be eligible to receive the rebates under the Louisiana Quality Jobs Program Act, R.S. 51:2451 et seq.

Application of the credit

- Individuals, estates, and trusts will claim the credit on their individual income tax return.
- Entities taxed as corporations will claim the credit on their corporation income tax return.
- Entities not taxed as corporations will claim the credit on the returns of the partners or members.

Transferability of the credit

- Any motion picture tax credits not previously claimed by any taxpayer against its income tax may be transferred or sold to another Louisiana taxpayer or to the Governor's Office of Film and Television Development.

- Beginning January 1, 2007, the investor who earned the motion picture investor tax credits may transfer the credits to the Governor's Office of Film and Television Development for 72 percent of the face value of the credits.

- Beginning January 1, 2009, and every second year thereafter, the percent of the face value of the tax credits allowed for transferring credits to the Governor's Office of Film and Television Development shall increase two percent until the percentage reaches 80 percent.

- The transferee will apply the credits in the same manner and against the same taxes as the taxpayer originally awarded the credit.

Tax Incentives and Exemption Contracts

6. Industrial Tax Equalization Program

This program's purpose is to encourage the establishment and retention of manufacturing establishments, headquarters, or warehousing and distribution establishments in Louisiana by providing a procedure whereby the total state and local taxes imposed upon these establishments may be reduced, after all other tax incentives for specific sites are applied, to the levels imposed by other competing states.

Requirements for exemption

The Board of Commerce and Industry may enter into a tax equalization contract only if each of the following requirements are met by the manufacturing establishment, headquarters, or warehousing and distribution establishments:

- The establishment must either be located in another state or be located in Louisiana and contemplating locating in another state that has equivalent or comparable advantages as the area in Louisiana in which the establishment is or seeks to be located.
- The state in which the establishment is located or is contemplating locating must have a total state, parish, and local tax structure that offers a greater tax advantage to the establishment than does the taxing structure of Louisiana.
- The applicant for tax equalization may be any form of business entity.
- The sites under consideration in Louisiana and the competing state must be valid and viable for the proposed operations.
- The secretary of the Department of Economic Development must make a recommendation to the governor to extend an invitation to apply for tax equalization.
- The applicant must receive an invitation to apply from the governor.

Tax exemptions

Tax exemptions will be granted to entities in the following priority:

- New or retained manufacturing establishment
 1. Corporation franchise tax.
 2. Corporation income tax.

3. Sales and use tax on machinery and equipment to be used in manufacturing.
 4. Sales and use taxes on materials and supplies necessary for the manufacture or production of the product of the new manufacturing establishment.
 5. Any other taxes imposed by the state to which like businesses are subject.
- New or retained headquarters
 1. Corporation franchise tax.
 2. Corporation income tax.
 3. Sales and use tax on purchases and leases of, and repairs to, machinery and equipment that is used in the on-site operation of the new headquarters facility.
 4. Sales and use tax on purchases of tangible personal property used in the construction of the new headquarters facility.
 5. Any other taxes imposed by the state to which like businesses are subject.
 - New or retained warehousing and distribution establishment
 1. Corporation franchise tax.
 2. Corporation income tax.
 3. Sales and use tax on purchases and leases of, and repairs to, machinery and equipment that is used in the on-site operation of the warehousing and distribution establishment.
 4. Sales and use tax on purchases of materials and supplies necessary for the on-site operation of the warehousing and distribution establishment.
 5. Sales and use tax on purchases of tangible personal property used in the construction of the warehousing and distribution establishment.
 6. Any other taxes imposed by the state to which like businesses are subject.

Commuter airline sales tax exclusion

R.S. 47:3204(L) provides a state sales tax exclusion for purchases or leases of airplane equipment, airplane parts, and airplanes by any commuter airline domiciled in the state as defined in R.S. 47:305.21.

Beneficiaries

The companies that locate new manufacturing establishments, new headquarters, and new warehouse and distribution establishments in the state benefit from these exemptions. The people of the state benefit by the employment, production, and income from these new establishments.

Administration

These tax exemption contracts are administered in a fiscally effective manner.

Estimated Fiscal Effect

We are unable to predict the future fiscal effect because the Department does not have data on approved or pending contracts. During FY 2004-05, \$1,260,312 in sales tax exemptions were granted.

7. Exemptions for manufacturing establishments

The purpose of the manufacturing establishments exemption program is to induce industrial development in the state, encourage the establishment of new business enterprises and the retention and expansion of existing businesses that fit the Vision 2020 profile.

Applications must be submitted to the Department of Economic Development and, at the same time, notices of the application and amount and type of exemption must be sent to each member of the legislature and to the assessor and governing authority of each political subdivision where the manufacturing establishment is located or is to be located.

The Department of Economic Development will review the application to determine whether the requirements for an exemption contract have been satisfied and will determine whether exemptions should be provided in a contract to be recommended to the Board of Commerce and Industry.

The Board of Commerce and Industry will review any recommendations for exemptions made by the governor and the Department of Economic Development and conduct public hearings on any application for exemption. The board will forward its recommendations and the proposed tax exemption contract and all other supporting documents to the Department of Economic Development, the governor, the Legislative Budget Committee, the assessor, each member of the legislature, and the governing authority of the political subdivision before the governor takes action. Upon receipt of the recommendations and proposed contract the governor and the Legislative Budget Committee will each have 30 days to approve or reject the contract and, if approved, to return the contract to the board, and the Departments of Economic Development and Revenue for implementation.

The Board of Commerce and Industry with approval of the governor may enter into contracts for periods not exceeding five years and the contracts may be renewed for periods of up to five years, provided that the total number of years of exemption shall not exceed 15 years unless provided in R.S. 47:3204(B)(1)(b).

Tax Incentives and Exemption Contracts

7. Exemptions for manufacturing establishments *(continued)*

Requirements for exemption

The secretary of economic development and the Board of Commerce and Industry may consider any of the following factors in determining whether to award manufacturing establishment exemptions:

1. The benefits to the state in terms of continued employment opportunities, investments in, and modernization of, facilities, expenditures for goods and services, and contributions to the revenue base of the state and local governments and the creation of new and additional permanent jobs.
2. Competitive conditions existing in other states or in foreign nations.
3. The economic viability of the applicant, and the effect of any tax exemptions on economic viability.
4. The effects on applicant of temporary supply and demand conditions.
5. The effect of casualties and natural disasters.
6. The effects of United States and foreign trade policies.
7. The effect of federal laws and regulations bearing on the economic viability within the state of the applicant.
8. The competitive effect of like or similar exemptions granted to other applicants.
9. Those terms and conditions of the contract that provide for guarantees of employment and for clawbacks in the event of nonperformance of such guarantees and other terms and conditions favorable to the continued operation and staffing of the business.

Tax exemptions that may be granted:

1. Corporation franchise tax.
2. Corporation income tax.
3. State sales and use taxes on machinery and equipment to be used by the applicant, on materials and building supplies, whether purchased directly or through a contractor, to be used in repair, reconstruction, modification, or construction of plant and facilities, and on materials and supplies used in the manufacture or production of the applicant's product.

4. State sales and use taxes on any other goods and services used or consumed by the applicant.
5. Any other state taxes imposed directly on the applicant.

10. Angel Investor Tax Credit Program

The purpose of the Angel Investor Tax Credit Program is to encourage third parties to invest in early stage wealth-creating businesses in the state, expand the state's economy by enlarging its base of wealth creating businesses, and to enlarge the number of quality jobs available to retain the presence of young people educated in the state.

Qualifications

The Angel Investor Tax Credit Program is administered by the Department of Economic Development (DED). Individuals or entities that invest in a Louisiana Entrepreneurial Business that is domiciled in the state, employs 50 or fewer full-time employees, and has gross annual sales of less than \$10 million or has a business net worth of less than \$2 million may apply for income or corporation franchise tax credits for a period of five tax years.

Applicants must meet the following qualifications:

- The investment in the Louisiana Entrepreneurial Business must be an investment that is at risk and not secured or guaranteed. "At risk" means that the repayment of the investment is entirely dependent on the success of the business.
- The funds invested by the applicant cannot have been raised as a result of other Louisiana tax incentive programs, funds pooled or organized through capital placement agreements for the purpose of equity and venture capital investing unless approved by DED, or as the result of illegal activity.
- Angel investors cannot be the principal owners of the business who are involved in the operation of the business as a full-time professional activity nor can their spouses and relatives within the third degree of consanguinity or affinity. A principal owner means one or more persons who own an aggregate of 50 percent or more of the Louisiana Entrepreneurial Business.
- The use of proceeds from the investment must be used for capital improvements, plant equipment, research and development, working capital for the business, or other business activity as may be approved by DED. The proceeds cannot be used to pay dividends, repay shareholder's loans, redeem shares, or repay debt unless approved by DED.

Tax Incentives and Exemption Contracts

10. Angel Investor Tax Credit Program (continued)

- The applicant must meet the definition of accredited investor established by DED.
- The investment in the Louisiana Entrepreneurial Business by the applicant must be maintained for three years unless otherwise approved by DED.

Louisiana Entrepreneurial Business must meet the following requirements:

- The principal business operations of the business are located in Louisiana.
- Before the investment by the taxpayer, the business has received approval as qualified to receive angel investor tax credits by DED.
- The Louisiana Entrepreneurial Business must demonstrate that it will be a wealth-creating business for Louisiana by demonstrating in its business plan that it will have more than 50 percent of its sales from outside Louisiana.
- The business is not a business engaged primarily in retail sales, real estate, professional services, gaming or gambling, natural resource extraction or exploration, or financial services including venture capital funds.

Tax credit qualifications

- The investment in the Louisiana Entrepreneurial Business may not exceed \$1 million per year per business and \$2 million total per business.
- The credit will be allowed against the income tax for the taxable period in which the credit is earned and the franchise tax for the taxable period following the period in which the credit is earned.
- Credits earned on or before December 31, 2005, shall not be allowed until the income tax period beginning January 1, 2006, and the franchise tax due January 1, 2007.
- The credit is for 50 percent of the amount of money invested in the Louisiana Entrepreneurial Business divided in equal portions for five years limited to \$1 million per year per business and \$2 million total per business.

- The total angel investor tax credits granted by DED in any calendar year may not exceed \$5 million.

Application of tax credits

- All entities taxed as corporations for state tax purposes must claim credit on their corporation income and franchise tax return.
- Individuals must claim credit on their individual income tax return.
- Estates or trusts must claim credit on their fiduciary income tax returns.
- Entities not taxed as corporations must claim credit on the partner's tax returns
- Tax credits will expire beginning with the 11th tax year after the tax year in which the credit was originally granted.

11. Brownfields investor tax credit

The purpose of the brownfields investor tax credit is to stimulate environmental economic development in Louisiana by encouraging the cleanup, redevelopment, and productive reuse of brownfields sites in the state. A brownfields site is an identified area in the state for which the expansion, redevelopment, or reuse may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

Application and approval

- Applications for the brownfields investor tax credits for remedial investigations and remediation actions must be jointly submitted to the Department of Economic Development (DED) and the Department of Environmental Quality (DEQ).
- Upon receipt of the application, DEQ will issue a site specific identification number, which will be forwarded to DED and the Board of Commerce and Industry.
- Within 30 days of receipt of the application, DEQ will file any objections with the DED.
- The Board of Commerce and Industry will then make its recommendations to the governor for a final determination of the request for the tax credit.
- After approval by the governor, the applicant may proceed with the voluntary remedial investigation with DEQ's oversight.
- After a satisfactory demonstration that the voluntary remedial investigation is complete, DEQ will approve the remedial investigation report and issue a certificate of completion to the taxpayer-applicant and forward it to the DED secretary, the Board of Commerce and Industry, and the secretary of the Department of Revenue.
- The certificate of completion will entitle the taxpayer to the 15 percent investigation tax credit
- After approval by the governor of a voluntary remediation tax credit application, the applicant may proceed with his voluntary remediation action.

- After satisfactory demonstration that the voluntary remedial action has been accomplished and DEQ approves the voluntary remediation action report, DEQ will issue a certificate of completion to the taxpayer-applicant and shall forward a copy to the DED secretary and the secretary of the Department of Revenue.

Investor tax credit

Taxpayers are allowed a credit against state income tax for the investment in a voluntary remediation action or a voluntary remedial investigation as follows:

- 15 percent of the total investment on the certified completion date of a voluntary remedial investigation at a state-certified site.
- 25 percent of the total investment on the certified completion date of a voluntary remediation action at a state-certified site.
- Tax credits may never exceed the total investment in the site.

Application of tax credits

- All entities taxed as corporations for state tax purposes must claim credit on their corporation income and franchise tax return.
- Individuals must claim credit on their individual income tax return.
- Estates or trusts must claim credit on their fiduciary income tax returns.
- Entities not taxed as corporations must claim credit on the partner's tax returns

Credit may be taken against the income tax for the taxable period in which the credit is earned and if the tax credit exceeds the amount of taxes due, any unused credit may be carried forward for ten years.

Recapture of credits

- If the secretaries of DEQ or the Department of Revenue find that funds for which a taxpayer received credits are not invested in and expended with respect to a state-certified assessment or remediation then the investor's state income tax for the taxable period will be increased by the amount necessary for the recapture of credit

Tax Incentives and Exemption Contracts

11. Brownfields investor tax credit *(continued)*

- Taxpayer applying for the credit will be required to reimburse DEQ for audits or recapture of credits.
- Credits previously granted to a taxpayer may be recovered by the secretary of the Department of Revenue through any collection remedy authorized by R.S. 47:1561.
- The only interest that may be assessed and collected on recovered credits is interest at a rate three percentage points above the rate provided in R.S. 9:3500(B)(1), which shall be computed from the original due date of the return on which the credit was taken.

Ineligible participants

No corporation or partnership including any company owned, affiliated, or controlled, in whole or in part, by any company or person that is in default on a loan made by the state or a loan guaranteed by the state, or any company or person who has ever declared bankruptcy under which an obligation of the company or person to pay or repay public funds or monies was discharged as a part of such bankruptcy will be eligible to receive this tax incentive.

Taxpayers that invest in a qualifying voluntary remediation action or a voluntary remedial investigation benefit by the tax credit. Citizens of the state benefit by the cleanup, redevelopment, and productive reuse of brownfields sites in the state.

Administration

The purpose of this credit is achieved in a fiscally effective manner.

Estimated Fiscal Effect

We are unable to predict the future fiscal effect because the Department does not have data on approved or pending contracts. Fiscal Year 2005-06 will be the first year to be impacted by this credit program.

12. Digital interactive media producer tax credit

A transferable tax credit is allowed for investing in a state certified digital interactive media production in Louisiana. The tax credit is a percentage of investment in the production expended in the state.

The purpose of the digital interactive media producer tax credit is to encourage development of a strong capital base for the production of digital interactive media in order to achieve a more independent, self-supporting industry.

Certification of projects eligible for tax credits

- The director, appointed by the secretary of the Department of Economic Development, will determine what projects qualify for certification and will notify each producer and the secretary of the Department of Revenue.
- The initial certification will include a unique identifying number for each state-certified production.
- After completion of all or a portion of a state-certified production, the director will review the production expenses.
- If the director approves the expenses and has the approval of the secretary of the Department of Economic Development and the commissioner of administration, the director will issue to the producer a certification letter that includes the state-certified production's identifying number.
- Any taxpayer applying for the credit shall be required to reimburse the Department of Revenue for any audits required in relation to granting the credit.

Producer tax credit

- For projects certified before January 1, 2010, an income tax credit will be earned by producers at the time funds are expended in Louisiana on a state-certified production as follows:
 1. For the 1st and 2nd years following certification—20 percent of the base investment for the year.
 2. For the 3rd and 4th years following certification—15 percent of the base investment for the year.

Tax Incentives and Exemption Contracts

12. Digital interactive media producer tax credit *(continued)*

3. For the 5th and 6th years following certification—10 percent of the base investment for the year.
4. After the 6th year—no tax credits.

Application of tax credits

- All entities taxed as corporations for state tax purposes must claim credit on their corporation income and franchise tax return.
- Individuals must claim credit on their individual income tax return.
- Entities not taxed as corporations must claim credit on the partner's tax returns

The tax credit will be allowed against the taxpayer's income tax due for the taxable period in which the credit is earned and the immediately preceding period.

If the tax credit exceeds the amount of taxes due, any unused credit may be carried forward as a credit against subsequent tax liability for a period not to exceed ten years.

The amount of the tax credit may not exceed the amount of taxes due for the taxable period.

Transferability of the credit

Any tax credits allocated to a person and not previously claimed by any taxpayer against his income tax may be transferred or sold to another Louisiana taxpayer, subject to the following conditions:

- A single transfer or sale may involve one or more transferees.
- Transferors and transferees must submit notification of any transfer or sale of tax credits to the Director within 30 days after the transfer or sale of the tax credits.
- Failure to comply with the transfer requirements will result in the disallowance of the tax credit until the taxpayers are in full compliance.
- The credit transfer or sale does not extend the time in which the credit can be used.
- The transferee must apply the credits in the same manner and against the same taxes as the taxpayer originally awarded the credit.

Requirement to continue business in the state

- Any producer who has received the tax credit must commit to continue business operations in the state for at least one year after the certification of any tax credit.
- To meet the requirement for continuing business operations in the state, the producer's base investment in the year following certification of any tax credit must be at least 25 percent of the amount of the previous year's base investment.
- If a producer who has received the tax credit should not continue business operations in this state for one year after certification, the producer shall either:
 1. Surrender all credits earned within one year of the date the producer does not continue business operations in this state; or
 2. Pay back all credits earned within one year of the date the producer does not continue business operations in the state.

Beneficiaries

Taxpayers that invest in a state certified digital interactive media production in Louisiana benefit by this tax credit. Citizens of the state benefit from a more independent, self-supporting digital interactive media industry.

Administration

The purpose of this credit is achieved in a fiscally effective manner.

Estimated Fiscal Effect

We are unable to predict the future fiscal effect because the Department does not have data on approved or pending contracts. Fiscal Year 2005-06 will be the first year to be impacted by this credit program.

Tax Incentives and Exemption Contracts

13. Sound recording investor tax credit

A refundable tax credit is allowed for a percentage of the base investment in state-certified musical recording productions or infrastructure projects at the time expenditures are certified by the Department of Economic Development.

The purpose of the tax credit is to encourage development in Louisiana of a strong capital and infrastructure base for musical recording productions in order to achieve a more independent, self-supporting, music industry.

Certification of projects eligible for tax credits

- Applications for initial project certification must be submitted to the Department of Economic Development (DED).
- The tax credit will be earned by investors at the time expenditures are certified by DED according to the total base investment certified for the sound recording production company per calendar year.
- DED will submit its initial certification of a project as a state-certified production or a state-certified musical recording infrastructure project to investors and to the secretary of the Department of Revenue.
- No credit will be allowed for any expenditures for which a motion picture investor tax credit was granted under R.S. 47:6007.
- No sound recording production company may earn a sound recording investor tax credit in more than three years out of any five-year period.
- Any taxpayer applying for the credit must reimburse DED for any audits required in relation to granting the credit.

Investor tax credit

- Until January 1, 2008, investors in state-certified productions and state-certified musical recording infrastructure projects are eligible for investor tax credits as follows:
 1. Total base investments greater than \$15,000 and less than or equal to \$150,000—10 percent of the base investment.

2. Total base investments greater than \$150,000 and less than or equal to \$1 million—15 percent of the base investment.

3. Total base investments greater than \$1 million—20 percent of the base investment.

- Sound recording investor tax credits may not exceed the total base investment in the project.

Limitation on tax credit

- The total amount of credits certified for all investors during any calendar year is limited to \$3 million.
- Credits will be granted on a first-come, first-served basis.
- If the total amount of credits applied for exceeds \$3 million, the excess will be treated as having been applied for on the first day of the subsequent year.

Application of tax credits

- Entities taxed as corporations for state tax purposes must claim credit on their corporation income and franchise tax return.
- Individuals, estates, and trusts must claim credit on their individual income tax return.
- Entities not taxed as corporations must claim credit on the partner's tax returns
- Excess credits may be refunded.

Recapture of credits

If the Louisiana Music Commission and the Department of Economic Development find that funds for which an investor received credits are not invested in and expended with respect to a state-certified production within 24 months of the date that the credits are earned, the investor's state income tax for the taxable period will be increased by the amount necessary to recapture the credit.

Recovery of credits

- Credits previously granted to a taxpayer, but later disallowed, may be recovered by the secretary of the Department of Revenue through any collection remedy authorized by R.S. 47:1561 and initiated within three years from December 31st of the year in which the 24 month investment period ends.

Tax Incentives and Exemption Contracts

13. Sound recording investor tax credit (continued)

- Interest will be assessed and collected on recovered credits at a rate three percentage points above the rate provided in R.S. 9:3500(B)(1) computed from the original date of the return on which the credit was taken.

14. Enterprise zones

Enterprise zones are areas with high unemployment, low income, or a high percentage of residents receiving public assistance.

The Enterprise Zone Program is a jobs incentive program that creates income and franchise tax credits to businesses located in designated enterprise zones that create new jobs and hire at least 35 percent of their new jobs from one of four targeted groups. Because of the jobs creation, sales tax rebates may be available.

Applications

- The Department of Economic Development, Business Incentives Division is responsible for administering the enterprise zone and economic development zone programs.
- The Board of Commerce and Industry is responsible for approving the enterprise zone applications.
- Applicants must submit an Advance Notification Form and a \$100 fee to the DED Business Incentives Division before starting a project or construction.
- An Application Form and fee, which ranges from \$200 to \$5,000, must be filed within 90 days after the completion of the project or construction.
- After the Board approval, a 60-month contract is entered into between the Board and the applicant.
- An Inspection/Audit Affidavit Form must be submitted with a \$100 fee within six months of completion of the project or returned with the signed original contract, whichever is later.

Eligibility

- Churches and businesses engaged in gaming or residential development are not eligible.
- The business must create a minimum number of permanent new jobs at the enterprise zone site from the project or construction start date as follows:
 1. Increase current statewide workforce by 10 percent (minimum of 1) within the first 12 months; or

Tax Incentives and Exemption Contracts

14. Enterprise zones (*continued*)

2. Create a minimum of five new jobs within the first 24 months.
- To qualify for the tax credit
 1. New jobs must be filled by Louisiana residents who have been living in the state at least 30 consecutive days before being hired.
 2. Employees in 35 percent of new jobs created must meet at least one of the following four certification requirements:
 - a. Residency
 - (1) If the company is located in an urban parish, the employee must live in an enterprise zone in the parish the company is located;
 - (2) If the company is located in a rural parish and located in an enterprise zone, the employee may live anywhere in the parish the company is located;
 - (3) If the company is located in a rural parish and not located in an enterprise zone, the employee must live in an enterprise zone in the parish where the company is located; or
 - (4) If the company is located in an Economic Development Zone, the employee may live anywhere in the parish the company is located.
 - b. Receiving some form of public income assistance prior to being employed.
 - c. Considered unemployable by traditional standards or lacking basic skills.
 - d. Physically challenged.

Jobs tax credit

- A one-time \$2,500 jobs tax credit for each certified net new job created.
- A one-time \$5,000 jobs tax credit for each certified net new job created in the aviation or aerospace industry, or by a motor vehicle parts manufacturer or rubber manufacturer.
- The jobs tax credit can be claimed against the taxpayer's state income or franchise tax liabilities and Limited Liability Companies and Subchapter S corporations may pass the job tax credit to the owners listed on the enterprise zone contract.
- The tax credits may be carried forward up to 10 years from the year earned.

Sales tax rebate

- State sales and use tax rebates are paid on materials, furniture, fixtures, machinery and equipment purchased and used on the enterprise zone site.
- Items must be delivered during the project or construction period.
- The rebate period cannot to exceed 24 months.

Tax Incentives and Exemption Contracts

15. Urban Revitalization Tax Incentive Program

The purpose of the Urban Revitalization Tax Incentive Program is to stimulate business and industrial growth in the depressed areas of the state by providing assistance to businesses and industries and by providing tax incentives in these areas.

Administration of program

- The Department of Economic Development (DED) is responsible for administering the program.
- DED will establish criteria for qualifications of urban revitalization zones based on unemployment, youth unemployment, per capita income, migration, and the number of residents receiving public assistance.
- DED will only designate urban revitalization zones after receiving notice from the appropriate governing authority that the governing authority agrees to the following:
 1. Devise and implement a program to improve police protection within the zone.
 2. Give priority to the use in the zone of any applicable funds received from the federal government.
 3. Assist DED in certifying employers to be eligible for the benefits of this program.
 4. Authorize DED to supersede certain specified local regulations and ordinances that may serve to discourage economic development within the revitalization zone.
 5. Assist DED in evaluating progress made in any revitalization zone within its jurisdiction.

Requirements

- The business enterprise and its contractors give preference and priority to Louisiana business enterprise and to Louisiana suppliers, contractors, and labor, except where not reasonably possible to do so without added expense, substantial inconvenience, or sacrifice in operational efficiency.
- Requests for exemptions must be accompanied by an endorsement resolution approved by the governing body of the appropriate municipality, parish, port district, or industrial development

board in whose jurisdiction the establishment is to be located.

- The business is or shall be located within the boundaries of an urban revitalization zone.
- The business located in an urban revitalization zone and receiving benefits certifies that at least 35 percent of its employees:
 1. Are residents of the same or a contiguous revitalization zone as the location of the business.
 2. Were receiving some form of public assistance prior to employment.
 3. Were considered unemployable by traditional standards or lacking in basic skills.
 4. Any combination of the above.
- Employee certifications must be updated annually if the business is to continue receiving benefits.

Incentives

The Board of Commerce and Industry after consultation with the secretaries of the Department of Economic Development and Department of Revenue, and with the approval of the governor, may enter into contracts to provide for the following tax incentives:

- Exemption from all or a portion of the state income taxes for five years and renewable once for five years.
- Exemption from all or a portion of the state corporate franchise taxes for five years and renewable once for five years.
- \$5,000 tax credit per net new employee as determined by the company's average annual employment reported under the Louisiana Employment Security Law.
 1. This tax credit may be applied to any state income or franchise tax liability during the taxable year in which the increase in average annual employment occurred.
 2. If the entire credit cannot be used in the year earned, the excess of the credit can be refunded.
- These incentives are in lieu of any incentives under the Enterprise Zone Program.

16. Louisiana Capital Companies Tax Credit Program

The purpose of the Louisiana Capital Companies Tax Credit Program is to provide assistance in the formation and expansion of new businesses that create jobs in the state by providing for the availability of venture capital financing to entrepreneurs, managers, inventors, and other individuals for the development and operation of qualified Louisiana businesses.

Program administration

- The Department of Economic Development (DED) is responsible for maintaining and interpreting program policy.
- The Office of Financial Institutions (OFI) is responsible for performing the program's regulatory and examination functions.

Certification of a capital company

- Companies desiring certification as a Louisiana Capital Company must apply to the OFI Commissioner.
- The capitalization must be at least \$200,000.
- Within 60 days of application, the OFI commissioner will issue the certification and notify the Department of Revenue and the commissioner of insurance of the certification or refuse the certification and notify the applicant the grounds for the refusal.
- The OFI commissioner must furnish a list of persons or businesses who may claim the tax credit to the Department of Revenue and the commissioner of insurance quarterly.

Income tax credit or premium tax reduction

- Any person who invests in the certified capital of a certified Louisiana capital company may claim either an insurance premium tax reduction or an income tax credit in the taxable year in which the investment is made.
- The income tax credit is 35 percent of the capital investment.
 1. The total income tax credits granted to all taxpayers are limited to \$2 million per calendar year.

Tax Incentives and Exemption Contracts

16. Louisiana Capital Companies Tax Credit Program *(continued)*

2. If the total credits requested exceed \$2 million during any calendar year, the tax credits will be allocated among certified Louisiana capital company groups.
- Insurance premium tax reductions are allowed as follows:
 1. For tax reduction credits granted to investors prior to January 1, 2001, the tax reduction will be applied to the premium tax liability not to exceed ten percent of the premium tax reduction in any one year until one hundred percent of the premium tax reduction has been claimed by the insurer; or
 2. For tax reduction credits granted to investors after January 1, 2001, the tax reduction will not be applied to any premium tax liability generated within two years from the date of investment and will be applied to the premium tax liability not to exceed 12_ percent of the premium tax reduction in any one year until one hundred percent of the premium tax reduction has been claimed by the insurer;
 3. The tax reduction credits may not exceed the premium tax liability in any taxable year.
 4. If a holder of premium tax reduction credits does not use credits that are generated after December 31, 1999, and which are eligible to be used in a given calendar year, those premium tax reduction credits may be carried forward and used in any subsequent year until such credits are exhausted; provided, the reduction in any taxable year shall not exceed the premium tax liability for the taxable year.
 5. Tax reduction credits are not allowed for investments made after December 31, 2003.
 6. The total insurance premium tax credits granted in any calendar year may not result in an additional reduction of total premium tax revenues greater than \$5 million.
 7. If the total requests for premium tax credits exceed the \$5 million maximum amount, the premium tax credits will be allocated to the certified Louisiana capital company groups.

Corporation income and franchise tax exemption

- Any corporation that is a certified Louisiana capital company will be exempt from the corporation income tax and the corporation franchise tax for five consecutive taxable periods.
- The corporation income tax exemption begins with the taxable period in which the capital company is certified. If the corporation is certified before the beginning of its first taxable period, the exemption e will begin with the corporation's first taxable period.
- The corporation franchise tax exemption begins with the next taxable period following the taxable period in which capital company is certified. If the corporation is certified before the beginning of its first taxable period, the exemptions will begin with the corporation's second taxable period.

Transfer of tax credits

- DED will provide for the transfer or sale of premium and income tax credits.
- The transfer or sale of income or premium tax credits will be restricted to transfers or sales between affiliates and sophisticated investors.
- No acquirer of tax credits will be able to use any premium tax credit earned after July 1, 2002, until at least the second anniversary of the investment date of the investment pool from which the premium tax credits were earned.
- Even though a transfer or sale of credits may involve several entities, only one election may be made during any calendar quarter.
- An investor in a certified Louisiana capital company may only transfer or sell credits once during a calendar quarter and the entity that purchases the credit may not transfer credits obtained during the quarter in which the credits are transferred or purchased.
- In any subsequent calendar year, the purchaser of the credits may make one transfer election per calendar quarter.

Telecommunication Tax Exemption

Telecommunication Tax

Introduction

Act 660 of the 1988 Regular Legislative Session levied a tax on each residence and business telephone access line of local exchange companies operating in Louisiana. This tax was for the purpose of providing access to all public telecommunications services to persons who are deaf, deaf and blind, or who are similarly handicapped. The taxes are collected from the customers monthly and remitted quarterly by each local exchange company. The proceeds from this tax are placed in a special fund designated as the Telecommunications for the Deaf Fund.

Tobacco Tax

Index of Exemptions

Introduction

A tobacco tax was first levied in 1926, by Act 197 for the benefit of public schools. Retail dealers were taxed at the rate of 1¢ per 10¢ of the retail selling price of cigarettes, smoking and chewing tobacco, cigars, cheroots, and snuff. The tax was effective October 1, 1926, for a period of four years.

Act 4 of 1932 levied a new tax on sales of cigars, cigarettes and smoking tobacco effective September 1, 1932. The cigarette rate was based on each cigarette sold. Cigars were taxed on weight and price per 1,000 and the tax ranged from 75¢ to \$13.50 per 1,000. Smoking tobacco was taxed at 1¢ for each 5¢ of retail selling price. The tax was evidenced by tax stamps supplied by the state and applied by the tobacco dealers who were allowed a discount when purchasing stamps in quantities not less than \$100 face value.

The tax rates on cigarettes increased over the years as follows:

1932	Levied at 1/5¢ per cigarette to 4¢ per 20 pack
1942	Increased by 1/20¢ per cigarette to 5¢ per 20 pack
1948	Increased to 2/5¢ per cigarette or 8¢ per 20 pack
1970	Increased to 11/20¢ per cigarette or 11¢ per 20 pack
1984	Increased to 16/20¢ per cigarette or 16¢ per 20 pack
1990	Increased to 1¢ per cigarette or 20¢ per 20 pack
2000	Increased by 4/20¢ per cigarette to 24¢ per 20 pack (Increase effective until June 30, 2012)
2002	Increased by 12/20¢ per cigarette to 36¢ per 20 pack

The tax rates on cigars and smoking tobacco changed in 1942 and 1948, and were eventually set at the current rates in 1974 by Act 413, effective January 1, 1975. A tax on smokeless tobacco was levied effective July 1, 2000.

The discount from the face value of the tax stamp also changed from the original ten percent in 1932 to six percent in 1942; seven percent in 1944; nine percent in 1948; to the current six percent in 1972.

The tobacco tax is currently levied on tobacco products and collected from the dealer who first sells, uses, consumes, handles, or distributes the products within the state. Tax stamps indicate the payment of tax on cigarettes and can only be purchased from the Department by wholesale tobacco dealers who are required to post a bond.

Tax Base

Cigarettes—per cigarette.

Cigars and smoking tobacco—manufacturer's invoice price.

Tax Rate

- Cigarettes – 1.8¢ per cigarette (36¢ per standard package of 20).
- Cigars – 8 percent if manufacturer's invoice price is \$120 per 1,000 or less; 20 percent if manufacturer's invoice price is more than \$120 per 1,000.
- Smoking tobacco – 33 percent of the manufacturer's invoice price.
- Smokeless tobacco – 20 percent of the manufacturer's invoice price.

Types of Tax Exemptions

Tobacco tax exemptions are in the form of discounts, exemptions, and refunds. Discounts are a proportionate deduction from the gross amount reported. Exemptions are items included in the tax base, but specifically exempted by statute. Refunds are restitution of taxes paid.

There are two statutory tax exemptions that are also prohibited from taxation by federal laws. Because of these additional prohibitions, repeal of the exemption alone would not yield the fiscal effect indicated. For this reason, these exemptions have been separately grouped at the end of the section.

Significant Changes Fiscal Year 2004-2005

There were no significant changes to the tobacco tax law during the past year.
