 - Members of a consolidated federal income tax return that includes a manufacturer who has claimed the property tax exemption under ITEP.
2. If you are one of the taxpayers described in #1 above, your credit is limited to tax and the excess can be carried forward not to exceed five years.
3. This form should be used for tax year 2020.
4. Enter the Taxpayer's name, SSN/LDR Account ID and filing period for the return to which this worksheet is attached in the space provided. Check the box for the credit type you are calculating on this worksheet.

Taxpayers making this election must submit a schedule showing the ad valorem tax payments, the actual payment date of each payment and a statement that they elect these taxes to be treated as paid on December 31, 2020.
 - b. If you have an eligible carryover amount from tax year 2015 or later, your carryover period has increased from five (5) years to 10 years as provided by Act 50 of 2020 Second Extraordinary Legislative Session effective January 1, 2021.

GENERAL INSTRUCTIONS

Enter the amount of Line 1A that is the ad valorem taxes paid to local subdivisions in Louisiana on inventory held by manufacturers, distributors, and retailers that is available for or subject to a short-term rental that will subsequently or ultimately be sold by the retailer that will be included on Line 1C.

For the purpose of this credit, inventory is defined in R.S. 47:6006 as items of tangible personal property that are held for sale in the ordinary course of business, in the process of production for subsequent sale, or are to physically become a part of the production of such goods. The definition contains a listing of specific items that are included and not included in inventory. In addition to items that are clearly included by the definition, the following items are included in inventory: used goods or trade-in merchandise; by-products of a manufacturer; raw materials and supplies that will be consumed in the Louisiana manufacturing process; and goods that are available for short-term rental that will subsequently or ultimately be sold by taxpayers classified under code numbers 532412 and 532310 of the North American Industry Classification System. A "short-term rental" is defined as a rental of an item of tangible personal property for a period of less than 365 days, for an undefined period, or under an open-ended agreement.

Not included in inventory unless otherwise stated are: oil stored in tanks held by a producer prior to the first sale of the oil; items that have been leased by the taxpayer; items that the taxpayer has depreciated for federal income tax purposes; items that have been used by the taxpayer and have been owned for more than eighteen months; and certain items stored in the state for use in interstate commerce.
