Louisiana Revised Statute 47:305.7(B)(5) provides that the sale or purchase of equipment used in fire fighting by bona fide volunteer and public fire departments is excluded from sales and use tax imposed by any taxing authority. The Department of Revenue interprets this exclusion to apply not only to the implements actually used in fire fighting but also to all necessary firehouse equipment and special apparel used in fighting fires. These include, but are not limited to, communication equipment, rubber suits, boots and helmets worn by firemen, axes, ladders, buckets, and the furnishings of a firehouse necessary to its operation, including bedding and cooking facilities. The exclusion does not apply to property intended solely for the entertainment or recreation of the firemen, to any taxable services furnished to the volunteer or public fire department, or to purchases of property or services by a private (industrial) fire department.

NOTE: Municipal and parochial fire departments that are created by local ordinances and are instrumentalities of local government must use Form R-1056, Purchases by Political Subdivisions of the State of Louisiana Sales Tax Exemption Certificate.

This certifies that the below named organization is a bona fide organized volunteer or public fire department, and the purchases made from the vendor listed above will be used in fire fighting and are excluded from all Louisiana state and local sales taxes in accordance with La. R.S. 47:305.7(B)(5) and its regulations.

Any purchasing officer/agent who fraudulently signs this certificate without intent to use the property purchased as fire fighting equipment is subject to all the penalties provided for by Title 47 of the Louisiana Revised Statutes of 1950.

Notice to Dealer: Report this sale on Schedule A-1 of your sales tax return under exemption code 1046. This form is valid until December 31, 2031.
