

Instructions for Completing Electric and Hybrid Vehicle Road Usage Fee Form

Effective January 1, 2023, an annual road usage fee will apply to all electric and hybrid propelled vehicles operated upon the highways of this state and required to be registered in accordance with Vehicle Registration License Tax, La R.S. 47:451 et seq. Electric and hybrid vehicles subject to the fee include any car, truck, motorcycle, bike, or golf cart that is required to be registered in Louisiana.

The fee must be paid by the owner of the vehicle or if the vehicle is leased, by the lessee of the vehicle. The fee is based on a calendar year and is prorated if owned or leased for less than 12 months. The fee is due by May 15 for the prior calendar year.

INDIVIDUAL OWNERS/LESSEES

Individual owners/lessees have two options to submit the fee in the year after purchase or use and for all years thereafter for ownership and use:

The fee may be paid by filing Form R-19000, *Electric and Hybrid Vehicle Road Usage Fee*, or by attaching Form R-19000A (Page 2 of Form R-19000) to your individual income tax return, but not both forms. The fee must be paid by May 15, even if it will be reported on a return subject to an extension. Individuals have the option to pay the fee by filing Form R-19000 on LaTAP through either a logged in or a [non-logged in](#) option.

BUSINESSES OR OTHER ENTITIES

The fee is to be reported and submitted on Form R-19000 by the owner/lessee in the year after purchase or use and for all years thereafter for ownership and use. The fee may be paid by filing Form R-19000 on LaTAP through either a logged in or a [non-logged in](#) option. Businesses will need their LDR 10-digit account ID to utilize this service. Partnership entities are not able to file the R-19000 on LaTAP.

An electric or hybrid school bus primarily used to transport Louisiana students is exempt from the road usage fee. The return should still be completed annually with the fee amount reported as zero.
