

Declaration of Estimated Tax for Partnership (Composite Partnership) (2024)

Louisiana Department of Revenue P.O. Box 91007 Baton Rouge, LA 70821-9007

The term "estimated tax" means the amount the taxpayer estimates to be the Louisiana income tax imposed for the current period. For composite partnerships, estimated tax payments should be made at anytime prior to the due date of the tax. The tax is due on or before the 15th day of the fifth month following the close of the accounting period.

The following entities should not file an estimated tax payment for composite partnerships: partners who are themselves partnerships, corporations, and resident estates and trusts.

Partnerships that have Louisiana residents as partners should not file an estimated tax payment on the Louisiana resident's behalf. Louisiana residents deriving income from partnerships must file an IT-540 to report their share of the partnership income. Louisiana residents must use Form IT-540ES to make estimated payments, if estimated tax reporting is necessary. Refer to Louisiana Administrative Code (LAC) 61:I.1401 on LDR's website at www.revenue.louisiana.gov/policies.

Composite partnership returns can be filed on behalf of all nonresident partners, who were partners at any time during the taxable year and who have not filed an affidavit with the Department of Revenue agreeing to timely file and pay a Louisiana individual income tax return.
