## Declaration of Estimated Tax for Corporation General Information

# 2007

Any corporation that can reasonably expect its income tax for the taxable year to be \$1,000 or more must make estimated tax payments.

The term "estimated tax" means the amount the taxpayer estimates to be the Louisiana income tax imposed for the current period, less the amount it estimates to be the sum of any credits allowable against the tax.

Estimated payments must be made, generally, on or before the fifteenth day of the fourth month, the sixth month, the ninth month, and the twelfth month of the taxable year. For taxable periods beginning this year, refer to the table below to determine the date the installment payments are due. The table below summarizes the due dates and amounts of installment payments where liability for declarations is caused by an event occurring within a taxable period.

### Time and Amount of Installments

The due date and the amount of the installment payments shall be determined as follows:

If a corporation's estimated tax is \$1,000 or more, it meets the requirements for paying installments. If the requirement is first met:	Number of installments to make	The following percentages of the estimated tax shall be paid on or before the 15th day of the:			
		4th month	6th month	9th month	12th month
Before the first day of the 4th month of the taxable year.	4	25	25	25	25
After the last day of the 3rd month and before the first day of the 6th month of the taxable year.	3		33 $\frac{1}{3}$	33 $\frac{1}{3}$	33 $\frac{1}{3}$
After the last day of the 5th month and before the first day of the 9th month.	2			50	50
After the last day of the 8th month and before the first day of the 12th month.	1			0	100

Mail the appropriate voucher and payment to the Department of Revenue, P. O. Box 91011, Baton Rouge, Louisiana 70821-9011. Make payment to: Louisiana Department of Revenue. **Do not send cash.** Do not pay cash in person except at the Department of Revenue, with an authorized recipient furnishing you an official receipt from the Department of Revenue.

If after paying any installment of estimated tax, the taxpayer makes a new estimate, the amount of each remaining installment shall be the revised estimated tax, less the sum of previous payments during the taxable year, divided by the number of remaining installments due for the taxable year.

If you had an overpayment of tax on your last year's return and elected to apply it as a credit to your estimated income tax, the amount of overpayment may be applied in full or in part to any installment.

There shall be added to the tax due an amount computed at the rate of 12 percent per annum on the sum of any underpayment or nonpayment of estimated tax.
