

## Instructions for Partnership Return of Income Tax Year 2025

### GENERAL INFORMATION

#### WHO MUST FILE A RETURN

All partnerships doing business in Louisiana or deriving any income from sources therein, must file Form IT-565, *Partnership Return of Income*, pursuant to La. R.S. 47:201. Form IT-565 is an informational return and as such, the partnership is not subject to the income tax imposed.

#### Exception:

A partnership is exempt from filing a partnership return if any of the following are applicable:

- a. if a partnership's gross receipts were less than \$250,000 and total year end assets were less than \$1,000,000;
- b. if partnership is not required to file Federal Form 1065 with the Internal Revenue Service; or
- c. if partnership elected to be taxed as corporation and files Form CIT-620, *Corporation Income Tax Return*, with LDR.

The exceptions are not allowed if the partnership is required to attach Schedule 6922, *Louisiana Composite Partnership Return*, to Form IT-565 or if the partnership has partners or related parties with an approved pass-through entity election on file with LDR. See Louisiana Administrative Code 61:I.1402 for additional information.

#### Nonresident Partners

Partnerships having a nonresident individual as a partner must allocate and apportion their income within and without Louisiana pursuant to La. R.S. 47:241 through 247, and the share of any nonresident partner in the net income from Louisiana sources, so computed, must be allocated to Louisiana in the return of the nonresident partner.

A nonresident member of a partnership who does not have a valid agreement on file with Louisiana Department of Revenue (LDR) must be included on Schedule B, *Included Partner's Share of Income and Tax*, and their income reported on Schedule 6922, *Louisiana Composite Partnership Return*.

Nonresident partners who have a valid agreement or who have other income derived from Louisiana sources must be listed on Schedule A, *NOT Included Partner's Share of Income and Tax*, and must include all income derived from Louisiana sources on Form IT-540B.

#### Fiduciary Partners

Partnerships having a nonresident estate or trust as a partner must allocate and apportion their income within and without Louisiana pursuant to La. R.S. 47:241 through 247, and the share of any nonresident estate or trust partner in the net income from Louisiana sources, so computed, must be allocated to Louisiana in the return of the nonresident estate or trust partner.

#### Corporate Partners

Partnerships having a corporation as a partner must allocate and apportion their income within and without Louisiana in accordance with the formulas and processes prescribed for corporations (La. R.S. 47:287.2 et seq.), and the share of any corporate partner in the net income from Louisiana sources, so computed, must be allocated to Louisiana in the return of the corporate partner.

#### Different Computations for Corporate and Non-Corporate Partners

Because a partnership must compute its income from Louisiana sources differently when it has corporate partners from when it has non-corporate partners, this return provides schedules for both computations. Schedules D, E, and G must be used to compute the income for non-corporate partners. Schedules H, I, and J must be used to compute the income for corporate partners. Examples of a non-corporate partner are individuals, estates, trusts, and partnerships.

#### PASS-THROUGH ENTITY ELECTION

Louisiana Revised Statute 47:287.732.2 allows Subchapter S Corporations, and other flow-through entities taxed as partnerships for federal income tax purposes, to elect to pay Louisiana income tax at the entity level. An individual, estate, or trust who is a shareholder, member, or partner of the entity is allowed to exclude the income taxed at the entity level that is included in their federal adjusted gross income or federal taxable income, respectively. Once the election is made, it is effective for the entire taxable year for which it was made as well as all subsequent taxable years until the election is terminated.

An entity must make the election on Form R-6980, *Tax Election for Pass-Through Entities*, and must receive LDR acceptance of the election. See Louisiana Administrative Code (LAC) 61:I.1001 for requirements to make the election. The election can be made during the taxable year prior to the taxable year in which the election is first effective, during the taxable year in which the election is first effective, or on or before the 15th day of the fourth month after the close of the taxable year in which the election is first effective.

If the income earned by a partnership as a member, shareholder, or partner of an electing entity is passed through to a member, shareholder, or partner filing an individual or fiduciary income tax return in Louisiana in the same taxable year it is earned, the individual, estate, or trust is allowed to take the exclusion of the distributed income on their individual or fiduciary income tax return for that taxable year. If the income is distributed to a corporation as a member, shareholder, or partner of an electing entity, the income is taxable to the corporation.

#### ELECTRONIC FILING MANDATE

Louisiana Administrative Code 61:III.1507 requires the electronic filing of the partnership return if the total assets of the partnership have an absolute value equal to or greater than \$250,000.

Louisiana Revised Statute 47:201.1(F)(4) requires the electronic filing of any return containing Schedule 6922.

**WHEN AND WHERE TO FILE**

Returns for a calendar year must be filed with the Department of Revenue, P.O. Box 3440, Baton Rouge, LA 70821-3440, on or before May 15 of the year following the close of the calendar year. Returns for fiscal years must be filed on or before the 15th day of the fifth month after the close of the fiscal period. If the due date falls on a weekend or legal holiday, the return is due on the next business day.

**EXTENSION OF TIME FOR FILING A RETURN**

If you cannot file your return by the due date, you do not need to file for an extension. You will automatically be granted an extension of six months to November 16, 2026.

**Important: An extension does not relieve you of your obligation to pay all tax amounts due by the original due date.**

If you anticipate that you will owe additional tax on your return, you should submit your payment with Form R-6467V, *Partnership Automatic Extension Composite Payment Voucher*, by May 15, 2026. An extension means only that you will not be assessed a delinquent filing penalty for filing your return after the due date but before the extended due date. Interest on the additional tax due from the due date of the return and any penalties will be assessed if applicable. If you file your return after the extended due date, you will be assessed a delinquent filing penalty from the original due date of the return. NOTE: No paper or electronic extension form needs to be filed to obtain the automatic extension.

**Filing Requirements for Schedule 6922, Louisiana Composite Partnership Return**

Partnerships engaging in activities in Louisiana that have nonresident partners are required to file Schedule 6922 unless the following apply:

- a. All nonresident partners are corporations, partnerships, or tax exempt trusts;
- b. All nonresident individual, estate, and trust partners have a valid agreement on file with the Department of Revenue; or
- c. The partnership made the pass-through entity tax election under La. R.S. 47:287.732.2.

All nonresident individual, estate, and trust partners who were partners at any time during the taxable year and who do not have a valid agreement on file with the Louisiana Department of Revenue (LDR) must be included on Schedule 6922. Mark the box on the face of the return indicating that Schedule 6922 is being filed, and complete Line M. The agreement, in the form of an affidavit, must include a statement that the taxpayer agrees to timely file a Louisiana Nonresident Individual Income Tax Return or a Louisiana Fiduciary Income Tax Return, and make payment of Louisiana income tax. See Louisiana Administrative Code (LAC) 61:I.1401 available on the Department's website at <https://revenue.louisiana.gov/tax-policy/>.

**If tax credits are claimed on the composite partnership return, the following apply:**

ALL nonresident partners must be included on the return and on Schedule B, *Included Partner's Share of Income and Tax*.

ALL partners, including residents, corporations, and other partnerships must be included on Schedule A, *NOT Included Partner's Share of Income and Tax*.

**Entities that cannot be included in a composite return**

1. Corporations are required to file Form CIT-620 to report any partnership income.
2. Resident estates and trusts are required to file Form IT-541, *Louisiana Fiduciary Income Tax Return*, to report partnership income.
3. Partners who are themselves partnerships cannot be included in a composite partnership return. These partners must file all applicable Louisiana tax returns. Refer to LAC 61:I.1401.
4. Partners who are Louisiana residents are required to file Form IT-540, *Louisiana Resident Individual Income Tax Return*, to report partnership income. Refer to LAC 61:I.1401.

**Payments**

An Electronic Funds Transfer (EFT) payment is required for all payments of tax due that exceed \$5,000.

**Tax Rate**

A tax rate of 3 percent (.03) is assessed on the total distributive shares for nonresident partners included on Schedule 6922.

**SIGNATURES and VERIFICATION**

The return must be signed by the General Partner or Limited Liability Company Member Manager. If receivers, trustees in bankruptcy, or assignees are operating the property or business of the partnership, such officials must execute the return for such corporation. Telephone numbers of General Partner or Limited Liability Company Member Manager and preparers should be furnished. This verification is not required when the return is prepared by a regular full-time employee of the taxpayer.

**PAID PREPARER INSTRUCTIONS**

If your return was prepared by a paid preparer, that person must also sign in the appropriate space, complete the information in the "Paid Preparer Use Only" box, and enter his or her identification number in the space provided under the box. If the paid preparer has a Preparer Tax Identification Number (PTIN), the PTIN must be entered in the space provided under the box; otherwise, enter the Federal Employer Identification Number (FEIN) or LDR account number. If the paid preparer represents a firm, the firm's FEIN must be entered in the "Paid Preparer Use Only" box. The failure of a paid preparer to sign or provide an identification number will result in the assessment of the unidentified preparer penalty on the preparer. The penalty of \$50 is for each occurrence of failing to sign or failing to provide an identification number.

**ABOUT THIS FORM**

This return is designed for electronic scanning, which permits faster processing with fewer errors. In order to avoid unnecessary delays caused by manual processing, taxpayers should follow the guidelines listed below:

1. Enter amounts only on those lines that are applicable.
2. If completing by hand, use a pen with black ink.
3. Because this form is read by a machine, enter your numbers inside boxes like this:

0	1	2	3	4	5	6	7	8	9	X
---	---	---	---	---	---	---	---	---	---	---

4. All numbers should be rounded to the nearest dollar.
5. Where appropriate, mark the box to the left of the entry field if the amount is less than zero. Do not use a negative sign or parentheses with the amount. For example, if your Federal net income on Schedule D, Line 1 is a \$10,000 loss, mark the box on Line 1 and enter 10,000.

**NAME, ADDRESS, and ACCOUNT NUMBER**

Enter your legal and trade name, address, and LDR Account Number on your return. For the unit type, use postal abbreviations such as APT, FL, STE, and RM. If you have a foreign address, enter the city name in the appropriate space. Follow the country's practice for entering the postal code and the name of the province, county, or state. Enter the foreign country name in the appropriate space. Do not abbreviate the country name.

If there is a change in your address since last year's return, mark an "X" in the "Address Change" box. A direct address change can be accomplished by marking the "Address Change" box when filing your return, or can be submitted by accessing your account at <https://latap.revenue.louisiana.gov/>.

You must file using your 10-digit LDR Account Number. The Federal Employer Identification Number (FEIN) cannot be used in place of the account number. An LDR account number can be obtained by using our Online Business Registration application available on the LDR's website at <https://latap.revenue.louisiana.gov/>.

**FILING PERIOD**

The return must be filed for a calendar year, or for a fiscal year of 12 months, ending on the last day of any month other than December, or for an annual period of 52/53 weeks if records are kept on that basis. Mark the box to indicate a calendar year return or a fiscal year return. For fiscal year and 52/53 week filers, the dates on which the reported period begin and end must be plainly stated in the appropriate space at the top of the return. The income tax period must be the same as that used for federal income tax purposes.

**RETURNS FOR PART OF THE YEAR**

Mark the appropriate box to indicate the filing of a short period return. For a short period return, the dates on which the reported period begin and end must be plainly stated in the appropriate space at the top of the return. The income tax period must be the same as that used for federal income tax purposes.

**FINAL RETURN**

Mark the appropriate box to indicate the filing of a final return. For a final return, the dates on which the reported period begin and end must be plainly stated in the appropriate space at the top of the return. The income tax period must be the same as that used for federal income tax purposes. Marking the box for a final return does not close your account with LDR. To close a partnership account, the partnership must either send the Louisiana Secretary of State written notification of Termination of Registration when they terminate or file an Affidavit of Dissolution.

**AMENDED RETURNS**

The "Amended Return" box should be clearly marked when filing an amended return. In order to amend the amounts reported for the partnership, the taxpayer must file a revised Form IT-565, along with a detailed explanation of the changes and a copy of Federal Form 1065 or 1065-X, if applicable.

**FEDERAL TAX ADJUSTMENTS**

Louisiana Revised Statute 47:103(C) requires every taxpayer whose federal return is adjusted to amend the Louisiana return reporting such adjustments within 60 days of the final determination of the adjustments by the IRS. The "Amended Due to IRS Audit" box should be marked to indicate that an amended return is being filed, and a statement should accompany the amended return disclosing the nature and amounts of such adjustments.

**All filers are required to answer lines A through M.**

**Line A** – Enter your Federal Employer Identification Number.

**Line B** – Enter the amount from Federal Form 1065, Line 23.

**Line C** – Enter the amount from Federal Form 1065, Line 1 of the Analysis of Net Income (Loss) schedule.

**Line D** – Enter your gross revenues from Federal Form 1065, Line 1c. Mark the box if less than zero.

**Line E** – Enter your total assets. Mark the box if less than zero.

**Line F** – Enter the corporation's six digit 2022 North American Industry Classification System (NAICS) Code.

**Line G** – Enter the state abbreviation for the location of the principal place of business.

**Line H** – Mark the appropriate box to indicate if the partnership received acceptance of the pass-through entity election under La. R.S. 47:287.732.2.

**Line I** – Mark the appropriate box if the income of this partnership include the income of disregarded entities.

**Lines J and K** – If you answered "yes" to Line J, Line K, or both, you must complete Schedules H, I, and J. If you answered "no" to both Lines J and K, do not complete Schedules H, I, and J.

**Line L** – If you answered yes to Line L, you must complete Schedules D, E, and G.

**Line M** – Enter the total distributable income for nonresident partners from Schedule 6922, Line 1. If Schedule 6922 is not being filed, leave Line M blank.

## SCHEDULE A AND SCHEDULE B – PARTNER'S SHARE OF INCOME AND TAX

You must complete Schedule A, *NOT Included Partner's Share of Income and Tax*, if the following apply:

1. You are not including the filing of the Louisiana Composite Partnership return; or
2. You are including the filing of the Louisiana Composite Partnership return and need to report the share of income for each nonresident partner who has a valid agreement on file with LDR and is therefore not included on the composite return.

You must complete Schedule B, *Included Partner's Share of Income and Tax*, for each nonresident partner who does not have a valid agreement on file with LDR. If anything is reported on the Composite Partnership Return, this schedule must be completed.

Attach additional sheets if necessary.

**Exception:** If tax credits are claimed on the composite return, all nonresident partners must be included on Schedule B regardless of having a valid agreement on file. All other partners, including residents, corporations and other partnerships must be included on Schedule A.

**Partner Number** – Begin with number one "1" and use consecutive numbering for each partner required to be listed on this schedule. Also, provide a total for all partners on this schedule as applicable. Complete each row with the requested information for each partner.

**ID Type** – Enter Social Security Number (SSN) if the partner is an individual. Enter FEIN if the partner is an entity such as a corporation, partnership, or trust.

**SSN** – If ID type is SSN, enter the Social Security Number of the partner required to be included on this schedule. If ID type is FEIN, enter the Federal Employer Identification Number of the partner.

**Name** – Enter the full name if the partner is an individual or the legal name of the entity.

**Address, City, State, and ZIP** – Enter the mailing address of each partner.

**Partner's Share of Profit (%)** – Enter the year-end percentage of each partner. This percentage is generally based on the partnership agreement. Enter the total for all partners on this schedule.

**Partner's Share of Loss (%)** – Enter the year-end percentage of each partner. This percentage is generally based on the partnership agreement. Enter the total for all partners on this schedule.

**Partner's Share of Credits (%)** – Enter the year-end percentage of each partner. This percentage is generally based on the partnership agreement. Enter the total for all partners on this schedule.

**Resident of LA for Tax Year** – Enter "Yes" or "No". Enter "No" if the partner is an entity such as a corporation or partnership.

**Nonresident Partner Agreement on File** – For Schedule A, enter "Yes" or "No" indicating whether each nonresident partner has a valid agreement on file with LDR.

**Credits Claimed on the Return** – For Schedule B, enter "Yes" or "No" indicating whether tax credits earned by the partnership flow through to the partners and are being claimed on the composite return. If tax credits are claimed on the composite return, all nonresidents must be included on this schedule.

**Distributable Losses** – Enter the amount of distributable losses that were derived from or attributable to sources in this state. Add all distributable losses and enter the total for all partners in the Total column.

**Distributable Income** – Enter the amount of distributable income that was derived from or attributable to sources in this state regardless of income being distributed. Add all distributable income and enter the total for all partners in the Total column.

**Income Tax Due** – A tax rate of 3 percent (.03) is assessed on the amount of Distributable Income. Calculate the tax due for each partner and enter the total for all partners in the Total column on Schedule B.

**Nonrefundable Priority 1 Credits** – For each partner, enter their share of Nonrefundable Priority 1 Credits. Add the amount of Nonrefundable Priority 1 Credits and enter the total for all partners in the Total column.

**Schedule NRC-P1** – Refer to the list of nonrefundable credits in the instructions for Schedule NRC-P1. For each nonrefundable credit being claimed, enter the identifying three-digit code. Each credit must be listed separately. For each partner, enter their share of the applicable credit. Enter the total for all partners on this schedule. **NOTE: Use only the codes referenced in the table of Schedule NRC-P1. The codes listed are not interchangeable with other codes listed on other schedules.**

**Income Tax Due after Nonrefundable Priority 1 Credits** – For each partner listed on Schedule B, subtract Total Nonrefundable Priority 1 Credits from Income Tax Due and enter the result. This amount cannot be less than zero. Enter the total for all partners on this schedule.

**Refundable Priority 2 Credits** – For each partner, enter their share of Refundable Priority 2 Credits from Schedule RC-P2. Add the amount of Refundable Priority 2 Credits and enter the total for all partners in the Total column.

**Schedule RC-P2** – Refer to the list of refundable credits in the instructions for Schedule RC-P2. For each refundable credit being claimed, enter the identifying code. Each credit must be listed separately. For each partner, enter their share of the applicable credit. Enter the total for all partners on this schedule. **NOTE: Use only the codes referenced in the table of Schedule RC-P2. The codes listed are not interchangeable with other codes listed on other schedules.**

**Income Tax Due after Total Refundable Priority 2 Credits** – For each partner listed on Schedule B, subtract Refundable Priority 2 Credits from Income Tax Due after Total Refundable Priority 1 Credits and enter the result. This amount cannot be less than zero. Enter the total for all partners on this schedule.

**Nonrefundable Priority 3 Credits** – For each partner, enter their share of Nonrefundable Priority 3 Credits. Add the amount of Nonrefundable Priority 3 Credits and enter the total for all partners in the Total column.

## SCHEDULE A AND SCHEDULE B – PARTNER'S SHARE OF INCOME AND TAX

**Schedule NRC-P3** – Refer to the list of nonrefundable credits in the instructions for Schedule NRC-P3. For each nonrefundable credit being claimed, enter the identifying three-digit code. Each credit must be listed separately. For each partner, enter their share of the applicable credit. Enter the total for all partners on this schedule. **NOTE: Use only the codes referenced in the table of Schedule NRC-P3. The codes listed are not interchangeable with other codes listed on other schedules.**

**Amount Paid on Partner's Behalf** – For each partner listed on Schedule B, subtract Nonrefundable Priority 3 Credits from Income Tax Due after Total Refundable Priority 2 credits and enter the result. This amount cannot be less than zero. Enter the total for all partners on this schedule.

**Refundable Priority 4 Credits** – For each partner, enter their share of Refundable Priority 4 Credits. Add the amount of Refundable Priority 4 Credits and enter the total for all partners in the Total column.

**Schedule RC-P4** – Refer to the list of refundable credits in the instructions for Schedule RC-P4. For each refundable credit being claimed, enter the identifying code. Each credit must be listed separately. For each partner, enter their share of the applicable credit. Enter the total for all partners on this schedule. **NOTE: Use only the codes referenced in the table of Schedule RC-P4. The codes listed are not interchangeable with other codes listed on other schedules.**

**Reconciliation of Partners' Capital Accounts** – Self-explanatory. Attach additional sheets if necessary.

## SCHEDULE C – OTHER DEDUCTIONS

Provide a brief description and amount for items included in "Other deductions" reported on Line 21 of Schedule G or Schedule J. Attach additional sheets if necessary and enter that subtotal in the appropriate space provided. Enter the total deductions on the Total line.

## GENERAL INSTRUCTIONS FOR SCHEDULES D, E, F, AND G

If you answered "yes" to Page 1, Line L, you must complete Schedules D, E, and G. If a property ratio is required for the apportionment percent prescribed for your type of business, you must also complete Schedule F. If you answered "no" to Line L, skip Schedules D, E, F, and G and go to Schedule H.

## SCHEDULE D – RECONCILIATION OF FEDERAL AND LOUISIANA NET INCOME FOR PARTNERSHIPS WITH NON CORPORATE PARTNERS

**Line 1** – Enter the amount of federal net income from Line 1 of the Analysis of Net Income (Loss) schedule of Federal Form 1065.

### ADDITIONS

**Line 2a** – Enter the amount of interest and dividend income on obligations of a state, political, or municipal subdivision other than Louisiana and its municipalities.

**Line 2b** – La. R.S. 47:297.25 allows businesses to elect a bonus depreciation deduction, also known as full expensing, for qualified property placed in service during the tax year. This election permits you to deduct 100% of the cost of qualified property on your Louisiana return in the year the property is placed in service.

For each taxable year following the year you claim this deduction, you are required to add back to your federal net income the amount of federal depreciation claimed on the same property because the property was fully expensed on your Louisiana return in the initial year. See Revenue Information Bulletin 25-012 for additional information. Form R-90158, *Bonus Depreciation Schedule*, must be attached to your return.

**Line 2c** – Enter the amount of any other additions to federal net income. A schedule of the items on this line must be supplied.

**Line 2d** – Add Lines 2a through 2c.

### SUBTRACTIONS

**Line 3a** – Enter the amount of interest and dividend income from U.S. government obligations.

**Line 3b** – La. R.S. 47:297.25 allows businesses to elect a bonus depreciation deduction, also known as full expensing, for qualified property placed in service during the tax year. This election permits you to subtract 100% of the cost of qualified property on your Louisiana return in the year the property is placed in service. Use this line to report the bonus depreciation amount that exceeds the depreciation claimed on your federal return. For this deduction, "qualified property" and "qualified improvement property" have the same meanings as those defined by Sections 168(k) and 168(e)(6) of the Internal Revenue Code, respectively, as in effect on January 1, 2024. The term "research and experimental expenditures" is defined as in Section 174 of the Internal Revenue Code, effective as of January 1, 2024. For more information, see Revenue Information Bulletin 25-012. Form R-90158, *Bonus Depreciation Schedule*, must be attached to your return.

**Line 3c** – Enter the amount of any other subtractions from federal net income. A schedule of the items on this line must be supplied. **IMPORTANT:** There is no exclusion from income for a partnership who is a shareholder, member, or partner of an entity that made the pass-through entity tax election under La. R.S. 47:287.732.2.

**Line 3d** – Add Lines 3a through 3c.

**Line 4** – Add Lines 1 and 2d and subtract Line 3d. This amount should agree with Schedule G, Line 23.

## **SCHEDULE E – COMPUTATION OF APPORTIONMENT PERCENT FOR PARTNERSHIPS WITH NON-CORPORATE PARTNERS**

The Louisiana income tax law requires the apportionment reporting method when computing the Louisiana portion of a taxpayer's apportionable income, unless it can be clearly demonstrated that the use of the apportionment method produces a manifestly unfair result, and permission to use the separate accounting method has been granted by the Secretary.

Such permission, once secured, continues to be effective so long as there is no change in the nature and extent of the Louisiana operations or in the taxpayer's relationship to operations outside of this state. A statement of any such changes in operations should be communicated immediately to the Secretary of Revenue in order that a redetermination may be made as to whether the separate accounting method is permissible.

The statute contemplates that only one specific formula is used in determining the apportionment percent, that being the formula prescribed for the taxpayer's primary business. As a general rule, where a taxpayer is engaged in more than one business, the taxpayer's primary business is that which is the primary source of the taxpayer's net apportionable income. The class of income designated as "apportionable income" is all items of gross income which are not properly includable in allocable income. Therefore, allocable income is not used in determining which specific formula to use for the apportionment percent or in the calculations of the apportionment percent. For information regarding what types of income are considered allocable income, see the instructions for Line 24 of Schedule G.

The income tax property ratio is calculated on Schedule F. All other ratios are calculated on Schedule E. On Lines 1D and 2 through 5, mark the box if the ratio for that line is not being considered as described below.

### **FACTORS TO USE**

For air transportation, use factors (1) and (5); for pipeline transportation, use factors (1), (2), and (5); for other transportation, use factors (1) and (5); for service enterprises in which the use of property is not a material income-producing factor, use factors (1) and (2), otherwise, use factors (1), (2), and (5); for loan businesses, use factors (2) and (3); for merchandising, and manufacturing, use factors (1), (2), (4) and (5); and for other businesses use factors (1), (2), and (5).

**Air transportation** – The Louisiana apportionment percent used when net apportionable income is derived primarily from the business of transportation by aircraft is the arithmetical average of two ratios, as follows:

- (1) The ratio of the value of immovable and corporeal movable property, other than aircraft, owned, and located in Louisiana, to the value of all immovable and corporeal movable property, other than aircraft, owned and used in the production of apportionable income; and
- (2) The ratio of the amount of gross apportionable income derived from Louisiana sources to the total gross apportionable income. Gross apportionable income from Louisiana sources include all gross receipts derived from passenger journeys and cargo shipments originating in Louisiana, and any other items of gross apportionable income or receipts derived entirely from sources in this state.

**Other transportation** – The Louisiana apportionment percent used when net apportionable income is derived primarily from the business of transportation, other than by aircraft or pipeline, is the arithmetical average of two ratios, as follows:

- (1) The ratio of the value of immovable and corporeal movable property, owned and located in Louisiana, to the value of all immovable and corporeal movable property owned and used in the production of apportionable income; and
- (2) The ratio of the amount of gross apportionable income from Louisiana sources to the total amount of gross apportionable income of the taxpayer. Gross apportionable income from Louisiana sources includes all such income that is derived entirely from sources within this state, and a prorated portion of revenue from transportation partly without and partly within this state.

**Service enterprises** – The Louisiana apportionment percent, used when net apportionable income is derived primarily from a service business in which the use of property is not a substantial income-producing factor, is the arithmetical average of two ratios, as follows:

- (1) The ratio of the amount paid for salaries, wages, and other compensation for personal services rendered in Louisiana, to the total amount paid for salaries, wages, and other compensation for personal services in connection with the production of the net apportionable income; and
- (2) The ratio of the gross apportionable income of the taxpayer from Louisiana sources to the total gross apportionable income of the taxpayer. The gross apportionable income from Louisiana sources includes the revenue from services performed in this state and any other gross income derived entirely from sources within this state.

**Loan business** – The Louisiana apportionment percent used when net apportionable income is derived primarily from the business of making loans shall be the arithmetical average of two ratios, as follows:

- (1) The ratio of the amount paid for salaries, wages, and other compensations for personal services rendered in Louisiana, to the total salaries and wages paid in connection with the production of the net apportionable income; and
- (2) The ratio of the amount of loans made in Louisiana to the total amount of loans made everywhere.

**Manufacturing and merchandising businesses** – The Louisiana apportionment percent used when net apportionable income is derived primarily from the business of manufacturing or merchandising is computed by means of the property, salaries and wages, and sales ratios described as follows, except that the ratio of net sales shall be double-weighted or counted twice, and the Louisiana apportionment percent shall be the arithmetical average of the four ratios.

- (a) The ratio of the value of the immovable and corporeal movable property owned by the taxpayer and located in Louisiana, to the value of all immovable and corporeal movable property owned by the taxpayer and used in the production of the net apportionable income

**SCHEDULE E – COMPUTATION OF APPORTIONMENT PERCENT  
FOR PARTNERSHIPS WITH NON-CORPORATE PARTNERS ...Continued**

- (b) The ratio of the amount paid by the taxpayer for salaries, wages, and other compensation for personal services rendered in this state, to the total amount paid by the taxpayer for salaries, wages, and other compensation for personal services in connection with the production of net apportionable income
- (c) The ratio of net sales made in the regular course of business and other gross apportionable income attributable to this state, to the total net sales made in the regular course of business and other gross apportionable income of the taxpayer. This ratio is double-weighted, or counted twice.

The term "business of manufacturing or merchandising" shall only include a taxpayer whose net apportionable income is derived primarily from the manufacture, production, or sale of tangible personal property. The term "business of manufacturing or merchandising" shall not include the following:

- (a) A taxpayer subject to the tax imposed pursuant to Chapter 8 of Subtitle II of Title 47 of the Louisiana Revised Statutes of 1950
- (b) Any taxpayer whose income is primarily derived from the production or sale of unrefined oil and gas

**Pipeline transportation and other business** – The Louisiana apportionment percent used when net apportionable income is derived primarily from the business of transportation by pipeline, or from any business whose apportionment percent is not included elsewhere in the Schedule N instructions, is the arithmetical average of three ratios, as follows:

- (a) The ratio of the value of the immovable and corporeal movable property owned and located in Louisiana, to the value of all immovable and corporeal movable property owned and used in the production of the net apportionable income
- (b) The ratio of the amount paid for salaries, wages, and other compensation for personal services rendered in this state, to the total amount paid for salaries, wages, and other compensation for personal services in connection with the production of net apportionable income
- (c) The ratio of net sales made in the regular course of business and other gross apportionable income attributable to this

state to the total net sales made in the regular course of business and other gross apportionable income

**Sales\Revenue Ratio Attribution Information**

Sales of goods, merchandise, or property attributable to this state are all sales made in the regular course of business where the goods, merchandise, or property are received in this state by the purchaser. In the case of delivery of goods by common carrier or by other means of transportation, including transportation by the purchaser, the place at which the goods are ultimately received after all transportation has been completed shall be considered as the place at which the goods are received by the purchaser. However, direct delivery into this state to a person or firm designated by a purchaser from within or without the state constitutes delivery to the purchaser in this state.

Gross apportionable income attributable to this state derived from the transportation of crude petroleum, natural gas, petroleum products, or other commodities for others through pipelines includes all gross revenue derived from operations entirely within this state plus a portion of any revenue from operations partly within and partly without this state, based upon the ratio of the number of units of transportation service performed in Louisiana in connection with such revenue to the total of such units. A unit of transportation service shall be the transporting of any designated quantity of crude petroleum, natural gas, petroleum products, or other commodities for any designated distance.

**Salaries\Wages\Compensation Ratio Attribution Information**

Salaries, wages, and other compensation for personal services paid by a business whose principal office is located in Louisiana, to officers and employees responsible for the direction and supervision of operations of the business partly within and partly without Louisiana, and salaries, wages, and other compensation for personal services paid to general office employees whose duties pertain to the operations of the business partly within and partly without Louisiana, shall be allocated in part to this state on the basis of the ratio of the amount of direct operating salaries, wages, and other compensation for services rendered in Louisiana to the total of such direct operating salaries, wages, and other compensation paid in connection with the production of net apportionable income.

**SCHEDULE F – COMPUTATION OF PROPERTY RATIO**

**IMPORTANT! You must complete both pages of Schedule F.**

If the partnership is required to include a property ratio in the apportionment percent computation on Schedule E or Schedule I, Schedule F must be completed.

The property ratio is composed of real and tangible assets, less real and tangible assets not used in the production of net apportionable income. The value of immovable and corporeal movable property owned by the taxpayer and used in the production of net apportionable income is included in this ratio. Where only a part of the property is used in the production of apportionable income, only the value of that portion so used shall be included in the property ratio. However, where the entire property is used in the production of both allocable and apportionable income, the value of the entire property is included in the property ratio. Idle property and property under construction, during such construction and prior to being placed in service, is not included in the property ratio. Property held as reserve or standby facilities, or property held as a reserve source of materials, is considered to be used in the production of apportionable income. Non-productive mineral leases are considered to be held for such use and should be included in the property ratio. The value of inventories of merchandise in transit is allocated to the state in which their delivery destination is located in the absence of conclusive evidence to the contrary.

## **SCHEDULE G – COMPUTATION OF LOUISIANA NET INCOME FOR PARTNERSHIPS WITH NON CORPORATE PARTNERS**

### **Separate Accounting Method**

Those partnerships that have been granted permission to use the separate accounting method should mark the box on the line above Line 1A and report the Louisiana amounts for the items on Lines 1A through 23. Skip Lines 24A through 27J. On Line 28, subtract Line 22 from Line 8. A copy of the federal return should be attached to the return.

**Lines 1 through 6** – Enter the amounts from the partnership's Federal Form 1065 on the corresponding lines of this schedule.

**Line 7 – Other Income** – This amount should be equal to the result of adding the amount on Line 7 of Federal Form 1065, the amounts on Lines 2 through 11 of Schedule K of Federal Form 1065, and any amounts of income added to federal net income on Form IT-565, Schedule D, less any amounts of income subtracted from federal net income on Form IT-565, Schedule D. Please attach a schedule of other income as reported on Federal Form 1065.

**Lines 9 through 20** – Enter the amounts from the partnership's Federal Form 1065 on the corresponding lines of this schedule.

**Line 21 – Other Deductions** – This amount should be equal to the result of adding the amount on Line 21 of Federal Form 1065; the amounts on Lines 12 through 13e on Schedule K of Federal Form 1065; the amount of foreign taxes reported on Schedule K-3 of Federal Form 1065, Part III, Section 4; and any amounts of expense subtracted from federal net income on Form IT-565, Schedule D, less any amounts of expense added to federal net income on Form IT-565, Schedule D. Form IT-565, Schedule C must be completed if reporting other deductions.

**Line 24 – Allocable Income** – Louisiana does not apply the business/nonbusiness concepts outlined in the Multistate Tax Compact. Irrespective of whether the net income derived from sources within Louisiana is determined by use of the apportionment method or the separate accounting method, the law designates certain classes of income as allocable income that must be accounted for on a separate (direct) basis. The classes of income designated as allocable income and the basis upon which such income should be allocated are as follows:

- A. Rents and royalties from immovable or corporeal movable property must be allocated to the state where the property is located at the time the income is derived.
- B. Royalties or similar revenue from the use of patents, trademarks, copyrights, secret processes, and other similar intangible rights must be allocated to the state in which such rights are used. The use referred to is that of the licensee rather than that of the licensor.
- C. Estates, trusts, and partnerships having a partnership as a partner or beneficiary must allocate and apportion their income within and without the state in accordance with the processes and formulas prescribed for nonresident individuals, and the share of any partner or beneficiary in the net income from sources in this state, so computed, must be allocated to this state in the return of the partner or beneficiary.

- D. Income from construction, repair, or other similar services must be allocated to the state in which the service is performed. The phrase "other similar services" means any work that has as its purpose the improvement of immovable property belonging to a person other than the taxpayer where a substantial portion of the work is performed at the location of such property, whether or not such services actually result in improvements to the property.
- E. Interest on customers' notes and accounts must be allocated to the state in which such customers are located. Other interest must be allocated to the state in which the securities or credits producing such income have their situs, which shall be at the business situs of such securities or credits if they have been so used in connection with the partnership's business as to acquire a business situs, or, in the absence of such a business situs, shall be at the commercial domicile of the partnership.
- F. & G. Dividends and profits (losses) from sales and exchanges of capital assets consisting of incorporeal property or rights must be allocated to the state in which the securities or credits producing such income have their situs, which shall be at the business situs of such securities or credits if they have been so used in connection with the partnership's business as to acquire a business situs, or, in the absence of such a business situs, shall be at the commercial domicile of the partnership.
- H. Profits (losses) from sales or exchanges not made in the regular course of business, of property, other than capital assets consisting of incorporeal property or rights, must be allocated to the state where such property is located at the time of the sale. A mineral lease, royalty interest, oil payment, or other mineral interest is located in the state in which the property subject to such mineral interest is situated.

**Calculation of Net Allocable Income** – From the total gross allocable income from all sources and from gross allocable income from Louisiana sources, there is deducted all expenses, losses, and other deductions, except federal income taxes, allowable under the Louisiana income tax law that are directly attributable to such income, plus a ratable portion of the allowable deductions, except federal income taxes, that are not directly attributable to any item or class of gross income. Please attach a schedule of all allocable expenses and Louisiana expenses directly attributable to any item or class of gross income.

Although LAC 61:I.1130 was promulgated to provide guidance for determining corporation income tax liability, its guidance can also be used for determining net allocable income for partnerships with non-corporate partners. LAC 61:I.1130 provides that overhead expense attributable to items of gross allocable income derived from sources within and without Louisiana, except gross allocable income from rent of immovable or corporeal movable property or from construction, repair, or other similar services, may be determined by any reasonable method that clearly reflects net allocable income from such items of income.

**SCHEDULE G – COMPUTATION OF LOUISIANA NET INCOME  
FOR PARTNERSHIPS WITH NON CORPORATE PARTNERS ...Continued**

**LAC 61:I.1130.B.2.a provides the following:**

- i. Overhead expense attributable to Louisiana gross allocable income derived from rent of immovable or corporeal movable property and from construction, repair, or other similar services shall be deducted from such income for the purposes of determining Louisiana net allocable income or loss from such items of income. The amount of overhead expense attributable to such income shall be determined by multiplying overhead expense attributed to total gross allocable income derived from rent of immovable or corporeal movable property and from construction, repair, or other similar services by the arithmetical average of two ratios, as follows:
  - (a) the ratio of the amount of Louisiana gross allocable income derived from rent of immovable or corporeal movable property and from construction, repair, or other similar services to total gross allocable income from such sources
  - (b) the ratio of the amount of direct cost incurred in the production of Louisiana gross allocable income derived from rent of immovable or corporeal movable property and from construction, repair, or other similar services to total direct cost incurred in the production of such income
- ii. Overhead expense attributable to total gross allocable income derived from rent of immovable or corporeal movable property or from construction, repair, or other similar services shall be deducted from such income for the purposes of determining total net allocable income or loss from such items of income. The amount of overhead expense attributable to such income shall be determined by multiplying total overhead expense by the arithmetical average of two ratios, as follows:
  - (a) the ratio of the amount of total gross allocable income derived from rent of immovable or corporeal movable property and from construction, repair, or other similar services to total gross income derived from all sources
  - (b) the ratio of the amount of direct cost incurred in the production of total gross allocable income derived from rent of immovable or corporeal movable property and from construction, repair, or other similar services to total direct cost incurred in the production of gross income from all sources
- iii. If the taxpayer has not maintained documents or records sufficient to compute the ratios required by this Subparagraph, the Secretary shall, upon examination, determine the method by which to attribute overhead expense.

In addition to direct expenses and a ratable portion of overhead expenses, LAC 61:I.1130 specifies the method for attributing a portion of interest expense to allocable income. The method of allocation and apportionment for interest set forth in the regulation is based on the approach that money is fungible and that interest expense is attributable to all activities and property regardless of any specific purpose for incurring an obligation on which interest is paid. Exceptions to the fungibility method are set forth in LAC 61:I.1130.B.1.b. The fungibility approach recognizes that all activities and property require funds and that management has a great deal of flexibility as to the source and use of funds and that the creditors of the taxpayer look to its general credit for repayment and thereby subject the money loaned to the risk of all of the taxpayer's activities. You must refer to LAC 61:I.1130 for information regarding the computation of interest expense.

**Lines 24A through 24H – Allocable Income From All Sources** – Enter the TOTAL net allocable income of each class, from all sources.

**Line 24I – Allocable Expenses** – Enter the total of all allocable expense. Attach a schedule detailing the expense by allocable income type.

**Line 24J – Net Allocable Income From All Sources** – Add Lines 24A through 24I.

**Line 25 – Net Income Subject To Apportionment** – Subtract Line 24J from Line 23.

**Line 26 – Net Income Apportioned To Louisiana** – Multiply the amount on Line 25 by the percentage from Schedule E, Line 7.

**Lines 27A through 27H – Allocable Income From Louisiana Sources** – Enter the total LOUISIANA allocable income of each class, from all sources.

**Line 27I – Louisiana Allocable Expenses** – Enter the total of the allocable expense associated with allocable income sourced to Louisiana. Attach a schedule detailing the expense by allocable income type.

**Line 27J – Net Allocable Income From Louisiana Sources** – Add Lines 27A through 27I. This is the LOUISIANA net allocable income.

**Line 28** – Add the net income apportioned to Louisiana, Line 26, to the net income allocated to Louisiana, Line 27J. If the separate accounting method was used, subtract Line 22 from Line 8.

## GENERAL INSTRUCTIONS FOR SCHEDULES H, I, J, AND F

If you answered "yes" to Line J, Line K, or both, on Page 1 you must complete Schedules H, I, and J. See the instructions for Schedule I to determine if you also have to complete Schedule F. If you answered "no" to both Lines J and K, do not complete Schedules H, I, and J.

### SCHEDULE H – RECONCILIATION OF FEDERAL AND LOUISIANA NET INCOME FOR PARTNERSHIPS WITH CORPORATE PARTNERS

See La. R.S. 47:287.71 and La. R.S. 47:287.73 for information.

**Line 1** – Enter the amount of federal net income from Line 1 of the Analysis of Net Income (Loss) schedule of Federal Form 1065.

**Line 2a** – La. R.S. 47:297.25 allows businesses to elect a bonus depreciation deduction, also known as full expensing, for qualified property placed in service during the tax year. This election permits you to deduct 100% of the cost of qualified property on your Louisiana return in the year the property is placed in service.

For each taxable year following the year you claim this deduction, you are required to add back to your federal net income the amount of federal depreciation claimed on the same property because the property was fully expensed on your Louisiana return in the initial year. See Revenue Information Bulletin 25-012 for additional information. Form R-90158, *Bonus Depreciation Schedule*, must be attached to your return.

**Line 2b** – Enter the total amount of other additions to federal net income. A schedule of the items on this line must be supplied.

**Line 2c** – Add Lines 2a through 2b.

**Line 3a – Bank Dividends** – La. R.S. 47:287.71 provides a deduction from federal net income for dividend income from banking corporations organized under the laws of Louisiana, from national banking corporations doing business in Louisiana, and from capital stock associations whose stock is subject to ad valorem taxation.

**Line 3b – All Other Dividends** – La. R.S. 47:287.738(F)(1) allows a deduction for dividends that would otherwise be included in gross income.

**Line 3c – Interest** – La. R.S. 47:287.738(F)(2) allows a deduction for interest that would otherwise be included in gross income.

**Line 3d – Road Home** – La. R.S. 47:287.738(G) provides that any grant, loan, or other benefit directly or indirectly provided to a taxpayer by the Disaster Recovery Unit of the Office of Community Development is excluded if such income was included in the taxpayer's federal taxable income. Benefits may include payments from Restore Louisiana for recovery from the Great Flood of 2016.

**Line 3e – Bonus Depreciation** – La. R.S. 47:297.25 allows businesses to elect a bonus depreciation deduction, also known as full expensing, for qualified property placed in service during the tax year. This election permits you to deduct 100% of the cost of qualified property on your Louisiana return in the year the property is placed in service. Use this line to report the bonus depreciation amount that exceeds the depreciation claimed on your federal return. For this deduction, "qualified property" and "qualified improvement property" have the same meanings as those defined by Sections 168(k) and 168(e)(6) of the Internal Revenue Code, respectively, as in effect on January 1, 2024. The term "research and experimental expenditures" is defined as in Section 174 of the Internal Revenue Code, effective as of

January 1, 2024. For more information, see Revenue Information Bulletin 25-012. Form R-90158, *Bonus Depreciation Schedule*, must be attached to your return.

**Line 3f – Other Subtractions** – A schedule of the items on this line must be supplied. Refer to La. R.S. 47:287.71, 47:287.73, and 47:287.734 through 287.747 for other subtractions from federal net income. **IMPORTANT:** There is no exclusion from income for a partnership that is a shareholder, member, or partner of an entity that made the pass-through entity tax election under La. R.S. 47:287.732.2. Also, include on this line:

#### Compensation for Disaster Services

Louisiana Revised Statute 47:53.5 provides an exclusion for income received by a nonresident business for performing disaster or emergency-related work within the state during a declared or emergency period. The exclusion applies only for income received in exchange for disaster or emergency-related work related to critical infrastructure that is performed during the declared disaster period, which begins within 10 days of the first day of the declaration or proclamation made by either the governor, the president, or appropriate local government official and ends 60 days after its conclusion, unless a longer period is subsequently authorized. Requests for written notice concerning emergency-related services are posted as Revenue Information Bulletins on LDR's website.

#### Expenses Not Deducted On The Federal Return Due To Internal Revenue Code Section 280E

Whenever an otherwise allowable expense for purposes of computing federal net income is disallowed under the provisions of IRC Section 280E, an additional deduction in the amount of the disallowed expense is allowed under the provisions of La. R.S. 47:287.73(C)(1). The deduction is only allowed for a licensee engaged in the production or dispensing of therapeutic marijuana recommended for therapeutic use by patients clinically diagnosed as suffering from a debilitating medical condition as defined in La. R.S. 40:1046.

#### COVID-19 Relief Benefits Exemption

Louisiana Revised Statute 47:287.738(H) provides that any gratuitous grant, loan, rebate, tax credit, advance refund, or other qualified disaster relief benefit provided directly or indirectly by the state or federal government as a COVID-19 relief benefit is excluded if such income was included in the taxpayer's federal net income. Benefits may include payments from the Louisiana Main Street Recovery Fund. See Revenue Information Bulletin 21-019 and Revenue Ruling 22-002. Attach a schedule detailing the source and amount of the excluded benefits and a copy of the Federal Form 1065.

**Line 3g – Total Subtractions** – Add Lines 3a through 3f.

**Line 4 – Louisiana Net Income From All Sources** – Add Lines 1 and 2a and subtract Line 3f. This amount should agree with Schedule J, Line 23.

## **SCHEDULE I – COMPUTATION OF APPORTIONMENT PERCENTAGE FOR PARTNERSHIPS WITH CORPORATE PARTNERS**

Except for certain oil and gas businesses, a single revenue ratio is used to apportion income. Specific revenue ratios are prescribed for air, pipeline, other transportation businesses, and certain service enterprises. A general revenue ratio is prescribed for manufacturing, merchandising, and any other business for which a formula is not specifically prescribed. A specific apportionment formula consisting of four ratios is prescribed for certain oil and gas businesses. The statute contemplates that only one specific formula is used in determining the apportionment percent, that being the formula prescribed for the primary business. As a general rule, where more than one type of business is transacted, the primary business is that which is the primary source of net apportionable income. The class of income designated as "apportionable income" is all items of gross income which are not properly includable in allocable income. Therefore, allocable income is not used in determining which specific formula to use for the apportionment percent or in the calculations of the apportionment percent. For information regarding what types of income are considered allocable income, see the instructions for Line 24 of Schedule J.

The income tax revenue and wage ratios are calculated on Schedule I. The income tax property ratio is calculated on Schedule F. Mark the box on Line 2 if the wage ratio is not considered as described below. Mark the box on Line 3 if the property ratio is not considered as described below. Mark the box on Line 4 if the double-weighted sales ratio is not considered as described below.

**Television and Radio Businesses** – See La. R.S. 47:287.95(K).

**Oil And Gas Businesses** – The Louisiana apportionment percent used when net apportionable income is derived primarily from the exploration, production, refining, or marketing of oil and gas is the arithmetical average of four ratios, as follows:

- a. The ratio of the value of the immovable and corporeal movable property owned and located in Louisiana, to the value of the immovable and corporeal movable property owned and used in the production of the net apportionable income
- b. The ratio of the amount paid for salaries, wages, and other compensation for personal services rendered in this state, to the total amount paid for salaries, wages, and other compensation for personal services in connection with the production of net apportionable income
- c. The ratio of net sales made in the regular course of business and other gross apportionable income attributable to this state, to the total net sales made in the regular course of business and other gross apportionable. This ratio is counted twice (double-weighted).

This provision applies to the following:

- Any taxpayer whose income is primarily derived from the production or sale of unrefined oil and gas
- Any taxpayer defined as an integrated oil company per the United States Internal Revenue Code – 26 USC 291(b)(4) or integrated oil companies that refine, produce, and have marketing operations whose income in Louisiana is principally derived from production and sale of unrefined oil and gas and who also engage in significant marketing of refined

petroleum products in Louisiana. However, any corporation, whose activities during the taxable year do not include gross receipts from retail sales of oil and/or natural gas or gross receipts from refinery activities of oil and/or natural gas, will not be considered as an integrated oil company for Louisiana tax purposes.

When the numerator and denominator are zero in any one or more ratios in the apportionment formula, such ratio is dropped from the apportionment formula, and the arithmetical average is determined from the total remaining ratios.

**Air Transportation** – The Louisiana apportionment percent used when net apportionable income is derived primarily from the business of transportation by aircraft is computed by means of a single ratio, the ratio of the amount of gross apportionable income derived from Louisiana sources, to the total gross apportionable income of the taxpayer.

Gross apportionable income from Louisiana sources includes all gross receipts derived from passenger journeys and cargo shipments originating in Louisiana and any other items of gross apportionable income or receipts derived entirely from sources in Louisiana.

**Transportation Other Than Air or Pipeline** – The Louisiana apportionment percent used when net apportionable income is derived primarily from the business of transportation, other than aircraft or pipeline, is computed by means of a single ratio, the ratio of the amount of gross apportionable income from Louisiana sources, to the total amount of gross apportionable income of the taxpayer. Gross apportionable income from Louisiana sources includes all such income that is derived from sources within the state and a portion of revenue from transportation partly without and partly within Louisiana.

**Service Enterprises** – The Louisiana apportionment percent used when net apportionable income is derived primarily from a service business in which the use of property is not a substantial income producing factor is computed by means of a single ratio, the ratio of the gross apportionable income from Louisiana sources to the total gross apportionable income.

Gross apportionable income from Louisiana sources includes the revenue from services sourced to Louisiana and any other gross income derived entirely in this state. The general rule for sourcing service receipts to Louisiana is that service receipts are sourced to Louisiana if and to the extent the service is delivered to a location in Louisiana (market based). Refer to La. R.S. 47: 287.95(L) for specific sourcing rules.

**Manufacturing, Merchandising, Pipeline Transportation, and Other Businesses Not Addressed Above** – The Louisiana apportionment percent used when net apportionable income is derived primarily from the business of manufacturing or merchandising (manufacturing, producing, and/or selling tangible personal property) or pipeline transportation or other business not addressed above is computed by means of a single ratio, the ratio of net sales made in the regular course of business and other gross apportionable income attributable to this state to the total net sales made in the regular course of business and other gross apportionable income of the taxpayer.

## **SCHEDULE J – COMPUTATION OF LOUISIANA NET INCOME OF PARTNERSHIPS WITH CORPORATE PARTNERS**

### **Separate Accounting Method**

Those corporations that have been granted permission to use the separate accounting method should mark the box on the line above Line 1A and report the Louisiana amounts for the items on Lines 1A through 23. Skip Lines 24A through 27G. On Line 28, subtract Line 22 from Line 8. A copy of the federal return should be attached to the return.

### **INSTRUCTIONS**

**Lines 1 through 6** – Enter the amounts from the partnership's Federal Form 1065 on the corresponding lines of this schedule.

**Line 7 – Other Income** – This amount should be equal to the result of adding the amount on Line 7 of Federal Form 1065, the amounts on Lines 2 through 11 of Schedule K of Federal Form 1065 and any amounts of income added to federal net income on Form IT-565, Schedule H, less any amounts of income subtracted from federal net income on Form IT-565, Schedule H. Please attach a schedule of other income as reported on Federal Form 1065.

**Lines 9 through 20** – Enter the amounts from the partnership's Federal Form 1065 on the corresponding lines of this schedule.

**Line 21 – Other Deductions** – This amount should be equal to the result of adding the amount on Line 21 of Federal Form 1065; the amounts on Lines 12 through 13e on Schedule K of Federal Form 1065; the amount of foreign taxes reported on Schedule K-3 of Federal Form 1065, Part III, Section 4; and any amounts of expense subtracted from federal net income on Form IT-565, Schedule H, less any amounts of expense added to federal net income on Form IT-565, Schedule H. Form IT-565, Schedule C must be completed if reporting other deductions.

**Line 24 – Allocable Income** – Louisiana does not apply the business/nonbusiness concepts outlined in the Multistate Tax Compact. Irrespective of whether the net income derived from sources within Louisiana is determined by use of the apportionment method or the separate accounting method, the law designates certain classes of income as allocable income that must be accounted for on a separate (direct) basis. See LAC 61:I.1130 available on the Department's website. The classes of income designated as allocable income and the basis upon which such income should be allocated are as follows:

- A. Rents and royalties from immovable or corporeal movable property must be allocated to the state where the property is located at the time the income is derived.
- B. Royalties or similar revenue from the use of patents, trademarks, copyrights, secret processes, and other similar intangible rights must be allocated to the state in which such rights are used. The use referred to is that of the licensee rather than that of the licensor. A mineral lease, royalty interest, oil payment, or other mineral interest is allocated to the state in which the property subject to such mineral interest is situated.
- C. Estates, trusts, and partnerships having a corporation as a member or beneficiary must allocate and apportion their income within and without the state in accordance with the processes and formulas prescribed for corporations, and the share of any corporate member or beneficiary in the net income from sources in this state, so computed, must be allocated to this state in the return of the member or beneficiary.

D. Income from construction, repair, or other similar services must be allocated to the state in which the service is performed. The phrase "other similar services" means any work that has as its purpose the improvement of immovable property belonging to a person other than the partnership where a substantial portion of the work is performed at the location of such property, whether or not such services actually result in improvements to the property.

E. Other allocable income – This line should include interest income received from a controlled corporation that a corporation elects to tax under La. R.S. 47:287.738(F)(2). The interest is allocated to the state or states in which the real and tangible personal property of the controlled corporation is located. The allocation is made on the basis of the ratio of the value of such property located in Louisiana, to the value of such property within and without the state. See LAC 61:I.1130.A.2.

**Calculation Of Net Allocable Income** – From the total gross allocable income from all sources and from gross allocable income from Louisiana sources, there is deducted all expenses, losses, and other deductions, except federal income taxes, allowable under the Louisiana income tax law that are directly attributable to such income, plus a ratable portion of the allowable deductions, except federal income taxes, that are not directly attributable to any item or class of gross income. Please attach a schedule of all allocable expenses and Louisiana expenses directly attributable to any item or class of gross income.

LAC 61:I.1130 provides that overhead expense attributable to items of gross allocable income derived from sources within and without Louisiana, except gross allocable income from rent of immovable or corporeal movable property or from construction, repair, or other similar services, may be determined by any reasonable method that clearly reflects net allocable income from such items of income.

### **LAC 61:I.1130.B.2.a provides the following:**

- i. Overhead expense attributable to Louisiana gross allocable income derived from rent of immovable or corporeal movable property and from construction, repair, or other similar services shall be deducted from such income for the purposes of determining Louisiana net allocable income or loss from such items of income. The amount of overhead expense attributable to such income shall be determined by multiplying overhead expense attributed to total gross allocable income derived from rent of immovable or corporeal movable property and from construction, repair, or other similar services by the arithmetical average of two ratios, as follows:
  - (a) the ratio of the amount of Louisiana gross allocable income derived from rent of immovable or corporeal movable property and from construction, repair, or other similar services, to total gross allocable income from such sources
  - (b) the ratio of the amount of direct cost incurred in the production of Louisiana gross allocable income derived from rent of immovable or corporeal movable property and from construction, repair, or other similar services, to total direct cost incurred in the production of such income

**SCHEDULE J – COMPUTATION OF LOUISIANA NET INCOME  
OF PARTNERSHIPS WITH CORPORATE PARTNERS ...Continued**

ii. Overhead expense attributable to total gross allocable income derived from rent of immovable or corporeal movable property or from construction, repair, or other similar services shall be deducted from such income for the purposes of determining total net allocable income or loss from such items of income. The amount of overhead expense attributable to such income shall be determined by multiplying total overhead expense by the arithmetical average of two ratios, as follows:

(a) the ratio of the amount of total gross allocable income derived from rent of immovable or corporeal movable property and from construction, repair, or other similar services, to total gross income derived from all sources

(b) the ratio of the amount of direct cost incurred in the production of total gross allocable income derived from rent of immovable or corporeal movable property and from construction, repair, or other similar services, to total direct cost incurred in the production of gross income from all sources

iii. If the taxpayer has not maintained documents or records sufficient to compute the ratios required by this Subparagraph, the Secretary shall, upon examination, determine the method by which to attribute overhead expense.

In addition to direct expenses and a ratable portion of overhead expenses, LAC 61:I.1130 specifies the method for attributing a portion of interest expense to allocable income. The method of allocation and apportionment for interest set forth in the regulation is based on the approach that money is fungible and that interest expense is attributable to all activities and property regardless of any specific purpose for incurring an obligation on which interest is paid. Exceptions to the fungibility method are set forth in LAC 61:I.1130.B.1.b. The fungibility approach recognizes that all activities and property require funds and that management has a great deal of flexibility as to the source

and use of funds and that the creditors of the taxpayer look to its general credit for repayment and thereby subject the money loaned to the risk of all of the taxpayer's activities. You must refer to LAC 61:I.1130 for information regarding the computation of interest expense.

**Line 20 – Interest** – If your income tax amount is not paid by May 15, 2026, you will be charged interest on the unpaid tax from May 16, 2026, until the date the balance of tax due is paid. Because the interest rate varies from year to year, the rates are published in Form R-1111, *Interest Rate Schedule Collected on Unpaid Taxes*, which is available on LDR’s website.

<b>Interest Calculation Worksheet</b>		
<b>1</b>	Number of days late from the due date	
<b>2</b>	<b>Daily interest rate</b> (See Form R-1111.)	<b>0.</b> _____
<b>3</b>	Interest rate (Multiply Line 1 by Line 2.)	
<b>4</b>	Amount you owe (Schedule 6922, Line 19)	<b>.00</b>
<b>5</b>	Total interest due (Multiply Line 4 by Line 3, and enter the result on Schedule 6922, Line 20.)	<b>.00</b>

**Line 21 – Delinquent Filing Penalty** – A delinquent filing penalty will be charged for failure to file a return on or before the extended due date of November 15, 2026. The penalty is five percent of the tax for each 30 days, or fraction thereof, during which the failure to file continues which is calculated from the original due date. Therefore, if you file after the extended due date, the delinquent filing penalty that will be assessed is the maximum of 25 percent of the tax due.

**Line 22 – Delinquent Payment Penalty** – If you fail to pay the tax due by the due date, a delinquent payment penalty of 0.5 percent (.005) of the tax not paid by the due date will accrue for each 30 days, or fraction thereof, during which the failure to pay continues. This penalty cannot exceed 25 percent (.25) of the tax due.

**Important Notice:** The sum of both the delinquent filing and delinquent payment penalties cannot exceed 25 percent (.25) of the tax due. Thirty-day increments are used for the calculation of the delinquent filing and delinquent payment penalties. These penalties are based on the date LDR receives the return or payment. In addition to the delinquent penalties, you may also incur an accuracy-related penalty under La. R.S. 47:1604.1 if circumstances indicate negligent failure to comply with rules and regulations.

**Line 23 – Balance Due Louisiana** – Add Lines 19 through 22. You may make an electronic payment at <https://llatap.revenue.louisiana.gov/>. You may also make payment by check or money order by using Form R-6922V, *Composite Partnership Electronic Filing Payment Voucher*.

## GENERAL INFORMATION REGARDING TAX CREDITS

If a schedule is required in the instructions below, you must attach a separate schedule for each credit claimed. The schedule must clearly identify the credit, your name, and LDR account number. If documentation is required, you must submit the documentation with your return. For faster processing, you can upload all required information when you file your return electronically. Revenue Information Bulletins are posted on <https://revenue.louisiana.gov/tax-policy/> under Policy Documents.

A partnership must provide their partners or members a Schedule K-1 and other documentation required to substantiate their share of any credit passed down from the entity.

**Note:** If you are claiming a credit that is recorded in the Tax Credit Registry, you must attach a copy of Form R-6135, *Credit Registration Form*, to the return and list the State Certification Number in the appropriate space on the return. See Revenue

Information Bulletin 14-005 for information on the Tax Credit Registry and Revenue Information Bulletin 17-008 for claiming a purchased transferable tax credit.

### PASS-THROUGH ENTITY TAX ELECTION

Credits earned in the year the pass-through entity tax election was made or after the election was made are tax items of the entity, and the credit and its future carryforward must be reported on the entity's return. Credits earned in the year the election was made or after cannot be used on the individual income tax return of any shareholder, member, or partner. Tax credits earned in tax years prior to the election that have previously passed through to the owners are tax items of the owners, and any credit carryforward remaining can only be used on their income tax return. See Revenue Information Bulletin 19-019 and Louisiana Administrative Code (LAC) 61:1.1001(C)(6) for more information.
