2025 Louisiana School Expense Deduction Worksheet

Your Name	Your Social Security Number
-----------	-----------------------------

I. This worksheet should be used to calculate the three School Expense Deductions listed below. Refer to Revenue Information Bulletin 24-007 on LDR's website for more information. Expenses paid with amounts deducted as START K12 Savings Program Contributions are not eligible for this deduction.

- Elementary and Secondary School Tuition** – La. R.S. 47:297.10 provides a deduction for amounts paid during the tax year for tuition and fees required for your dependent child's enrollment in a nonpublic elementary or secondary school that complies with the criteria set forth in *Brumfield v. Dodd* and Section 501(c)(3) of the Internal Revenue Code or to any public elementary or secondary laboratory school that is operated by a public college or university. The school can verify that it complies with the criteria. The deduction is equal to the actual amount of tuition and fees paid per dependent, limited to \$6,000. The tuition and fees that can be deducted include amounts paid for tuition, fees, uniforms, textbooks, and other supplies **required** by the school.
- Educational Expenses for Home-Schooled Children** – La. R.S. 47:297.11 provides a deduction for educational expenses paid during the tax year for home-schooling your dependent child. In order to qualify for the deduction, you must be approved by the State Board of Elementary and Secondary Education (BESE) for home-schooling. The deduction is equal to 50 percent of the actual qualified educational expenses paid for the home-schooling per dependent, limited to \$6,000. Qualified educational expenses include amounts paid for the purchase of textbooks and curricula necessary for home-schooling.
- Educational Expenses for a Quality Public Education** – La. R.S. 47:297.12 provides a deduction for the fees or other amounts paid during the tax year for a quality education of a dependent child enrolled in a public elementary or secondary school, including Louisiana Department of Education approved charter schools. The deduction is equal to 50 percent of the amounts paid per dependent, limited to \$6,000. The amounts that can be deducted include amounts paid for uniforms, textbooks, and other supplies **required** by the school.

II. On the chart below, list the name of each qualifying dependent and the name of the school the student attends. If the student is home-schooled, enter "home-schooled." Enter an "X" in the box in column 1 if your dependent qualifies for the Elementary and Secondary School Tuition deduction, column 2 for Educational Expenses for Home-Schooled Children deduction, or column 3 for Quality Public Education deduction. If you have more than six qualifying dependents, attach a statement to your return with the required information.

For students attending a qualifying school, the expense must be for an item **required** by the school. Refer to the information in Section I to determine which expenses qualify for the deduction. Retain copies of canceled checks, receipts, and other documentation in order to support the amount of qualifying expenses. **If you checked column 1 in Section II, skip the 50% calculation below; however, the deduction is still limited to \$6,000.**
